San Timoteo Canyon Kenneth M. Holtzclaw, Peggy Christian, 2007 San Timoteo Canyon known locally as the canyon has always been a major thoroughfare for the area Once a favorite passage for desert tribes traveling to the sea to trade their wares it was also used as the main corridor for wagon teams coming from the San Gabriel Mission en route to the Salton Sea to harvest precious salt Stagecoach lines later traversed the canyon from Los Angeles to Arizona requiring the establishment of stagecoach stops in the San Timoteo Canyon and elsewhere Wyatt Earp was one of the most famous stagecoach drivers to pass through the canyon Later the Iron Horse became the primary method of travel and the stage lines were abandoned although train transportation remained strong Today the Riverside Land Conservancy and the California Department of Parks and Recreation are working together to create a 10 000 acre state park to protect and preserve this scenic canyon

California's Citrus Heritage Benjamin T. Jenkins, 2021 Since the first appearance of oranges at the Franciscan missions in the early 19th century citrus agriculture has been an inextricable part of California's heritage From the 1870s to the 1960s oranges and lemons were dominant features of the Southern California landscape The Washington navel orange introduced by homesteader Eliza Tibbets at Riverside in the 1870s precipitated the rise of a citrus belt stretching from Pasadena in the San Gabriel Valley to Redlands in San Bernardino County Valencia oranges dominated Orange County south of Los Angeles while lemons thrived in coastal settlements such as Santa Paula With the arrival of transcontinental railroads in the citrus heartland by the 1880s Californians had access to markets across the United States This was followed by the subsequent establishment of an impressive central organization in the form of the California Fruit Growers Exchange and oranges became the state's most lucrative crop Observers did not exaggerate when they dubbed the southern portion of the Golden State an orange empire

Lindsay Baker, 2022-10-13 From its designation in 1926 to the rise of the interstates nearly sixty years later Route 66 was in John Steinbeck's words America's Mother Road carrying countless travelers the 2 400 miles between Chicago and Los Angeles Whoever they were adventurous motorists or Dustbowl migrants troops on military transports or passengers on buses vacationing families or a new breed of tourists these travelers had to eat The story of where they stopped and what they found and of how these roadside offerings changed over time reveals twentieth century
