Hurley, 2018-10 The Playbook of Persuasive Reasoning Everyday Empowerment and Likeability provides an inclusive and accessible guide to the strategies of persuasive reasoning what I argue is the lynchpin to all effective communication including professional communication The playbook explains numerous eye opening communicative maneuvers that readers of all levels and professions can apply to their lives empowering their messaging and increasing their social magnetism The Playbook of Persuasive Reasoning uniquely resists the typical approach to argumentation and persuasion that is often technical e.g. formal logic handbooks complex e.g. handbooks on legal argumentation principles formally business centered e.g. Harvard Business Review essays or science oriented e.g. Cialdini's *Influence: Science and Practice* In sum The Playbook of Persuasive Reasoning is a down to Earth guidebook about effective rhetorical strategizing It is framed around everyday application using everyday examples and embedded in everyday language Since effective communication is highly sought after trait by international employers clients and customers The Playbook of Persuasive Reasoning is a useful book for professionals Moreover academics and students as public intellectuals can benefit from learning how to deliver more abstract material in an effective manner verbally and written Therefore my goal is to help professionals and students become better and more likeable communicators In doing so the books will help them succeed professionally socially and cerebrally Strategies of cooperative argumentation can facilitate this power and guide individuals toward more empowered lives
