world literature Works by English Canadian writers both established writers such as Margaret Atwood and new talents such
as Yann Martel make regular appearances on international bestseller lists French Canadian literature has also found its own
voice in the North American and francophone worlds CanLit has likewise developed into a staple of academic interest
pursued in Canadian Studies programs in Canada and around the world This volume draws on the expertise of scholars from
Canada Germany Austria and France tracing Canadian literature from the indigenous oral tradition to the development of
English Canadian and French Canadian literature since colonial times Conceiving of Canada as a single but multifaceted
culture it accounts for specific characteristics of English and French Canadian literatures such as the vital role of the short
story in English Canada or that of the chanson in French Canada Yet special attention is also paid to Aboriginal literature and
to the pronounced transcultural ethnically diverse character of much contemporary Canadian literature thus moving clearly
beyond the traditions of the two founding nations Contributors Reingard M Nischik Eva Gruber Iain M Higgins Guy Lafl che
