Chisholm, 2012-11-12 First Published in 1975 The first Kuwait oil concession agreement granted on 23rd December 1934 by the late Shaikh Ahmad al Jaber al Subah to the Kuwait Oil Company Ltd has been of fundamental importance in the history of the State of Kuwait whose great increase in prosperity and international influence during the last twenty eight years has directly resulted from its oil production since 1946 under the Agreement and its 1951 successor Hitherto no full or authoritative account of the very long and complex commercial and political negotiations preceding the Agreement has been compiled and consequently all descriptions of them so far published except those merely quoting the Agreement's terms and naming the parties concerned have contained substantial omissions or errors of fact involving a wrong impression of what actually occurred This text is a record of the negotiations between 1911 and 1934

The Legal Status of the Arabian Gulf States Husain M. Albaharna, 1968 Study of problems connected with the legal status of Arab country with particular reference to problems arising from their treaty relations and international relations covers historical aspects of the protective role of UK in the area accession to independence aspects of international law position within the framework of the UN boundary disputes and territorial claims foreign policy the role of multinational enterprises of the petroleum industry etc Bibliography pp 332 to 343 Kuwait and Al-Sabah Rivka Azoulay, 2020-07-23 The Emirate of Kuwait hardly resembles the city State it was at the start of the 20th century The discovery of oil in 1938 rapidly transformed the tiny tribal sheikdom of the Al Sabah into a modern oil producing state where by the early 1980s citizens were enjoying

one of the highest standards of living in the world While much has been written on the reasons why and how the Al Sabah became a ruling dynasty little is known about the nature of their authority and its relationship to Kuwait s social structure Rivka Azoulay shows how despite the rapidity of change in the oil rich family run emirate it is the pre oil dynamics of social and political life that dictate how society operates The author shows that Kuwait s ambitious diversification plans to reduce oil dependence by 2035 require a renegotiation of the regime s pact with society which threatens the pre oil alliances upon which the Al Sabah s regime has been built **Kuwait** United States.
