Red Light Victim The:

Perfect Victims Bill James, 2011-07-07 The Black Dahlia case The Manson murders The Zodiac Killer The slaughter of JonBenet Ramsay These killings among many others in Bill James's astonishing chronicle of the history of American crime have all created a frenzy of interest and speculation about human nature And while many of us choose to avoid the news about gruesome murders Bill James contends that these crime stories which create such frenzy and have throughout history are as important to understanding our society culture and history as anything we may consider to be a more serious subject The topic envelopes our society so completely we almost forget about it James looks at the ways in which society has changed by examining the development of how crimes have been committed investigated and prosecuted The book takes on such issues as the rise of an organized police force the controversial use of the death penalty the introduction of evidence such as fingerprinting and DNA and the unexpected ways in which the most shocking crimes have shaped the criminal justice system and our perceptions of violence

Victim Gary Kinder, 2007-12-01 The New York Times bestselling author's pioneering true crime classic It's Truman Capote's *In Cold Blood* turned inside out Newsweek During an armed robbery in 1974 five hostages were held in the basement of a small home audio store in Ogden Utah by a group of enlisted US Air Force airmen stationed at a nearby base The victims including wife and mother Carol Naisbitt were brutally tortured shot in the head and left for dead Yet somehow Carol's sixteen year old son made it out alive and the emotional strain his family underwent during his year long hospitalization is the heart of Kinder's story Kirkus Reviews In *Victim* the first true crime book to go beyond the headlines and tell story of love loss courage and survival the crime in question becomes not merely something that happened to somebody else somewhere else but rather an event that touches us all firsthand and very deeply A compelling and tragic look at how lives can be changed forever by a random act of violence it remains one of the most influential books in the victims rights movement and has become required reading for trainees at the FBI Academy at Quantico Boston Herald
