Reading Raymond Carver:

Reading Raymond Carver Randolph Paul Runyon, 2001 *Reading Raymond Carver* Randolph Runyon, 1992-06 This is a study of Raymond Carver which seeks to show that beneath a surface of apparent simplicity a self-referential metafiction emerges. It reveals the intricate texture and strategic juxtapositions through which Carver's short story collections become a reflection on themselves.

Reading Raymond Carver Mary Frey, 2017-06 When Mary Frey began photographing family, friends, and strangers in her immediate environment in 1979, she was in a state of transition. Studies finished, first teaching assignment, pregnant responsibilities, duties, worries, and the need to look for meaning in everyday life. After a childhood in the sense of an imminent nuclear catastrophe in an America where lifestyle magazines and television give directions how the BRAVE NEW WORLD should look and function, Mary Frey has made strange pictures. Technically perfect between snapshot and enactment, intimacy and distance, charged banalities with children, adolescents, and adults, middle class USA 35 years ago. No reportage, a psychogram. Stockphotos that no magazine would have printed, no agency would have used for a campaign. Weird. In the end, Raymond Carver asks: Would I live my life over again? Make the same unforgivable mistakes? And as Raymond Carver in words, Mary Frey answers with her pictures: YES.

Raymond Carver: Collected Stories (LOA #195) Raymond Carver, 2009-08-20 In collections such as *Will You Please Be Quiet Please* and *What We Talk About When We Talk About Love*, Raymond Carver wrote with unflinching exactness about men and women enduring lives on the knife edge of poverty and other deprivations. Beneath his pared-down surfaces run disturbing, violent undercurrents. Suggestive rather than explicit and seeming all the more powerful for what is left unsaid, Carver's stories were held up as exemplars of a new school in American fiction known as minimalism or dirty realism, a movement whose wide influence continues to this day. Carver's stories were brilliant in their detachment and use of the oblique, ambiguous gesture, yet there were signs of a different sort of sensibility at work. In books such as *Cathedral* and the later tales included in the collected stories volume *Where I'm Calling From*, Carver revealed himself to be a more expansive writer than in the earlier published books displaying Chekhovian sympathies toward his characters and relying less on elliptical effects. In gathering all of Carver's stories, including early sketches and posthumously discovered works, *The Library of America's Collected Stories* provides a comprehensive overview of Carver's career as we have come to know it: the promise of *Will You Please Be Quiet Please* and the breakthrough of *What We Talk About* on through the departures taken in *Cathedral* and the pathos of the late stories. But it also prompts a fresh consideration of Carver by presenting *Beginners*, an edition of the manuscript of *What We Talk About When We Talk About Love* that Carver submitted to Gordon Lish, his editor, and a crucial influence on his development. Lish's editing was so extensive that at one point Carver wrote him an anguished letter asking him not to publish the book now for the first time readers can read both the manuscript and published versions of the collection that established Carver as a major American writer. Offering a fascinating window into the complex, fraught relation between writer and editor, *Beginners* expands our

sense of Carver and is essential reading for anyone who cares about his achievement LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing and keeping permanently in print America's best and most significant writing The Library of America series includes more than 300 volumes to date authoritative editions that average 1 000 pages in length feature cloth covers sewn bindings and ribbon markers and are printed on premium acid free paper that will last for centuries *What We Read when We Read Raymond Carver-- a Short Story Study* Roxanne Marie McDonald,1994 **The Poetry of Raymond Carver** Sandra Lee

Kleppe,2016-02-24 Best known as one of the great short story writers of the twentieth century Raymond Carver also published several volumes of poetry and considered himself as much a poet as a fiction writer Sandra Lee Kleppe combines comparative analysis with an in depth examination of Carver's poems making a case for the quality of Carver's poetic output and showing the central role Carver's pursuit of poetry played in his career as a writer Carver constructed his own organic literary system of autopoetics a concept connected to a paradigm shift in our understanding of the inter relatedness of biological and cultural systems This idea is seen as informing Carver's entire production and a distinguishing feature of Kleppe's book is its contextualization of Carver's poetry within the complex literary and scientific systems that influenced his development as a writer Kleppe addresses the common themes and intertextual links between Carver's poetry and short story careers situates Carver's poetry within the love poem tradition explores the connections between neurology and poetic memories and examines Carver's use of the elegy genre within the context of his terminal illness Tellingly Carver's poetry which has aroused slight interest among literary scholars is frequently taught to medical students This testimony to the interdisciplinary implications of Carver's work suggests the appropriateness of Kleppe's culminating discussion of Carver's work as a bridge between the fields of literature and medicine The Visual Poetics of Raymond Carver Ayala

Amir,2010-07-17 The Visual Poetics of Raymond Carver draws on the study of visual arts to illuminate the short stories of noted author Raymond Carver in the broader context of vision and visualization in a literary text Ayala Amir examines Carver's use of the eye of the camera technique Amir uncovers the tensions that structure his visual aesthetics and examines assumptions that govern scholarly discussions of his work relating these matters to the complex nature of photography and to the current visual turn of cultural studies The research uses visual approaches to reflect upon traditional issues of narrative study duration dialogue narration description frame character and meaning Amir shows how Carver's visual aesthetics shapes the meaning of his stories while also challenging accepted notions of the boundaries of the literary

Raymond Carver Carol Sklenicka,2009-11-24 The first biography of America's best known short story writer of the late twentieth century The London Times called Raymond Carver the American Chekhov The beloved mischievous but more modest short story writer and poet thought of himself as a lucky man whose renunciation of alcohol allowed him to live ten years longer than I or anyone expected In that last decade Carver became the leading figure in a resurgence of the short

story Readers embraced his precise sad often funny and poignant tales of ordinary people and their troubles poverty drunkenness embittered marriages difficulties brought on by neglect rather than intent Since Carver died in 1988 at age fifty his legacy has been mythologized by admirers and tainted by controversy over a zealous editor's shaping of his first two story collections Carol Sklenicka penetrates the myths and controversies Her decade long search of archives across the United States and her extensive interviews with Carver's relatives friends and colleagues have enabled her to write the definitive story of the iconic literary figure Laced with the voices of people who knew Carver intimately her biography offers a fresh appreciation of his work and an unbiased vivid portrait of the writer
