is arguably the most perceptive writer in modern Chinese literature She was one of the most popular writers in 1940s Shanghai but her insistence on writing about individual human relationships and mundane matters rather than revolutionary and political movements meant that in mainland China she was neglected until very recently Outside the mainland her life and writings never ceased to fascinate Chinese readers There are hundreds of works about her in the Chinese language but very few in other languages This is the first work in English to explore her earliest short stories as well as novels that were published posthumously It discusses the translation of her stories for film and stage presentation as well as nonliterary aspects of her life that are essential for a more comprehensive understanding of her writings including her intense concern for privacy and enduring sensitivity to her public image The thirteen essays examine the fidelity and betrayals that dominate her alter ego s relationships with parents and lovers informed by theories and methodologies from a range of disciplines including literary historical gender and film studies These relationships are frequently dramatized in plays and filmic translations of her work **A Practical Guide to Enquiry-Based Primary Teaching** Helena Hill,2018-11-01 This book is a

guide for developing an enquiry approach in primary schools and offers practical ideas on how to empower teachers to embrace spontaneity and flexibility in their daily practice Designed as a thinking diary this book provides space for the practitioner to record highs and lows in the classroom and experiences in meetings and training ensuring it serves as a personal record of what works well but also a pertinent reminder of what can improve and what can be learnt from mistakes A Practical Guide to Enquiry Based Primary Teaching comprehensively covers all the steps involved in adopting this approach including why enquiry based learning should be at the forefront of primary settings how to develop teachers in this approach and assessing the prior learning which needs to take place beforehand settling into your role as a facilitator and

recognising the strengths and weaknesses within your enquiry team discussing and planning enquiry sessions including clarifying objectives how to let go of a more structured approach to learning and becoming familiar with the tools in your spontaneity arsenal evaluating enquiry sessions Supported by research this book is a fresh innovative approach to enquiry based learning and teaching and will be a valuable daily aid for both newly qualified and experienced primary teachers

Between Blinks (Personal Reflection) Calvin Thomas,2009-03-27 Years ago whole societies painted their histories which may take archaeologists and scholars countless hours to decipher if they can even accomplish this marvelous feat Soon the people began to use a new system stories and spoken words Their histories still exist without miss interpretations or incorrect translation The stories themselves are immortal but the author is only said to be but an elder who may or may not be remembered based on his greatness Through my poetry I try to the best of my ability to express an emotion the way I am experiencing it right at that moment Through the beauty of poetry if my works were read 100 years from that emotion could be relived by anyone who s reading it So the picture that my thousand words paint wouldn t become yellowed by time loose its glossy coat or its fresh scent but exist brand new each time and become eternal Through my gift I have attained immortality as much as I can as a human being

Lockdown Therapy Stefano Carpani,Monica Luci,2022-10-17 Nominated as an IAJS Book Award Finalist 2023 This fascinating volume explores from the perspective both of analysts and their patients how the COVID 19 pandemic quickly and unexpectedly created profound and lasting changes in the ways psychoanalysis is conducted and what those changes mean for analysis moving forward The first part of the book is made up of interviews conducted by Stefano Carpani with authoritative authors in analytical psychology during the earliest phase of

lockdown centered on themes of the pandemic lockdown and how each individual was coping with the challenges those circumstances brought on The second part features personal essays that further details the subjective experiences of Jungian analysts and therapists worldwide comprising a collection of reflections on how COVID 19 affected and changed the way analysts work with patients These reflections focus on the theoretical clinical technical and also practical points of view including clinical materials on transference and counter transference considerations The third part of the book is specular to the second and offers reflections from patients perspective on how the pandemic changed their therapies and lockdown affected their experience of therapy Patients have provided anonymous testimonies through their writing of how they experienced of the change of setting mindset and related implications A comprehensive overview of an important and ongoing conversation Lockdown Therapy is crucial reading for Jungian analysts and scholars as well as other clinicians training in analysis psychotherapy and counselling

Photography and Exploration James R. Ryan, 2013-07-15 When Ferdinand Magellan set out to circumnavigate the globe in 1519 he wasn't able to bring a digital camera or a smartphone with him Yet as the eagerly awaited images from the Mars rover prove modern exploration is inconceivable without photography Since its invention in 1839 photography has been integral to exploration used by explorers sponsors and publishers alike and the early twentieth century advances in technology and photography's newfound cultural currency as a truthful witness to the world made the camera an indispensable tool In *Photography and Exploration* James R Ryan uses a variety of examples from polar journeys to space missions to show how exploration photographs have been created circulated and consumed as objects of both scientific research and art Examining a wide range of photographs and expeditions Ryan considers how nations have often employed images as a means to scientific advancement or territorial conquest He argues that because exploration has long been bound up with the construction of national and imperial identity expeditionary photographs have often been used to promote claims to power especially by the West These images also challenge the way audiences perceive the world and their place within it Featuring one hundred images *Photography and Exploration* shines new light on how photography has shaped the image of explorers expeditions and the worlds they discovered
