# Romantic Love And Sexual Behavior Perspectives From The Social Sciences

**Yan Bai**

## **Romantic Love And Sexual Behavior Perspectives From The Social Sciences:**

**Romantic Love and Sexual Behavior** Victor C. de Munck, 1998-04-16 Westerners believe that love makes life worth living that sex is a natural desire different in kind from love and that only cynics reduce our love life to a calculation of economic or genetic factors In this volume essays explore these and other assumptions about the relationship between romantic love and sex This represents the first interdisciplinary social science study of love and sex Contributors ask and answer questions such as Is love just sex idealized or is it a transcendent and divine emotion Is love a cultural construct that is shared by members of the same culture or is it a matter of personal taste What keeps promiscuous people from using condoms even when they know they are at risk Are black professional men so rare that their conceptions of love and sex differ from those of white professional men Are brutal sexual fantasies an exclusively male domain and are they always excluded from love fantasies among normal adolescents Is divorce a culturally induced response to evolutionary reproductive strategies that compel individuals to maximize their genetic legacy Are marriages or relationships less satisfying or stable when an actual mate falls short of the fantasy of the ideal mate Is there a universal core to love and sex that is camouflaged by other cultural norms such as modesty and sexual segregation Is rape perceived as more acceptable when the rapist says he was motivated by love What do cult movements and romantic love have in common As they attempt to answer these and other questions the authors extend our understanding of the variety of ways that love and sex are conceptualized connected or separated

Culture, Society and Sexuality Richard Parker, Peter Aggleton, 2007-01-24 Clearly structured and presented this new and revised edition brings together a broad and international selection of readings to provide insights into the social cultural political and economic dimensions of sexuality and relationships

**Sexuality in Adolescence** Susan Moore, Doreen Rosenthal, Susan M. Moore, Doreen A. Rosenthal, 2007-01-24 Susan Moore and Doreen Rosenthal review current work on adolescent sexual development including data from their own studies on sexual risk taking and the social contexts in which young people form their sexual beliefs

*The Structure of Digital Partner Choice* Andreas Schmitz, 2016-11-01 This work approaches the modern phenomenon of online dating examining the ways people make use of its technical and social potential In particular the users mate preferences choices strategies and interactions are analyzed using the innovative method of click stream observations and web questionnaire data For the purpose of these analyses two major theories are used an explicit theory of individual mate choice and the more general relational theory developed by Pierre Bourdieu which helps to highlight the social structures both underlying and resulting from mating online Results show that online dating is not a partner market free from social structure but that the traditional social conditions found offline are also reproduced in this virtual setting In contrast to the picture drawn by media discourse and advertising online dating represents a partner market which fulfills the promise of happiness in a socially differential way

Romantic Love in Cultural Contexts Victor Karandashev, 2016-12-24 This volume presents a conceptual historical anthropological and

sociological review of how culture affects our experience and expression of romantic love What is romantic love and how is it different from and similar to other kinds of love How is romantic love related to sex and marriage in human history and across contemporary cultures What cultural factors mediate attraction in love These are some of the questions the volume explores through its interdisciplinary yet focused lens Much of the current research evidence suggests that love is a universal emotion experienced by a majority of people in various historical eras and in all the world's cultures Yet love displays in different ways because culture has an impact on people's conceptions of love and the ways they feel think and behave in romantic relationships This volume summarizes classical knowledge on love and culture while at the same time focusing sharply on recent studies and cutting edge research that has advanced the field Divided into three parts the volume begins by defining and analyzing the concept of romantic love and interdisciplinary approach to its study in cultural context Part II traces the origin and evolution of romantic love both in various places throughout the world and various time periods throughout history Part III presents the revolutionary expansion of romantic love ideas and practices in the late 20th and early 21st centuries in various parts of the world focusing particularly on the development of romantic love as a cultural ideal of the modern cultures Finally the book concludes by summarizing the major achievements in this field of study and predicts future development A timely and thoughtful addition to the literature *Romantic Love in Cultural Contexts* delivers thought provoking insights to researchers in relationship scholarship sociology anthropology and cultural studies and all those interested in the universal human concept of love Overall I find Dr Victor Karandashev is an excellent and fine scholar who has a firm grasp of both the fundamental principles of cross cultural research and of anthropology In our increasingly connected world *Romantic Love in Cultural Contexts* updates and adds to the descriptions and explanations of similarities and differences in romantic love across generations and cultures Romantic love encompasses the life span rather than being a phenomenon largely confined to youthful years The topic of this project concerns the deepest of our sentiments and pervades life from birth to death This book contributes to better knowledge of this phenomenon across generations

Felix Neto  
Professor of Psychology Faculdade de Psicologia e de Ciências da Educação Universidade do Porto Portugal

*The Psychology of Interpersonal Relationships* Ellen S. Berscheid, Pamela C. Regan, 2016-01-08 This textbook provides an integrated and organized foundation for students seeking a brief but comprehensive introduction to the field of relationship science It emphasizes the relationship field's intellectual themes roots and milestones discusses its key constructs and their conceptualizations describes its methodologies and classic studies and most important presents the theories that have guided relationship scholars and produced the field's major research themes

**Love and Intimate Relationships** Norman M. Brown, Ellen S. Amatea, 2013-06-17 Using a style that draws students into the ongoing inquiry into how intimate relationships work *Love and Intimate Relationships* investigates the life cycle of relationships influences that affect them theories behind them and ways to improve them Dozens of stories from students themselves case examples and over 150 tables figure and

the cartoons of Don Edwing of Mad Magazine help bring the material alive The book is also unique in exploring aspects of human relationships not covered in other textbooks on the subject Love and Intimate Relationships helps bring the complex issues surrounding intimate relationships into focus for students from diverse backgrounds The multidisciplinary perspective of the textbook makes it ideal for introductory courses in psychology marriage counseling human relations and sexuality and interpersonal relationships

**Intimacies** William R. Jankowiak, 2008 Examines how different cultures rationalize the expression of passionate and comfort love and physical sex From publisher description

**The Moral Psychology of Love** Arina Pismenny, Berit Brogaard, 2022-03-28 Under what circumstances can love generate moral reasons for action Are there morally appropriate ways to love Can an occurrence of love or a failure to love constitute a moral failure Is it better to love morally good people This volume explores the moral dimensions of love through the lenses of political philosophy psychology and neuroscience It attempts to discern how various social norms affect our experience and understanding of love how love relates to other affective states such as emotions and desires and how love influences and is influenced by reason What love is affects what love ought to be Conversely our ideas of what love ought to be partly determined by our conception of what love is

*Close Relationships* Clyde Hendrick, Susan S. Hendrick, 2000-02-17 The authors in the volume extend the reach of their comprehensive reviews into theoretically driven and innovating explorations The scope of coverage across and within chapters is striking The developmentalist the methodologist the feminist the contextualist and the cross culturalist alike will find satisfaction in reading the chapters Catherine A Surra The University of Texas at Austin The science of close relationships is relatively new and complex *Close Relationships A Sourcebook* represents the growing maturity of this multidisciplinary enterprise The volume offers 26 chapters organized into four thematic areas relationship methods forms processes and threats as well as a foreword and an epilogue The volume provides a panoramic view of close relationship research as it enters the 21st century offering highlights from current literature original research practical applications and projections for future research Relationship Methods includes both qualitative and quantitative chapters Relationship Forms includes many of the stages types and roles that characterize intimate relationships In a developmental fashion chapters address social networks children's friendships adolescent relationships adult friendships and friendships in later life Chapters on multicultural and multiracial relationships and gay lesbian and bisexual relationships illustrate the variety of relationship forms that the science of close relationships must consider The alignments and realignments of traditional family structure are considered in terms of contemporary marriage divorce and single parenting and remarried families Relationship Processes includes chapters on emotion attachment romantic love sexuality intimacy communication conflict social support and relational maintenance The important topic of gender concludes the section The shadow side of human nature is explored in the Relationship Threats section with chapters on infidelity and jealousy physical and sexual aggression depression and loss and bereavement A foreword by Ellen Berscheid sets the stage for this broad ranging collection of

chapters Steve Duck and Linda Acitelli conclude with an epilogue that provides a new beginning for the science of close relationships

**Falling in Love** Ayala Pines, Ayala Malach Pines, 2013-05-13 Falling in Love is the first book to unlock the mysteries of how and why we fall in love. Renowned psychologist Ayala Pines shows us why we fall for the people we do and argues convincingly that we love neither by chance nor by accident. She offers sound advice for making the right choices when it comes to this complicated emotion. Packed with helpful suggestions for those seeking love and those already in it, this book is about love's many puzzles. The second edition furthers the work of the popular and successful first edition. With expanded research, theory, and practice, this book once again provides one of a kind understandings of the experience of love. The new edition offers updated references to recent research, new chapter exercises, and case examples of romantic stories to begin each chapter.

Communication Yearbook 35 Charles T. Salmon, 2012-03-28 Communication Yearbook 34 continues the tradition of publishing state of the discipline literature reviews and essays. Editor Charles T. Salmon presents a volume that is highly international and interdisciplinary in scope, with authors and chapters representing the broad global interests of the International Communication Association. The volume is organized into three sections pertaining to interdisciplinary theory, normative ideals, and political realities, and communication and societies in transition. Internationally renowned scholars serve as respondents for the three sections. With a blend of chapters emphasizing timely public policy concerns and enduring theoretical questions, this volume will be valuable to scholars throughout the discipline of communication studies.

**The Oxford Handbook of Close Relationships** Jeffry A. Simpson, Lorne Campbell, 2013-05-02 This book provides an in-depth and comprehensive summary of the psychology of close relationships and showcases classic and contemporary theories, models, and empirical research that have been conducted in the field.

*Handbook of Gender Research in Psychology* Joan C. Chrisler, Donald R. McCreary, 2010-03-12 Donald R. McCreary and Joan C. Chrisler The Development of Gender Studies in Psychology Studies of sex differences are as old as the field of psychology, and they have been conducted in every sub-field of the discipline. There are probably many reasons for the popularity of these studies, but three reasons seem to be most prominent. First, social psychological studies of person perception show that sex is especially salient in social groups. It is the first thing people notice about others, and it is one of the things we remember best. Fiske, Haslam, Stangor, Lynch, Duan, Glass, 1992. For example, people may not remember who uttered a witty remark, but they are likely to remember whether the quip came from a woman or a man. Second, many people hold firm beliefs that aspects of physiology suit men and women for particular social roles. Men's greater upper body strength makes them better candidates for manual labor, and their greater height gives the impression that they would make good leaders, i.e., people we look up to. Women's reproductive capacity and the caretaking tasks, e.g., breastfeeding, baby minding, that accompany it, make them seem suitable for other roles that require gentleness and nurturance. Third, the logic that underlies hypothesis testing in the sciences is focused on difference. Researchers design their studies with the hope that they can reject the null hypothesis that experimental groups do not differ.

**Modernization as Lived Experiences** Fengshu Liu, 2019-11-07 This book examines in a culturally and contextually sensitive way the particularity of what it means to be young in post Mao China undergoing rapid and dramatic transformation by comparing childhood and youth experiences over three generations The analysis draws on life history interviews with Beijing young men and women in their last upper secondary year their parents and their grandparents The book offers a comprehensive coverage of the various aspects of life pertinent to youth experiences and compares each of these across three generations treating them as interrelated and mutually affecting processes childhood intergenerational relationships education and future plans gender and sexuality By offering both men's and women's accounts of their childhood and youth experiences which for the three generations combined extend over nearly a century the book sheds useful light on how gender and sexuality have evolved in China Fengshu Liu concludes that the young generation's lives feature a maximization desire in sharp contrast to the two older generations childhood and youth experiences The book meticulously weaves rich ethnographic details and individual life stories into a larger and unfolding picture of historical social and cultural trends while providing critical insight into Chinese modernization and modernity against the backdrop of globalization It can thus be an enjoyable read also for people beyond the academia interested in China's social and cultural transformation and its children and youth

*Close Relationships* Patricia Noller, Judith A. Feeney, 2013-05-13 *Close Relationships Functions Forms and Processes* provides an overview of current theory and research in the area of close relationships written by internationally renowned scholars whose work is at the cutting edge of research in the field The volume consists of three sections introductory issues types of relationships and relationship processes In the first section there is an exploration of the functions and benefits of close relationships the diversity of methodologies used to study them and the changing social context in which close relationships are embedded A second section examines the various types of close relationships including family bonds and friendships The third section focuses on key relationship processes including attachment intimacy sexuality and conflict This book is designed to be an essential resource for senior undergraduate and postgraduate students researchers and practitioners and will be suitable as a resource in advanced courses dealing with the social psychology of close relationships

*Intimate Connections* Anna-Maria Walter, 2021-12-10 *Intimate Connections* dissects changing ideas feelings and practices around love marriage and respectability in the remote high mountains of northern Pakistan It offers deep insights into the affective lives of local Shia women gender practices and young couples mobile phone relationships in South Asia as well as in the wider Muslim world

*Sex and Love in the Home, Second Edition* David M. McCarthy, 2011-01-01 This book inaugurates a completely new way of thinking about the ethics of marriage and sex I know of no book on the subject more promising than what McCarthy has achieved here Stanley Hauerwas Gilbert T Rowe Professor of Theological Ethics Duke University Much has been written in Christian theology about sex love and procreation but their social meanings and contributions are much more rarely addressed McCarthy now takes this greatly neglected task

eloquently connecting the Christian household to the common good All those who want to realize the social vocation of the Christian family will find in this work a rich and challenging resource for understanding and for life Lisa Sowle Cahill J Donald Monan Professor of Theology Boston College Drawing on his own experience of learning how to be a husband and father David Matzko McCarthy offers wonderfully incisive and readable reflections on the habits of the household a neighborly space which resists consumerism and enables sexual relationships to be ordinary meaningful and passionate If you think that all that Christian theology has to say about sex and relationships is twaddle about complementarity and family values then this is the book for you Gerard Loughlin Senior Lecturer in Religious Studies University of Newcastle upon Tyne

**Fundamentals of Social Psychology** Nicky Hayes, 2017-09-07 This textbook brings social psychology up to date including material on social networking gaming and other aspects of modern living as well as covering established theories debates and research The book explores a number of fascinating topics including Both traditional and contemporary theories of social influence How our personal psychology is shaped by our interactions with other people How social psychological insights have been applied in various aspects of modern life Intended as a core social psychology text and including features such as boxed talking points real world examples and case studies and self test questions the book and associated website will cover all the essential topics of an undergraduate course in social psychology in a concise fresh and up to date way A comprehensive and contemporary undergraduate introduction to social psychology it draws together and integrates insights from different areas of research and schools of thought and features uniquely strong coverage of the online world and our cyberselves Written particularly for degree students of psychology it will be useful to anyone looking for a comprehensive and readable account of social psychological research and theories

*The Dark Side of Relationship Pursuit* Brian H. Spitzberg, William R. Cupach, 2004-04-12 Authors William R Cupach and Brian H Spitzberg synthesize the expanding multidisciplinary base of knowledge about obsessive relational intrusion ORI and stalking presenting a comprehensive scholarly consideration of these behaviors Their inclusive approach is reflected in the breadth of research represented including social clinical and forensic psychology psychiatry counseling communication criminal justice law enforcement sociology social work threat assessment and management and family studies The work also draws upon the multidisciplinary scholarship on social and personal relationships The chapters in this volume provide historical and definitional frames for studying unwanted relationship pursuit and consider the role of such sources as the media law and social science research in shaping the contemporary multifaceted and multifarious conceptualizations of stalking elaborate the authors assumption that much unwanted relationship pursuit owes to complications inherent in the processes of constructing and dismantling relationships examine the factors that conspire to create slippage between two persons conceptions of their shared relationship and explore the cultural practices associated with relationship dissolution that tend to reinforce persistence in unwanted pursuit chart the topography of unwanted pursuit offering a unique and comprehensive synthesis of relevant

research bearing on several issues and a review of the temporal stages and characteristics of stalking consider promising theories and variables for explaining the occurrence of unwanted pursuit and discuss the issues pertinent to threat assessment managing unwanted pursuit and offering a comprehensive typology of victim consequences of pursuit The volume concludes with thoughts about correcting courtship Drawing on the interpersonal competence literature Cupach and Spitzberg speculate on ways in which enhancing relationship management skills could help diminish the incidence and debilitating consequences of ORI and stalking With this work the authors provide a clearer picture of the current state of knowledge about stalking and in so doing identify productive paths for scholarly inquiry and ultimately bolster the effectiveness of prevention and intervention efforts The volume is destined to promote and publicize the multidisciplinary nature of stalking research such that cross fertilization of interested fields might yield new and better insights It will be required reading for the cross disciplinary community of academics and professionals who are committed to understanding and responding to unwanted relationship pursuit and stalking
