Redeeming Dementia Dorothy Linthicum, Janice Hicks, 2018-11-17 Dementia a specter that haunts many either as a fear for the future or as lived reality with a loved one It has been called the theological disease because it affects so much of how we define our humanity language long term memory and ability to plan the future The church has a role in bringing hope and shepherding the spiritual journeys of people with dementia and their families Beginning with current theological models of personhood concepts about the self and spirituality are explored through the latest research in medicine and neuroscience as well as from work on spirituality and aging The final chapter focuses on narratives of successful programs in churches and retirement communities designed to minister to people with dementia alongside their families and caregivers Cultural Factors Define Implementation Strategies Stanley Remple, 2025-07-03 Strong business leadership built on a value based foundation has the power to drive profit while improving the lives of business leaders employees and even those in the community But a business leadership model must also reflect cultural context which is why author Stanley Remple argues that a cookie cutter individualistic Western approach doesn't serve the needs of Chinese business leaders Enter *Leadership Wisdom for Businesses in China* a powerful four book series that examines value based business leadership specifically within the Chinese cultural and social environment and offers a framework to promote individual and collective potential while creating a successful and competitive business In Book Four *Cultural Factors Define Implementation Strategies* Remple delves deeper into the historic and cultural influences that led to the Western business leadership model why China's unique historic and cultural influences have created a need for its own business leadership strategy and how this can be further developed Factors explored include how the influence of Confucius Daoism and Buddhism Sun Yat sen and the Communist Party have impacted business leadership practice in China to prioritize collective interests and the opportunities this presents The book concludes with culturally supportable strategies for value based leadership to ensure business success Much more than a theoretical overview of business leadership this series offers a roadmap and solid tools for developing both self leadership and business leadership within a whole company Supported by a Chinese project team consisting of researchers educators writers and editors business leaders and other stakeholders this culturally relevant series has been written for both new and experienced business leaders and entrepreneurs leadership consultants and trainers and post secondary leadership programs in China However stakeholders in the West will also find great value in this comprehensive exploration of value based leadership The other volumes in the *Leadership Wisdom for Businesses in China* series are Book One *I Confronting the Business Leadership Crisis* Book Two *Developing a Value Based Business* Book Three *Values Guide Decision Making for Results* A Mandarin version will soon be available from a Chinese Publisher Also available in Mandarin
