the recent debate on the process of making Palestinian and Israeli women activists more visible and the importance of this process as one of the most meaningful ways to open up areas of enquiry around major prospects for the end of the Israeli Palestinian conflict Tackling topical issues relating to alternative resolutions to the Israeli Palestinian conflict this book will be a valuable resource for both academics and activists with an interest in Middle East Politics Gender Studies and Conflict Resolution

In the Eye of the Storm Mitri Raheb,2023-06-23 The situation of Christians in the Middle East has become an important topic of international discussion as well as an important theme covered in the media as several CBS Sixty Minutes programs have highlighted the plight of Christians in Palestine Syria Jordan Lebanon and Egypt In the Eye of the Storm tells the story of the plight of twenty first century Middle Eastern Christians in five countries Palestine Israel Jordan Lebanon and Egypt in the context of the so called Arab Spring and within a destabilized region that is a geopolitical triangle shaped by Israeli hegemony and Arab Iranian tensions The book places the situation of the Christians within the wider sociopolitical context of the Middle East in the twenty first century A unique feature of this book is that it is written mainly by native Christians who have spent their entire lives in the region and continue to live there In the Eye of the Storm therefore provides an insider perspective rather than a hegemonic and colonial outsider perspective This book hopes to offer a sociopolitical framework for the Christians of the Middle East thus allowing them to tell their own story as they see it and not one that has been projected onto them by outside forces

Palestinians Born in Exile Juliane Hammer,2009-08-17 In the decade following the 1993 Oslo Peace Accords some 100 000 diasporic Palestinians returned to the West Bank and Gaza Among them were children and young adults who were born in exile and whose sense of Palestinian identity was shaped not by lived experience but rather through the transmission and re creation of memories images and history As a result returning to the homeland that had never actually been their home presented challenges and disappointments for these young Palestinians who found their lifeways and values sometimes at odds with those of their new neighbors in the West Bank and Gaza This original ethnography records the experiences of Palestinians born in exile who have emigrated to the Palestinian homeland Juliane Hammer interviews young adults between the ages of 16 and 35 to learn how their Palestinian identity has been affected by living in various Arab countries or the United States and then moving to the West Bank and Gaza Their responses underscore how much the experience of living outside of Palestine has become integral to the Palestinian national character even as Palestinians maintain an overwhelming sense of belonging to one another as a people

**Palestine and Israel** David McDowall,1991-07-01 In this thoroughly researched and highly topical book David McDowall considers the Palestinian uprising from a historical social and political perspective and carefully reassesses the prospects for a settlement of the Arab Israeli conflict

*Solidarity and the Palestinian Cause* Zahi Zalloua,2023-01-12 Zahi Zalloua provides the first examination of Palestinian identity from the perspective of Indigeneity and Critical Black Studies Examining the Palestinian question through the lens of settler colonialism and Indigeneity this timely book warns against the liberal approach to

Palestinian Indigeneity which reinforces cultural domination and urgently argues for the universal nature of the Palestinian struggle. Foregrounding Palestinian Indigeneity reframes the Palestinian Israeli conflict as a problem of wrongful dispossession, a historical harm that continues to be inflicted on the population under the brutal Occupation of the West Bank and Gaza. At the same time, in a global context marked by liberal democratic ideology, such an approach leads either to liberal tolerance (the minority is permitted to exist so long as their culture can be contained within the majority order) or racial separatism (that appeals for national independence typically embodied in the two state solution). Solidarity and the Palestinian Cause not only insists that any analysis of Indigeneity's purchase must keep this problem of translation in mind, but also that we must recast the Palestinian struggle as a universal one. As demonstrated by the Palestinian support for such movements as Black Lives Matter and the reciprocal support Palestinians receive from BLM activists, the Palestinian cause fosters a solidarity of the excluded. This solidarity underscores the interlocking global struggles for emancipation from racial domination and economic exploitation. Drawing on key Palestinian voices including Edward Said and Larissa Sansour, as well as a wide range of influential philosophers such as Slavoj Žižek, Frantz Fanon, and Achille Mbembe, Zalloua brings together the Palestinian question, Indigeneity, and Critical Black Studies to develop a transformative anti-racist vision of the world.

**The Sociology of the Palestinians** Khalil Nakhleh, Elia Zureik, 2024-05-01. First published in 1980. The Sociology of the Palestinians is a comprehensive collection of sociological and demographic studies of the Palestinian people. One paper deals with the Palestinian Arabs in pre-1967 Israel and the various methods of social control adopted by the Zionist regime to co-opt and control the Arab population. A second paper focuses on the Palestinians in the West Bank and Gaza. An analysis of current Palestinian demography with projections for the future is made, and the minority position of the Palestinians in the Arab World is critically assessed. An examination of the role of Palestinian intellectuals is followed by a theoretical discussion on the development of Palestinian class structure. Finally, the role of Palestinian women is examined in the context of traditional social structure and the specific political and economic situation which confront Palestinian society. This book will be of interest to students of history, sociology, and political science.

**Marian Reflections on War and Peace** Lenart Škof, Emily A. Holmes, Pavlo Smytsnyuk, 2025-03-31. This book presents an original Marian approach towards war and peace, dedicated to the suffering of children, women, and men in Mariupol and elsewhere in Ukraine, and in the world. Offering new theological perspectives on the contemporary impact of war, the contributions take inspiration from the figure and symbol of Mary as protector of children and guardian of peace, intermediary of the incarnation, as well as model for ecumenical, interreligious, and intercultural engagements. The chapters explore the role of Mary as a symbol for feminist and activist reflections for the communication of suffering as the *mater dolorosa* for power when appropriated for political ends, and for healing and reconciliation in peace building efforts. The book provides readers with valuable theological reflections on conflict, global theological ethics, ecofeminist, and peace building thinking in theology and contemporary political theology.

Becoming Pro-Palestinian Rosemary Sayigh, 2024-02-22 This book brings together testimonials from people of different nationalities and professions who are pro Palestinian whether as scholars film makers artists musicians activists or NGO workers Using what oral historians call the focused life history renowned scholar Rosemary Sayigh invites her contributors to describe the experiences events motives and feelings that led them to support the Palestinian cause The book is the first of its kind in Palestiniography and includes voices from countries across the world A chapter is dedicated to each country and contributors are asked to reveal how they discovered Palestine given that Palestine is rarely mentioned in school textbooks or university courses whether by travel friendship study membership in a political party or book group They are also asked to detail what specific forms their engagement has taken ranging scholarly creative militant or charitable and what their hopes are for the international solidarity movement Finally each contributor reflects on if they feel a just and equitable solution can ever be achieved for Palestinians and if they accept the label pro Palestinian or would rather define their relationship to the Palestinians in some other way With testimonies from both high profile and grassroots activists the book is a rich and personal selection that reflects the diversity dynamism and global nature of the movement for Palestine **Palestinian**

**Cinema** Nurith Gertz, 2008-01-15 Although in recent years the entire world has been increasingly concerned with the Middle East and Israeli Palestinian relationship there are few truly reliable sources of information regarding Palestinian society and culture either concerning its relationship with Israeli society its position between east and west or its stances in times of war and peace One of the best sources for understanding Palestinian culture is its cinema which has devoted itself to serving the national struggle In this book two scholars an Israeli and a Palestinian in a rare and welcome collaboration follow the development of Palestinian cinema commenting on its response to political and social transformations They discover that the more the social political and economic conditions worsen and chaos and pain prevail the more Palestinian cinema becomes involved with the national struggle As expected Palestinian cinema has unfolded its national narrative against the Israeli narrative which tried to silence it
