Intelligence Michael G. Hylen, 2021-10-29 One of the most influential variables in human development is social relationships. *Cultivating Emotional Intelligence: The 5 Habits of the Emotion Coach* centers on how educators may build and use positive relationships with their students to help them grow in emotional intelligence. Additionally, this book seeks to answer the question: What is the end goal of growing emotionally intelligent students? Is it a matter of understanding oneself and other's emotions? Or is the goal simply to produce good citizens? As humans, we desire connection with others. And while most connections remain surface level, this book investigates how teachers can make a deeper connection with students for the purpose of growing emotional intelligence and teaching positive social skills. If educators are going to do so, it will be necessary to reframe traditional school practices that focus on promoting positive behaviors through a discipline system based upon consequences that fail to address the behavior in a redemptive manner. *Calming Angry Kids* Tricia

Goyer, 2018-10-01 Slammed doors. Hurting hearts. Tricia Goyer knows what it's like to parent children with chronic anger. In *Calming Angry Kids*, Goyer draws on her own experience to help readers understand what's going on in a child's brain, focus on relationship over rules, teach a child how to handle frustrations without outbursts, control how they express their own anger, establish a standard of respect in the home. Including reflection questions and action steps at the end of each chapter, *Calming Angry Kids* shows weary parents that peace in their home is within reach. *Just Call Me Dad* James W. Minton Sr.

Jim, 2019-02-05 Do kids come with an owner's manual? This book is about Jim Minton's journey of figuring out how to raise his kids and learning a lot about himself in the process. When Jim's children were born, he focused on raising Division I athletes who would make him look good. He started off as that obnoxious dad we have all witnessed at sporting events. He ended up with thirteen principles for improving himself, plus three amazing kids who bring him great joy as they walk in the truth. Jim loves good quotes. He kept a list on the refrigerator as his kids grew up, many of them coming from legendary basketball

coach John Wooden Jim knew his kids were going to find the bad stuff on their phones and in the culture it was up to him to get the good stuff in front of them Along the way Jim discovered that the Bible is the owner s manual he was looking for
