The Refashioning of Catholicism, 1450-1700: A Reassessment of the Counter-reformation

Bireley, Robert

Note: This is not the actual book cover

Refashioning Of Catholicism 1450 1700 A Reassessment Of The Counter Reformation Pb

Anthony D. Wright

Refashioning Of Catholicism 1450 1700 A Reassessment Of The Counter Reformation Pb:

The Refashioning of Catholicism, 1450-1700 Robert Bireley, 1999 Throughout its history Christianity has adapted to contemporary society and culture in order to reach people effectively and have an impact on the world This process often evokes controversy Certainly this is the case in the current century and so it was in the sixteenth Robert Bireley argues that early modern Catholicism the period known more traditionally as the Counter Reformation was both shaped by and an active response to the profound changes of the sixteenth century the growth of the state economic expansion and social dislocation European colonialism across the seas the Renaissance and of course the Protestant Reformation Bireley finds that there were two fundamental contrasting desires that helped shape early modern Catholicism the desire especially of a lay elite to lead a full Christian life in the world and the widespread desire for order and discipline after the upheavals of the long sixteenth century He devotes particular attention to new methods of evangelization in the Old World and the New education at the elementary secondary and university levels the new active religious orders of women as well as men and the effort to create a spirituality for the Christian living in the world This book will be of great value to all those studying the political social religious and cultural history of the period ABOUT THE AUTHOR Robert Bireley S J is professor of history at Loyola University Chicago He is the author of three books including *The Counter Reformation Prince Antimachiavellianism or Catholic Statecraft in Early Modern Europe* and *Politics and Religion in the Age of the Counterreformation Emperor Ferdinand II* William Lamormaini S J and *the Formation of Imperial Policy* as well as a number of articles on early modern European History PRAISE FOR THE BOOK Bireley has produced a fine new survey of the history of Catholicism in the early modern period He targets his reassessment of the Counter Reformation at advanced undergraduates and the general public He has served them well This book should be considered required reading for all those who teach about the early modern world at any level whether from a historical theological or cultural perspective Theological Studies This book is an excellent introduction to the topic It is thorough yet concise and written clearly It would be appropriate for use as a text for colleges or seminaries and could easily be appropriated and appreciated by adult study groups or adults interested in knowing more about how their faith has been fashioned by the society in which it has lived and how in turn their faith has fashioned society Highly recommended Catholic Library World The learned Jesuit author of this concise textbook is well known for his studies in English and German on the relations of Catholic counsellors especially members of the Society of Jesus and statesmen of early modern Europe and on Catholic statecraft at that time more generally Bireley argues for a period of Catholic renewal which for all its special intensity was not in any sense a mere reaction to or product of the Protestant challenge There is stress here on institutional change involving popes bishops and clergy on new forms of spirituality both in more traditional regular communities and in innovative groups pursuing a more active form of religious commitment and on advances in Catholic education for laity as well as clergy females as well as males Catholic Historical Review *Journey to the East* Liam

Matthew BROCKEY,2009-06-30 It was one of the great encounters of world history highly educated European priests confronting Chinese culture for the first time in the modern era This journey to the East is explored by Brockey as he retraces the path of the Jesuit missionaries who sailed from Portugal to China **Princes of the Church** Dominic Aidan Bellenger,Stella Fletcher,2001 Princes of the Church the first complete modern history of the head of the Roman Catholic Church in England examine the English cardinals public careers and their private lives *The Refashioning of Catholicism, 1450-1700* Robert Bireley,1999 *The Refashioning of Catholicism, 1550-1700* Robert Bireley,1999 **The Writers Directory** ,2013 **The Counter-Reformation** Anthony D. Wright,2017-09-29 Modern scholarship has effectively demonstrated that far from being a knee jerk reaction to the challenges of Protestantism the Catholic Reformation of the sixteenth and seventeenth centuries was fuelled primarily by a desire within the Church to reform its medieval legacy and to re enthuse its institutions with a sense of religious zeal In many ways both the Protestant and Catholic Reformations were inspired by the same humanist ideals and though ultimately expressed in different ways the origins of both movements can be traced back to the patristic revival of the fifteenth and sixteenth centuries Nevertheless it is undeniable that many contemporaries and subsequent historians came to view the Catholic Reformation as an attempt to challenge the Protestants and to cut the ground from beneath their feet In this new revised edition of Dr Wright s groundbreaking study of the Counter Reformation the wide panoply of the Catholic Reformation is spread out and analysed within the political religious philosophical scientific and cultural context of late medieval and early modern Europe In so doing this book provides a fascinating guide to the many doctrinal and interrelated social issues involved in the wholesale restructuring of religion that took place both within Western Europe and overseas The Catholic Reformation Michael A. Mullett,1999 This book provides a comprehensive history of the Counter Reformation in early modern Europe It is an indispensable new survey which provides a wide ranging overview of the religious political and cultural history of the time The Counter-Reformation David Luebke,1999-10-29 This book comprises nine key articles on the Counter Reformation introduced and contextualized for the student reader They show that these reforms were more than a mere reaction against the Protestant challenge to Catholic doctrine and institutions rather they also constituted an internal renewal that transformed sixteenth and seventeenth century Catholic religious life in many complex ways The collection surveys the conceptual and geographical range of work on the subject since 1945 and includes innovative articles on spirituality the religious life of ordinary Catholics the work of missionaries in the New World and the changing role of women in Catholic culture The essays are divided into two groups Definitions and Outcomes to illustrate the distinction between reform as a historical idea and as set of processes The book provides an ideal starting point for an exploration into key topics of debate surrounding this central event of European history *Trent and All That* John W. O'Malley,2009-06-01 Counter Reformation Catholic Reformation the Baroque Age the Tridentine Age the Confessional Age why does Catholicism in the early modern era go by

so many names And what political situations what religious and cultural prejudices in the nineteenth and twentieth centuries gave rise to this confusion Taking up these questions John O Malley works out a remarkable guide to the intellectual and historical developments behind the concepts of Catholic reform the Counter Reformation and in his felicitous term Early Modern Catholicism The result is the single best overview of scholarship on Catholicism in early modern Europe delivered in a pithy lucid and entertaining style Although its subject is fundamental to virtually all other issues relating to sixteenth and seventeenth century Europe there is no other book like this in any language More than a historiographical review Trent and All That makes a compelling case for subsuming the present confusion of terminology under the concept of Early Modern Catholicism The term indicates clearly what this book so eloquently demonstrates that Early Modern Catholicism was an aspect of early modern history which it strongly influenced and by which it was itself in large measure determined As a reviewer commented O Malley s discussion of terminology opens up a different way of conceiving of the whole history of Catholicism between the Reformation and the French Revolution
