The Russian Military Today and Tomorrow :., 2010

The Russian Military Today and Tomorrow Stephen Blank, Richard Weitz, 2010 Given the stakes involved in achieving a correct understanding of Russian and Chinese defense policies and military developments the magnitude of Mary Fitzgerald s enlightening accomplishments in this regard becomes clear However the problems that we have outlined in this volume were not unfamiliar to students of the Soviet Union Indeed they are enduring strategic issues for Russian policymakers as well as those who analyze or contribute to foreign policies toward the Russian military despite the magnitude of the tremendous changes that have occurred since 1989 when the Soviet empire began to collapse Even more importantly Mary and her colleagues recognized that the issues outlined here are not just tasks relevant for the general study of Russia but by

addressing these strategic issues and their underlying implications policymakers will engage in the essential tasks necessary for the creation of an enduring structure of peace

America and Europe after 9/11 and Iraq Sarwar A.

Kashmeri, 2006-11-30 American foreign policy toward Europe is merrily rolling along the path of least resistance in the belief that there is nothing really amiss with the European American relationship that multilateralism will not fix Not true argues Kashmeri The alliance is dead cannot be fixed and must be renegotiated It has not grown to accommodate Europe's emergence as a major power A kind of United States of Europe with foreign priorities different from those of the United States has arrived at America's doorstep But America is still forging foreign policy for Europe using Cold War realities both Democrats and Republicans expect the European Union to fall into step and report for service as needed under American leadership Europe however has other plans and as it becomes more powerful on the world stage competing visions of European leadership have emerged The Iraq War has brought them into stark relief For example as Kashmeri points out the Atlantic divide over Iraq was more about French British competition for leadership of Europe than it was about a division between American goals and European goals He portrays British foreign policy as out of touch with reality as a policy that has done a disservice to the United States as a result of the Blair government's exaggerated and self-serving view of the British American special relationship Kashmeri concludes with prescriptions for forging a new alliance based on a special relationship with the European Union This agenda is inspired by the thoughts of the leaders who spoke to the author specifically for this book among them former president George H W Bush former British prime minister John Major James A Baker III Wesley K Clark Brent Scowcroft Paul Volcker U S Senator Chuck Hagel and Caspar W Weinberger
