**Romantic Women Poets, 1770-1838** Andrew Ashfield, 1995 Although overshadowed by their male contemporaries Wordsworth Coleridge Keats Shelley and Byron the women Romantic poets of the late 18th and early 19th centuries made a significant contribution to Romanticism Nearly 40 poets are represented in this collection including Elizabeth Barrett and Anna Seward providing a comprehensive picture of female poetic activity from the earliest development of Romanticism to the advent of the Victorian era The volume includes textual and thematic notes **Romantic Women Poets, 1770-1838** Andrew Ashfield, 1997 Andrew Ashfield provides an important feminist document and a genuine means of unravelling Romanticism in *Romantic Women Poets* an anthology of some 180 poems from the period 1770 to 1838 *British Women Poets of the Romantic Era* Paula R. Feldman, 2001-01-19 This groundbreaking volume not only documents the richness of their literary contributions but changes our thinking about the poetry of the English Romantic period **British Women Poets and the Romantic Writing Community** Stephen C. Behrendt, 2009-02-02 This study will be a key resource for scholars teachers and students in British literary studies women s studies and cultural history Stuart Curran University of Pennsylvania Internet Review of Books **Romantic Women Poets**, 2015-07-14 *Romantic Women Poets* Genre and Gender focuses on the part played by women poets in the creation of the literary canon in the Romantic period in Britain Its thirteen essays enrich our panoramic view of an age that is traditionally dominated by male authors such as Wordsworth Coleridge Byron Shelley Keats and Scott Instead the volume concentrates on the poetical theory and practice of such extraordinary and fascinating women as Joanna Baillie Charlotte Smith Anna Laetitia Barbauld Dorothy Wordsworth Helen Maria Williams Lady Morgan Ann Radcliffe Mary Shelley Letitia Elizabeth Landon Anna Seward and Lady Caroline Lamb Female and male poetics gender and genres literary forms and poetic modes are extensively discussed together with the diversity of behaviour and personal responses that the individual women poets offered to their age and provoked in their readers There have been several important collections of essays in this particular area of study in the last few years but this volume reflects and complements much of this earlier critical work with specific strengths of its own [Romanticism and Women Poets](#) Harriet Kramer Linkin, Stephen C. Behrendt, 2014-10-17 One of the most exciting developments in Romantic studies in the past decade has been the rediscovery and repositioning of women poets as vital and influential members of the Romantic literary community This is the first volume to focus on women poets of this era and to consider how their historical reception challenges current conceptions of Romanticism With a broad revisionist view the essays examine the poetry these women produced what the poets thought about themselves and their place in the contemporary literary scene and what the recovery of their works says about current and past theoretical frameworks The contributors focus their attention on such poets as Felicia Hemans Letitia Elizabeth Landon Charlotte Smith Anna Barbauld Mary Lamb and Fanny Kemble and argue for a significant rethinking of Romanticism as an intellectual and cultural phenomenon Grounding their consideration of the poets

in cultural social intellectual and aesthetic concerns the authors contest the received wisdom about Romantic poetry its authors its themes and its audiences Some of the essays examine the ways in which many of the poets sought to establish stable positions and identities for themselves while others address the changing nature over time of the reputations of these women poets **Romantic Women Writers** Paula R. Women Romantic Poets Anne Janowitz, 2004 Janowitz introduces readers to the lives and works of two of the most influential women poets of the late 18th and early 19th centuries Along with Wordsworth and Coleridge and Southey they defined themes of romantic poetry exploring the interiority of the self and the relation of self to society and nature

*Romanticism and Women Poets* Harriet Kramer Linkin, Stephen C. Ashfield, 1998 In this new volume Andrew Ashfield illustrates how women extended the horizons of Romanticism by their insistent engagement with social issues such as slavery child labor and women workers His previous volume *Romantic Women Poets 1770 1838* explored how women poets made important contributions to major areas of Romanticism such as landscape and seascape Together these two volumes add new dimensions to the study of Romanticism by showing how the solitary meditation by the sea developed concurrently with major social concerns Ashfield exposes a much more complicated relationship between the self and society than has previously prevailed in our assessments of Romanticism Colonial

Australian Women Poets Katie Hansord, 2021-01-08 My book traces the significant poetic and political contributions made by non canonical women poets situating women s poetry both in colonial Australian print culture and in wider imperial and transnational contexts Women poets in colonial Australia have tended to be represented as marginal and isolated figures or absent This study intervenes by demonstrating an alternative networked tradition of transnational feminist poetics and

politics beyond and around emergent masculine nationalism particularly within newspapers and periodical print culture Without the inclusion of periodical literature women's poetry in Australia during the colonial period would appear to have been fairly limited When periodical literature is taken into account this picture is radically altered and poets emerge as consistent contributors often across a variety of newspapers and journals who were well known influential and connected with political figures and literary circles In examining this poetry in the original context of the newspapers and journals the political intervention and the reception of that poetry is made much more apparent

Behrendt, 2009-02-02 Approaching the work of Romantic era British women poets through the lenses of public radicalism war and poetic form This compelling study recovers the lost lives and poems of British women poets of the Romantic era Stephen C Behrendt reveals the range and diversity of their writings offering new perspectives on the work of dozens of women whose poetry has long been ignored or marginalized in traditional literary history British Romanticism was once thought of as a cultural movement defined by a small group of male poets This book grants women poets their proper place in the literary tradition of the time In an approach ripe for classroom teaching Behrendt first reviews the subject thematically exploring the ways in which the poems addressed both public concerns and private experiences He next examines the use of particular genres including the sonnet and various other long and short forms In the concluding chapters Behrendt explores the impact of national identity providing the first extensive study of Romantic era poetry by women from Scotland and Ireland In recovering the lives and work of these women Behrendt reveals their active participation within the rich cultural community of writers and readers throughout the British Isles This study will be a key resource for scholars teachers and students in British literary studies women's studies and cultural history
