Lang,2014-11-08 Being unique in a world crying for conformity it takes courage resolve and an infusion of inspiration You are unique Let this Journey through Reflections help you be bold in that uniqueness **What Children Know** Michael Armstrong,2010 The subject of these five essays is the literary and visual art of children The essays explore two propositions first that children s stories poems and meditations their drawings paintings and models may legitimately be described as works of art and second that to acknowledge the artistic status of children s works revolutionizes the process of education The book is dedicated to the children and teachers of Lawrence Massachusetts where the author has spent a few weeks every year since 2004 as a participant observer in elementary middle and high school classrooms Designed and produced by Julie Bernson **Rethinking Christian Identity** Medi Ann Volpe,2013-01-04 RETHINKING CHRISTIAN IDENTITY A brilliant compelling agenda setting book Volpe has written this thoughtful passionate informed critique that invites us all to think through precisely what is involved in being formed in the Christian tradition Ian Markham Virginia Theological Seminary A model for those of us who seek to combine the vocations of academic theology and pastoral ministry Rethinking Christian Identity offers a compelling vision of Christian formation Volpe deftly shapes her vision in conversation with contemporary

theologians and voices from the history of the Church combining erudition with a passion for Christian discipleship Kathryn Greene McCreight St John s Episcopal Church Recent decades have seen major shifts in our understanding of Christian identity This timely book explores contemporary theological theory in asking what makes a Christian in the twenty first century what unites and sets Christians apart from other social or political groups and how is this identity forged and then passed on to others Volpe engages with these changing ideas through the work of Kathryn Tanner Rowan Williams and John Milbank whose accounts of Christianity challenge older views Drawing these theologians into conversation with Gregory of Nyssa she clearly and persuasively discusses the importance of doctrine in identity formation the unexplored ideas of the significance of sin on Christian identity and its effects and the need for an inclusive account of Christian identity As Christianity declines in parts of the Western world and yet expands in others the nature of Christian identity is more crucial and vexed than ever before This important book makes a valuable contribution to these ongoing debates
