Rediscovering Lafcadio Hearn:

Rediscovering Lafcadio Hearn Sukehiro Hirakawa, 2024-01-08 A discussion of one of the great interpreters of Japan The Japanese have always revered Hearn and this book shows the West why he is revered Experts look at his writings and discuss his integrity as an observer and interpreter of Japan and the Japanese

Rediscovering Lafcadio Hearn Sukehiro Hirakawa, 1997 *Lafcadio Hearn in International Perspectives* Sukehiro Hirakawa, 2007-03-29 The East West controversy over the significance and relevance of Lafcadio Hearn as a writer thinker and interpreter of Japan continues unabated Not surprisingly the centenary of his death in 2004 presented an occasion for renewed debate and discussion by both sides of the divide This volume edited by one of Hearn s leading contemporary apologists in which he is also a significant contributor presents twenty two diverse essays drawn from over seventy papers delivered at conferences held in four cities in Japan in 2004 as well as at other international conferences that took place earlier The contributors are Joan Blythe John Clubbe Susan Fisher Ted Goosen George Hughes Yoko Makino Peter McIvor Hitobe Nabae Cody Poulton and Masaru Toda Their contributions range from Sukehiro Hirakawa s A Reappraisal to Joan Blythe s Enduring Value of Lafcadio Hearn s Tokyo Lectures

[The Neo-Buddhist Writings of Lafcadio Hearn](#) Antony Goedhals, 2020-04-20 The Neo Buddhist Writings of Lafcadio Hearn Light from the East by Antony Goedhals offers radical rereadings of a misunderstood and undervalued Victorian writer It reveals that at the metaphysical core of Lafcadio Hearn s writings is a Buddhist vision as yet unappreciated by his critics and biographers Beginning with the American writings and ending with the essay and story meditations of the Japanese period the book demonstrates Hearn s deeply personal and transcendently beautiful evocations of a Buddhist universe and shows how these deconstruct and dissolve the categories of Western discourse and thinking about reality to create a new language a poetry of vastness emptiness and oneness that had not been heard before in English or indeed in the West

Japan and Japonisme in Late Nineteenth Century Literature Naomi Charlotte Fukuzawa, 2024-10-07 This book examines the transnational phenomenon of Japonisme in the exoticist and autoexoticist literature of the late nineteenth century Focusing on the way in which reciprocal processes of transcultural acquisition by Japan and from Japan were portrayed in the medium of literature the book illustrates how literary Japonisme and the wider processes whereby Japan with its alien exotic culture and unique refined aestheticism was absorbing Western civilization in its own way in the late nineteenth century at the same time as the phenomenon of Japonisme was occurring in Western fine arts which were inspired by traditional Japanese artistic practices Specifically the book focuses on the literary works of Lafcadio Hearn and Pierre Loti who travelled from France and America respectively to Japan and Mori gai and Natsume S seki who in turn went respectively to Germany and England from Japan Exploring the eclectic hybridity of Japan s modernization during the late nineteenth century this book will appeal to students and scholars of Japanese Studies Postcolonial Studies and Comparative Literature

Transformative Communication Studies Omar Swartz, 2008-01-01 This interdisciplinary collection of essays

charts intersections between communication cultural studies and a variety of emergent emancipatory and liberatory discourses Every essay attempts in one way or another to speak to the following questions What would a theory of liberation look like that is premised on a communication view of the world How would such a view expand and even redefine our understanding of liberation Finally how would such a view enlarge our understanding of what is collectively communally and organizationally possible In other words the chapters articulate what can be loosely considered a humanist theory of communication and praxis The goal is to move beyond discourses of liberation that are grounded in essentialist assumptions and to move the conversation toward an engaged criticism on cultural and social levels that facilitates and encourages progressive action This edited collection thus has as its goal a theory of human liberation grounded in communication as a resource for social and spiritual transformation The chapters comprise a mix of conceptual and applied studies that interrogate the communicative practices that naturalize our hierarchical world reifying and stultifying our moral and political imaginations As an antidote to this problem the contributors consider the importance of uncertainty and contingency in the development of human potential Rather than fearing uncertainty and contingency and allowing that fear to control us contributors argue that we should find within these conditions the source of our humanity and the strength to question and resist unjust social reifications When we do this we will rediscover the power of communication and regain an agency and control over our lives We then can start the difficult but humanizing process of constructing the world anew Case study exemplars of this construction thus are showcased

Rediscovering Natsume Sōseki ,2021-12-28 First publication in English of Soseki s travels through Manchuria on the then recently acquired South Manchurian Railway 6 week travelogue including boat from Osaka to Dairen railway up the Liaodong Peninsular to Fushun Many descriptions of Manchuria It is a lively informative and sometimes very funny narrative which reveals Soseki s wit and Western style humour in observing the human condition as well as the literary techniques that characterize his subsequent achievements in shaping the modern Japanese novel The Introduction by Inger Sigrun Brodey provides both a new perspective on Soseki the man and writer as well as an insightful commentary on the SMR journey itself and the place of the travelogue in Soseki s writings A selection of Sammy Tsumematsu s collection of previously unpublished photographs of Soseki is also included

British Romanticism in Asia Alex Watson,Laurence Williams,2019-02-15 This book examines the reception of British Romanticism in India and East Asia including China Japan Korea and Taiwan Building on recent scholarship on Global Romanticism it develops a reciprocal cross cultural model of scholarship in which Asian Romanticism is recognized as itself an important part of the Romantic literary tradition It explores the connections between canonical British Romantic authors including Austen Blake Byron Shelley and Wordsworth and prominent Asian writers including Natsume S seki Rabindranath Tagore and Xu Zhimo The essays also challenge Eurocentric assumptions about reception and periodization exploring how since the early nineteenth century British Romanticism has been creatively adapted and transformed by Asian writers

Japanese Ghost

Stories Lafcadio Hearn, 2019-07-25 The dead wreak revenge on the living paintings come alive spectral brides possess mortal men and a priest devours human flesh in these chilling Japanese ghost stories retold by a master of the supernatural Lafcadio Hearn drew on the phantoms and ghouls of traditional Japanese folklore including the headless rokuro kubi the monstrous goblins jikininki or the faceless mujina who stalk lonely neighbourhoods and infused them with his own memories of his haunted childhood in nineteenth century Ireland to create these terrifying tales of striking and eerie power Today they are regarded in Japan as classics in their own right Edited with an introduction by Paul Murray **Irish Writing on Lafcadio Hearn and Japan** Sean G.
