Kalinak, 2007-09-17 James Stewart once said For John Ford there was no need for dialogue The music said it all This lively accessible study is the first comprehensive analysis of Ford s use of music in his iconic westerns Encompassing a variety of critical approaches and incorporating original archival research Kathryn Kalinak explores the director s oft noted predilection for American folk song hymnody and period music What she finds is that Ford used music as more than a stylistic gesture In fascinating discussions of Ford s westerns from silent era features such as *Straight Shooting* and *The Iron Horse* to classics of the sound era such as *My Darling Clementine* and *The Searchers* Kalinak describes how the director

exploited music and especially song in defining the geographical and ideological space of the American West *Engaged Romanticism* Mark Lussier, Bruce Matsunaga, 2009-05-27 In November 2006 the International Conference on Romanticism convened for its annual conference on the campus of Arizona State University and explored a wide range of work identified as engaged romantic as a mode and a practice rather than simply as a literary historical period defined by a specific temporal spectrum c 1750 1850 As the introduction to the volume suggests most writers during the period were actively engaged in the cultural articulation of the aesthetics criticism ethics poetics and politics of the age and a large number of writers deployed their talents to help transform the public sphere whether shaping responses to the practices of slavery or resisting the emergence of a crystallized form of Newtonianism at the foundation of Enlightenment epistemology The intellectual and disciplinary range of the essays included in this volume pay tribute to this often neglected aspect of the revolutionary dictates of what has come to be called Romanticism and the following critical essays offered by both thoroughly established and relatively new voices within Romantic Studies examine virtually every aspect of this approach to Romantic thought and writing Whether focused on the formal and intellectual practices at the foundation of the novel the philosophical resonance of William Wordsworth within emergent forms of eco criticism the play of the transatlantic Romantic imagination the aesthetic commitments of Romantic art and music or the current process of pedagogical engagements the essays sound the depths of what engaged practice can accomplish both in the age of Romanticism itself as well as our own moment Dudley Buck N.
