Allison Graham

Redneck Manifesto How Hillbillies Hicks And White Trash Became Americas Scapegoats:

Inventing America's Worst Family Nathaniel Deutsch,2023-09-01 This book tells the stranger than fiction story of how a poor white family from Indiana was scapegoated into prominence as America's worst family by the eugenics movement in the early twentieth century then reinvented in the 1970s as part of a vanguard of social rebellion In what becomes a profoundly unsettling counter history of the United States Nathaniel Deutsch traces how the Ishmaels whose patriarch fought in the Revolutionary War were discovered in the slums of Indianapolis in the 1870s and became a symbol for all that was wrong with the urban poor The Ishmaels actually white Christians were later celebrated in the 1970s as the founders of the country's first African American Muslim community This bizarre and fascinating saga reveals how class race religion and science have shaped the nation's history and myths This book tells the stranger than fiction story of how a poor white family from Indiana was scapegoated into prominence as America's worst family by the eugenics movement in the early twentieth century then reinvented in the 1970s as part of a vanguard

Bigfoot Joshua Blu Buhs,2009-08-01 Last August two men in rural Georgia announced that they had killed Bigfoot The claim drew instant feverish attention leading to more than 1 000 news stories worldwide despite the fact that nearly everyone knew it was a hoax Though Bigfoot may not exist there's no denying Bigfoot mania With Bigfoot Joshua Blu Buhs traces the wild and woolly story of America's favorite homegrown monster He begins with nineteenth century accounts of wildmen roaming the forests of America treks to the Himalayas to reckon with the Abominable Snowman then takes us to northern California in 1958 when reports of a hairy hominid loping through remote woodlands marked Bigfoot's emergence as a modern marvel Buhs delves deeply into the trove of lore and misinformation that has sprung up around Bigfoot in the ensuing half century We meet charlatans pseudo scientists and dedicated hunters of the beast and with Buhs as our guide the focus is always less on evaluating their claims than on understanding why Bigfoot has inspired all this drama and devotion in the first place What does our fascination with this monster say about our modern relationship to wilderness individuality class consumerism and the media Writing with a scientist's skepticism but an enthusiast's deep engagement Buhs invests the story of Bigfoot with the detail and power of a novel offering the definitive take on this elusive beast

Crossing Borders, Making Connections Allison Burkette,Tamara Warhol,2021-01-18 This edited volume explores the scope of interdisciplinary linguistics and includes voices from scholars in different disciplines within the social sciences and humanities as well as different sub disciplines within linguistics Chapters within this volume offer a range of perspectives on interdisciplinary studies represent a connection between different disciplines or demonstrate an application of interdisciplinarity within linguistics The volume is divided into three sections perspectives connections and applications Perspectives The goal of this section is to address more generally the definition's of and value of multi trans and inter disciplinary work In what areas and for what purposes is there a need for work that crosses discipline boundaries What are the challenges of undertaking such work What opportunities are available

Connections This section features paired chapters written by scholars in different disciplines that discuss the same concept idea issue For example a discussion of how assemblage works in archaeology is paired with a discussion of how assemblage can be used to talk about style in linguistics Applications This section can be framed as sample answers to the question What does interdisciplinarity look like

The Sociological Predicament Alexander Thomas,2025-04-17 A sociological phenomenon afflicts sociology itself academics think of themselves as the vanguard of the working class despite the fact that they are not working class as the noble willingness to side with the oppressed contrasts scholars reliance on authority to bolster their politics While there are no simple solutions to this contradiction a necessary beginning is for sociologists and other academics to acknowledge the reality of their own class privilege as members of the professional managerial class The Sociological Predicament is then a conscious and deliberate work of professional self loathing that traces the evolution of ideologies found in academia from the mid twentieth century to today which demonstrates the ways in which biases around class have given short shrift to the concerns of working class Americans in deindustrialized cities and towns that have ultimately turned away from and then against them Intellectuals have not historically been on the side of the oppressed but have been instrumental in developing ideologies that sustain the status quo and this book crucially asks whether academics presence on the left ultimately serves conservative ends

Framing the South Allison Graham,2003-05-01 What patterns emerge in media coverage and character depiction of Southern men and women blacks and whites in the years between 1954 and 1976 How do portrayals of the region and the equal rights movement illuminate the spirit and experience of the South and of the nation as a whole In Framing the South Allison Graham examines the ways in which the media particularly television and film presented Southerners during the period of the civil rights revolution Graham analyzes depictions of southern race and social class in a wide range of Hollywood films including A Streetcar Named Desire The Three Faces of Eve and A Face in the Crowd from the 1950s later films like Cool Hand Luke In the Heat of the Night and Mississippi Burning and MGM s Elvis Presley vehicles She traces how films have confronted or avoided issues of racism over the years paralleling Hollywood depictions with the tamer characterization of the likeable hillbilly popularized in television s The Real McCoys and The Andy Griffith Show Graham reinforces the political impact of these fictional representations by examining media coverage of civil rights demonstrations including the documentary Crisis Behind the Presidential Commitment which reported the clash between Robert Kennedy and Governor George Wallace over the integration of the University of Alabama She concludes with a provocative analysis of Forrest Gump identifying the popular film as a retelling of post World War II Southern history

NASA and the American South Brian C. Odom,Stephen P. Waring,2024-01-16 This volume examines NASA s strong ties to the American South exploring how the space program and the region have influenced each other since NASA s founding in 1958

Sociology On Culture Marshall Battani,John R. Hall,Mary Jo Neitz,2004-06-02 Culture has become a touchstone of interdisciplinary conversation For readers interested in sociology the social sciences and the

humanities this book maps major classical and contemporary analyses and cultural controversies in relation to social processes everyday life and axes of ordering and difference such as race class and gender Hall Neitz and Battani discuss self and identity stratification the Other the cultural histories of modernity and postmodernity production of culture the problem of the audience action social movements and change The authors advocate cultivating the sociological imagination by engaging myriad languages and perspectives of the social sciences and humanities while cultivating cultural studies by developing the sociological imagination Paying little respect to boundaries and incorporating fascinating examples this book draws on diverse intellectual perspectives and a variety of topics from various historical periods and regions of the world

Grand Theft History Ilario Pantano, 2015-10-06 The explosive truth about America's Revolution a bloody civil war that was won largely in the South that modern liberals have kept buried until now At the darkest hour of the American Revolution in 1780 when there was little reason to hope the British went down South and overplayed their hand By burning the bibles of backwoodsmen and threatening their honor the British ignited a firestorm in the most spectacular unusual and decisive battle of the war Ordinary folk from throughout the Southern colonies spontaneously banded together and rode for hundreds of miles to attack and destroy British forces at King's Mountain The killing didn't stop at King's Mountain but the war did Never heard of the massacre that saved the American Revolution No idea that liberty was actually won in the South Red state values of God guns and guts are being dismantled by leftists airbrushing our past in order to transform our future Grand Theft History features shocking new evidence that exposes the latest battlefield in the culture wars American history

Race and Ethnicity Amy Elizabeth Ansell, 2013 Situating the study of race and ethnicity within its historical and intellectual context this much needed guide exposes students to the broad diversity of scholarship within the field It provides a clear and succinct explanation of more than 70 key terms their conceptual evolution over time and the differing ways in which the concepts are deployed or remain pertinent in current debates Concepts covered include apartheid colonialism constructivism critical race theory eugenics hybridity Islamophobia new modern racism reparations transnationalism Fully cross referenced and with suggestions for further reading Race and Ethnicity The Key Concepts is an ideal resource for undergraduate and postgraduate students of race ethnicity and nationalism It will also be of great interest for those studying sociology anthropology politics and cultural studies Disney, Pixar, and the Hidden Messages of Children's Films M. Keith Booker, 2009-11-25 This work is a wide ranging survey of American children's film that provides detailed analysis of the political implications of these films as well as a discussion of how movies intended for children have come to be so persistently charged with meaning Disney Pixar and the Hidden Messages of Children's Films provides wide ranging scrutiny of one of the most lucrative American entertainment genres Beyond entertaining children and parents and ringing up merchandise sales are these films attempting to shape the political views of young viewers M Keith Booker examines this question with a close reading of dozens of films from Disney Pixar Dreamworks and other studios debunking some out there

claims *The Ant Bully* communist propaganda while seriously considering the political content of each film. Disney Pixar and the *Hidden Messages of Children's Films* recaps the entire history of movies for young viewers from *Snow White and the Seven Dwarfs* to this year's *Up*, then focuses on the extraordinary output of children's films in the last two decades. What Booker finds is that by and large their lessons are decidedly comfortably mainstream and any political subtext more often than not is inadvertent. Booker also offers some advice to parents for helping children read films in a more sophisticated way.
