**Love's Design** Carmen Melnyk, 2022-10-24 Orphaned at the tender age of three and a half years old Mandy Sullivan has moved from foster home to foster home never putting down roots long enough to make lasting friendships Her most sincere wish was to be adopted into a loving family but that was not in the cards Her only friend is a dwarf hamster living in her mind Now at 24 she hides some very deep hurts and betrayals beneath a smooth apparently self confident exterior She yearns for a true friend Jamie Vandraegen successful architect at 28 lives almost like a recluse in the beautiful house he designed and built with his own blood sweat and tears Estranged from his parents and jealously insane brother he talks to his dream girl a faceless entity who simply understands him The day of the big snowstorm his lonely quiet life is rocked by the whirlwind appearance of a snow covered frozen lashed girl on his doorstep But his jealous brother is bent on making trouble

**Shakespearean Romance** Howard M. Felperin, 2015-03-08 If Shakespeare's last plays Pericles Cymbeline The Winter's Tale The Tempest and Henry VIII are to be neither debunked nor idealized but taken seriously on their own terms they must be examined within the traditions and conventions of romance Howard Felperin defines this relatively neglected literary mode and locates these plays within it But as he shows romance was not simply an established genre in which Shakespeare worked at both the beginning and end of his career but a mode of perceiving the world that pervades and shapes his entire work The last plays are examined to answer such questions as How does Shakespeare raise to a higher power the conventions of romance available to him particularly those of the native medieval drama How does he bring us to accept these elements of romance Above all how does romance the mode in which the imagination enjoys its freest expression become the vehicle not of beautiful escapist fantasy but of moral truth Originally published in 1972 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
