For the Family's Sake Susan Schaeffer Macaulay, 1999-09-16 For many of us the word home brings warm thoughts and happy memories far more than the dictionary's simple definition of a place of birth or one's living quarters For many of us home is where the heart is Yet it is even than that It is the secure environment that allows our hearts to develop A haven of growth quiet and rest The place where we love and are loved Sadly though this kind of home is beginning to disappear as our busy society turns homes into houses where related people abide but where there is no heart With a desire to help you nurture your family's heart Susan Schaeffer Macaulay presents a clear blueprint for constructing a home that survives the variety of situations that you face in modern life With Jesus Christ as the foundation using tools such as common sense realism and traditions you can build a secure loving environment where every member of your family can flourish

Little Victories Jason Gay, 2015-11-03 The Wall Street Journal's popular columnist Jason Gay delivers a hilarious and heartfelt guide to modern living The book you hold in your hand is a rule book There have been rule books before stacks upon stacks of them but this book is unlike any other rule book you have ever read It will not make you rich in twenty four hours or even seventy two hours It will not cause you to lose eighty pounds in a week This book has no abdominal exercises I have been doing abdominal exercises for most of my adult life and my abdomen looks like it's always looked It looks like flan Syrupy flan So we can just limit those expectations This book does not offer a crash diet or a plan for maximizing your best self I don't know a thing about your best self It may be embarrassing Your best self might be sprinkling peanut M M's onto rest stop pizza as we speak I cannot promise that this book is a road map to success And we should probably set aside the goal of total happiness There's no such thing I would however like for it to make you laugh Maybe think I believe it is possible to find at any age a new appreciation for what you have and what you don't have as well as for the people closest to you There's a way to experience life that does not involve a phone a tablet a television screen There's also a way to experience life that does not involve eating seafood at the airport because you should really never eat seafood at the airport Like the title says I want us all to achieve little victories I believe that happiness is derived less from a significant single accomplishment than it is from a series of successful daily maneuvers Maybe it's the way you feel when you walk out the door after drinking six cups of coffee or surviving a family vacation or playing the rowdy family Thanksgiving touch football game or just learning to embrace that music at the gym Accomplishments do not have to be large to be meaningful I think little victories are the most important ones in life From the Introduction
