Dirty Wars Simon Innes-Robbins, 2016-10-06 Who is the enemy This is the question most asked in modern warfare gone are the set piece conventional battles of the past Once seen as secondary to more traditional conflicts irregular warfare as modified and refashioned since the 1990s now presents a major challenge to the state and the bureaucratic institutions which have dominated the twentieth century and to the politicians and civil servants who formulate policy Twenty first century conflict is dominated by counterinsurgency operations where the enemy is almost indistinguishable from innocent civilians Battles are gunfights in jungles deserts and streets winning hearts and minds is as important as holding territory From struggles in South Africa the Philippines and Ireland to operations in Iraq Afghanistan and Chechnya this book covers the strategy and

doctrine of counterinsurgency and the factors which ensure whether such operations are successful or not Recent ignorance of central principles and the emergence of social media which has shifted the odds in favour of the insurgent have too often resulted in failure leaving governments and their security forces embedded in a hostile population immersed in costly and dangerous nation building

Edgerton,2009-03-25 *Africa's Armies* traces the military history of sub Saharan Africa from the pre colonial era to the present Robert Edgerton begins this sweeping chronicle by describing the role of African armies in pre colonial times when armed forces or militias were essential to the maintenance and prosperity of their societies During the colonial era African soldiers fought with death defying courage earning such respect as warriors that they were often recruited into the colonial armies not simply to enforce colonial rule in Africa but to fight for the European homelands as well After independence swept through Africa African military men seized political power in country after country ruling dictatorially for their own benefit and for that of their kinsmen and cronies The author describes the post colonial civil wars that have devastated much of sub Saharan Africa catastrophes marked by genocide famine disease economic collapse and steadily declining life expectancy He closes by describing the role that Africa's military forces can and must play if the future is to bring better times to the continent's many peoples *Transnational Histories of Southern Africa's Liberation Movements* Jocelyn Alexander,JoAnn

McGregor,Blessing-Miles Tendi,2020-05-21 *Transnational Histories of Southern Africa's Liberation Movements* offers new perspectives on southern Africa's wars of national liberation drawing on extensive oral historical and archival research Assuming neither the primacy of nationalist loyalties as they exist today nor any single path to liberation the book unpicks any notion of a straightforward imposition of Cold War ideologies or strategic interests on liberation wars This approach adds new dimensions to the rich literatures on the Global Cold War and on solidarity movements The contributors trace the ways that ideas and practices were made adopted and circulated through time and space through a focus on African soldiers politicians and diplomats The book also asks what motivated the men and women who crossed borders to join liberation movements how Cold War influences were acted upon interpreted and used and why certain moments venues and relations took on exaggerated importance The connections among liberation movements between them and their hosts and across an extraordinarily diverse set of external actors reveal surprising exchanges and lasting legacies that have too often been obscured by the assertion of monolithic national histories Tracing an extraordinarily diverse set of interactions and exchanges *Transnational Histories of Southern Africa's Liberation Movements* will be of great interest to scholars of

Southern Africa Transnational History the Cold War and African Politics The chapters were originally published as a special issue of the Journal of Southern African Studies
