Bratton, Richard Cave, Brendan Gregory, Michael Pickering, 2021-06-15 Imperialist discourse interacted with regional and class discourses Imperialism's incorporation of Welsh Scots and Irish identities was both necessary to its own success and one of its most powerful functions in terms of the control of British society Most cultures have a place for the concept of heroism and for the heroic figure in narrative fiction stage heroes are part of the drama's definition of self the exploration and understanding of personal identity Theatrical and quasi theatrical presentations whether in music hall clubroom Shakespeare Memorial Theatre or the streets and ceremonial spaces of the capital contributed to that much discussed national mood This book examines the theatre as the locus for nineteenth century discourses of power and the use of stereotype in productions of the Shakespearean history canon It discusses the development of the working class and naval hero myth of Jack Tar the portrayal of Ireland and the Irish and the portrayal of British India on the spectacular exhibition stage The racial implications of the ubiquitous black face minstrelsy are focused upon The ideology cluster which made up the imperial mindset had the capacity to re arrange and re interpret history and to influence the portrayal of the tragic or comic potential of personal dilemmas Though the British may have prided themselves on having preceded America in the abolition of slavery and thus outpacing Brother Jonathan in humanitarian philanthropy abnegation of hierarchisation and the acceptance of equality of status between black and white ethnic groups was not part of that achievement

A New Race of Men Michael Fry,2013-10-03 War opened and closed Scotland's greatest century a pitiless part in the defeat of Napoleon in 1815 a huge blood sacrifice for the sake of victory from 1914 In between came the greatest contributions to the progress and happiness of the rest of mankind that the Scots have ever made in everything from the combine harvester to the mackintosh to anaesthesia It was a supremely successful achieving society yet one not without deep flaws in its urban poverty its destruction of the environment its religious intolerance its moral hypocrisy its crushing of Highland culture Michael Fry shows with an emphasis always on the human story how a succession of deep crises undermined the usually tranquil and prosperous surface of life in Victorian Scotland to leave a legacy of paradox that the modern nation has even today yet to overcome

The Islamic Orient studies the travel accounts of four British travelers during the nineteenth century Through a critical analysis of these works the author examines and questions Edward Said's concept of Orientalism and Orientalist discourse his argument that the orientalist view had such a strong influence on westerners that they invariably perceived the orient through the lens of orientalism On the contrary the author argues no single factor had an overwhelming influence on them She shows that westerners often struggled with their own conceptions of the orient and being away for long periods from their homelands were in fact able to stand between cultures and view them both as insiders and outsiders The literary devices used to examine these writings are structure characterization satire landscape description and word choice as also the social and political milieu of the writers The major influences in the author's analysis are Said Foucault Abdel Malek and Marie Louise Pratt
