Andrew Yost,2022-08-24 The world is disenchanted Rationalization intellectualization and scientism rule the day We used to see the world as a magical place but now it s just a material space How did we get here The shift comes in part from the rise of a certain kind of secularism one that reduces human experiences to whatever is explainable through observation Love It s just a biological drive Joy a rush of adrenaline Beauty an influx of dopamine If you can t test it it isn t true or so the thinking goes The Romantic Life draws upon eighteenth and nineteenth century Romanticism to provide five strategies to re enchant the world five ways to imbue the world with meaning truth and beauty According to the Romantics far from being useless encounters with impractical things like the imagination nature symbolism sincerity and the sublime give our lives a richness and depth that cannot be attained on a purely material account of the world By learning from their example we can come to see into the life of things as William Wordsworth called it We can be re enchanted **A Text-book of Sociology** James Quayle Dealey,Lester Frank Ward,1905 *Hawthorne's Romances* Robert S. Sondrup,Virgil Nemoianu,Gerald Gillespie,2004 Nonfictional Romantic Prose Expanding Borders surveys a broad range of expository polemical and analytical literary forms that came into prominence during the last two decades of the eighteenth century and the first half of the nineteenth They stand in contrast to better known romantic fiction in that they endeavor to address the world of daily empirical experience rather than that of more explicitly self referential fanciful creation Among them are genres that have since the nineteenth century come to characterize many aspects of modern life like the periodical or the psychological case study others flourished and enjoyed wide spread popularity during the nineteenth century but are much less well known
