Cortes, MARRIAGE AND FAMILY LIFE FOR GRADE 10 THE AGE OF AWAKENING The book series is all about education in human sexuality based on the nourishment and cultivation of the natural gift of a person's character The series is based on the premise that SEXUALITY EDUCATION is basically CHARACTER EDUCATION which in turn is founded on human dignity and encompasses formation in moral standards and human conduct hence covering the key elements of life and love and everything in between Comprising an introductory volume for parents and teachers a volume for classroom use of teachers a volume for parents and eight volumes for Grades 5 to 12 respectively this current volume is specifically addressed to Grade 6 pupils about 16 to 17 year olds in their late adolescence It talks about MARRIAGE AND FAMILY LIFE the crucial need to know oneself little by little but well what marriage is and is not what responsible parenthood truly is and the source of genuine fulfillment in family life Marriage and family life are the end goal of the education of most people except for those who decide to remain single for higher ends Until the day of the wedding the script of life has as its happy ending the shaping of a home exuding with love life and everything in between The book series is characterized by sound perennial concepts and by teaching and learning tools geared towards the age group being addressed **Humanae Vitae, 50 Years Later**

Theresa Notare, 2019-06-28 In the life of the Catholic Church the papal encyclical Humanae vitae represents a deepening of understanding regarding the nature of married love and the transmission of life Despite fifty years 1968-2018 since its promulgation many Catholics have yet to discover the treasure of these rich teachings This volume therefore seeks to elucidate the encyclical's reaffirmation of the divine plan It does this in a unique way by providing essays from experts of various disciplines that include history theology science medicine law and governmental policy The occasion of the fiftieth anniversary of Humanae vitae offers a teaching moment In this compendium experts representing a variety of disciplines including history culture theology medicine law and psychology present their reflections upon God's divine plan as described in Humanae vitae The authors first presented this work in an abbreviated form at a symposium held at The Catholic University of America April 4-6 2018 Here their presentations are substantively developed and hopefully will encourage further scholarly work Ultimately their purpose is to help the reader arrive at a more positive understanding of the teachings found in Humanae vitae Although designed for the educated reader the essays presume that when the teachings of Humanae vitae are embraced by men and women they can contribute to the healing of the wounds of a world broken by sin but redeemed by Christ
