A. D. Shankaran, 2016-11-30 What is Consciousness What is the Holy Spirit What if the ancient word St Paul used for Spirit so long ago Pneuma were to be interpreted as equivalent to Consciousness as we are striving to understand it today What would be the effects and implications of this upon our understanding of our selves our world and the greater creation A Science of Consciousness begins with the author asking the reader to accept as true for a moment a few basic though perhaps un thought of premises and on that basis to go upon an imaginary journey into a new world of implications possibilities and powers of human creativity The author feels strongly that this work comes at a time in human experience when this insight is essential for our collective survival and peaceful transition through difficult and exciting times We need only to adjust our focus relax our eyes so to say and be willing to see within our selves a point of connection with our Maker It is not necessary to believe in God only to accept that you have Consciousness and be willing to explore whatever that may be *Natural Wakefulness* Gaylon Ferguson, 2010-09-14 There are two essential elements to the spiritual path says this popular teacher from the lineage of Ch gyam Trungpa 1 understanding that you re already enlightened already perfect in wisdom right here and now and 2 accessing that natural wakefulness through spiritual practice These two aspects depend upon each other and work together Gaylon Ferguson s teaching on the twin aspects of view and practice is a perfect introduction for the beginning meditator and it offers fresh perspectives for the non beginner too **Mindfulness for Young Adults** Linda Yaron Weston, 2020-12-17 Mindfulness for Young Adults Tools to Thrive in School and Life is an interactive experience designed to enhance mindful awareness and to aid in teaching and learning the principles and practice of mindfulness Blending theory research and practice to offer a comprehensive program for young adults to build well being tools each of the book s five modules includes engaging information strategies meditations and activities designed

100 Poems to Break Your Heart Edward Hirsch, 2021 We are not so much diminished as enlarged by grief by our refusal to vanish or to let others vanish without leaving a verbal record The poet is one who will not be reconciled who is determined to leave a trace in words to transform oceanic depths of feeling into the faithful nuances of art Poetry companions us Poems are written in solitude but they reach out to others which makes poetry a social act It rises out of one solitude to meet another Poems of terrible sadness and loss trouble and challenge us but they also make us feel less alone and more connected Our own desolations become more recognizable to us more articulate something shared We become less isolated in our sorrow and thus are befriended by the words of another There is something ennobling in grief that is compacted expressed and transfigured into poetry Book jacket
