As an ardent advocate for sexual liberation he became something of a fixture in the popular imagination This book cuts through Money s talent for polemic and self promotion by digging into the substance of Money s theories and achievements It offers for the first time a balanced and probing textual analysis of this pioneering scholar s writing to assess Money s profound impact on the debates and research on sexuality and gender that dominated the last half of the twentieth century Through his analysis Goldie recovers Money s brilliance and insight from simplistic dismissals of his work due to his involvement in the tragic David Reimer case while never losing sight of his flaws **Edwin and John** James
