Nocturne Hélène Valance, 2018-06-12 A beautifully illustrated look at the vogue for night landscapes amid the social political and technological changes of modern America The turn of the 20th century witnessed a surge in the creation and popularity of nocturnes and night landscapes in American art In this original and thought provoking book Hélène Valance investigates why artists and viewers of the era were so captivated by the night Nocturne examines works by artists such as James McNeill Whistler Childe Hassam Winslow Homer Frederic Remington Edward Steichen and Henry Ossawa Tanner through the lens of the scientific developments and social issues that dominated the period Valance argues that the success of the genre is connected to the resonance between the night and the many forces that affected the era including technological advances that expanded the realm of the visible such as electric lighting and photography Jim Crow era race relations America's closing frontier and imperialism abroad and growing anxiety about identity and social values amid rapid urbanization This absorbing study features 150 illustrations encompassing paintings photographs prints scientific illustration advertising and popular media to explore the predilection for night imagery as a sign of the times **Prairie Nocturne** Ivan Doig, 2003 From one of the greatest novelists of the American West comes a surprising and riveting story set in Montana and in New York during the Harlem Renaissance drawing on the characters from Doig's most popular work **Peter Piper's Practical Principles of Plain and Perfect Pronunciation** Willard Johnson, 2015-08-24 Andrew Airpump asked his Aunt her ailment Davy Dolldrums dream he drove a Dragon Jumping Jacky jeered a Jesting Juggler and Rory Rumpus rode a raw boned Race horse among other antics in this antique alphabet of tongue twisters Originally published in 1836 this charming collection of whimsical rhymes was redesigned 100 years later by some of the twentieth century's most celebrated typographers The artists volunteered their services and worked independently of each other resulting in a captivating pastiche in which the verses are rendered in a variety of typefaces and accompanied by woodcuts line drawings and other black and white illustrations Art and the Higher Life Kathleen Pyne, 2010-07-22 Late in the nineteenth century many Americans were troubled by the theories of Charles Darwin which contradicted both traditional Christian teachings and the idea of human supremacy over nature and by an influx of foreign immigrants who challenged the supremacy of the old Anglo Saxon elite In response many people drew comfort from the theories of philosopher Herbert Spencer who held that human society inevitably develops towards higher and more spiritual forms In this illuminating study Kathleen Pyne explores how Spencer's theories influenced a generation of American artists She shows how the painters of the 1880s and 1890s particularly John La Farge James McNeill Whistler Thomas Dewing and the Boston school and the impressionist painters of the Ten developed an art dedicated to social refinement and spiritual ideals and to defending the Anglo Saxon elite of which they were members This linking of visual culture to the problematic conditions of American life radically reinterprets the most important trends in late nineteenth century American painting *Brush and Pencil*, 1904 **Philip C.
