pollution and historic shipwrecks **Saga Book of the Viking Society for Northern Research** Viking Society for Northern Research, 1909 List of members in v 3 5 *Cousin-Hunting in Scandinavia* Mary Wilhelmine Williams, Here I am at last all safe and sound in the land of the Viking the land of my ancestors In fact several days have passed since my wandering feet first touched Danish soil but I have been so absorbed with my initial explorations of this snug little country which is still home to my mother that I have been neglecting my own home and friends in the dear Far Western World Last Friday morning I left Kiel for Kors r which is upon Seeland the largest island of Denmark A glorious cloudless sky was overhead and the Baltic about us was a vast shimmering rippling liquid plain of changing blues and greens over which our boat the Prince Sigismund smoothly and rapidly passed About two hours after leaving Germany I secured my first glimpse of Danish territory Langeland Long Land with low white cliffs modest imitations of Shakespeare s pale and white faced shore loomed up on the left Our boat kept close enough to the island to give us a good view of the rolling coast marked off in patches of light fields and dark forests with here and there glimpses of quaint farm houses and windmills of the Dutch variety To the right faint and far away was a misty suggestion of the cliffs of Laaland Low Land a larger island of the Danish archipelago but so like Langeland did its vague outline appear as to seem the very ghost or double of it While we were still passing between these two southern outposts of Denmark luncheon was announced Some of the passengers promptly went below to the dining salon but many had their refreshments served on little tables on the open deck I was among the latter Most of the people about me were evidently Germans going to Denmark or Danes or other Scandinavians returning home after visits of business or pleasure in Germany To them it was a voyage frequently made and they preferred the deck to the dining salon merely because it was pleasanter But to me an American of Scandinavian parentage it was such a very important occasion that I was determined to see as much as possible during this first view of the land in which for centuries for thousands of years my forefathers and foremothers had lived and died The part of the Baltic which separates the island of F nen from the island of Seeland upon which Copenhagen is situated is called by the Danes Store Baelt the Great Belt As I have told you for my crossing the waters of the Great Belt rippled charmingly under the gentle stroke of the summer breeze and the islands beckoned invitingly to the front and the left and the right This seascape and landscape was as different as possible from the mental picture which the name Great Belt had long summoned to my mind Since studying Scandinavian history I had most frequently thought of the strait as heavily bridged with ice and of the Danish islands as paralyzed under the dominion of the Frost King For this was the state of affairs one February day two hundred and fifty odd years ago And the bridge of ice was so strong and so thick as to tempt Charles the Tenth of Sweden who had been recently moved to make a belligerent call upon his nearest neighbor to the south to march several thousand horse and foot soldiers over the bridge via the smaller islands to the right hand and to threaten the Danish capital In consequence of the Swedish king s pressing attentions Frederick III of Denmark who had been to a considerable extent to blame for the quarrel decided to buy peace by means of

the treaty of Roskilde This gave to the Swedes a half dozen Danish provinces including some in the southern part of the present Sweden which had long been Danish soil

Rulership in 1st to 14th century Scandinavia Dagfinn Skre,2019-12-16 This book seeks to revitalise the somewhat stagnant scholarly debate on Germanic rulership in the first millennium AD A series of comprehensive chapters combines literary evidence on Scandinavia s polities kings and other rulers with archaeological documentary toponymical and linguistic evidence The picture that emerges is one of surprisingly stable rulership institutions sites and myths while control of them was contested between individuals dynasties and polities While in the early centuries Scandinavia was integrated in Germanic Europe profound societal and cultural changes in 6th century Scandinavia and the Christianisation of Continental and English kingdoms set northern kingship on a different path The pagan heroic warrior ethos essential to kingship was developed and refined only to recur overseas embodied in 9th 10th century Vikings Three chapters on a hitherto unknown masonry royal manor at Avaldsnes in western Norway excavated 2017 concludes this volume with discussions of the late medieval peak of Norwegian kingship and its eventual downfall in the late 14th century This book s discussions and results are relevant to all scholars and students of 1st millenium Germanic kingship polities and societies

Gender and the Archaeology of Death Bettina Arnold,Nancy L. Wicker,2001-06-26 Burials are places where archaeologists reasonably expect gendered ideologies and practices to play out in the archaeological record Yet only modest progress has been made in teasing out gender from these mortuary contexts In this volume methods for doing so are presented cases of successful gender theorizing from mortuary data presented and comparisons made between European and Americanist traditions in this kind of work Cases are broad in temporal and geographic scope from Inuit burials in Alaska and Oneota mortuary rituals to Viking Scandinavia Neolithic China and Iron Age Britain Methods for identifying and
