The Eagles of Rome Book 1 – 6 , The strategic general Drusus is entrusted with the mission of bringing the indomitable barbarians of Germania under the Roman Empire s control Once the battle is won Prince Sigmar offers his son Arminius as a hostage to the Romans Caesar consigns the education of the young barbarian to one of his most trusted companions Titus Valerius Falco Titus has a son of the same age as Arminius an unruly young man called Marcus also in need of an education worthy of his name Together these two budding soldiers go through full training and are time and again subjected to the steely discipline and harsh tests of their tutor an ex legionary Through these trying experiences the insolent young Roman and the hot headed German gradually transform their reciprocal hatred into a strong friendship especially as they begin to discover the irresistible charms of their various female contemporaries

The History of Rome, Book I : the Period Anterior to the Abolition of the Monarchy Theodor Mommsen, 2016-01-13 This is a look at Ancient Rome s early history from its founding to the expulsion of its kings and the beginning of the Republic From the intro We intend here to relate the history of Italy not simply the history of the city of Rome Although in the formal sense of political law it was the civic community of Rome which gained the sovereignty first of Italy and then of the world such a view cannot be held to express the higher and real meaning of history What has been called the subjugation of Italy by the Romans appears rather when viewed in its true light as the consolidation into an united state of the whole Italian stock a stock of which the Romans were doubtless the most powerful branch but still were only a branch The history of Italy falls into two main sections 1 its internal history down to its union under the leadership of the Latin stock and 2 the history of its sovereignty over the world Under the first section which will occupy the first two books we shall have to set forth the settlement of the Italian stock in the peninsula the imperilling of its national and political existence and its partial subjugation by nations of other descent and older civilization Greeks and Etruscans the revolt of the Italians against the strangers and the annihilation or subjection of the latter finally the struggles between the two chief Italian stocks the Latins and the Samnites for the hegemony of the peninsula and the victory of the Latins at the end of the fourth century before the birth of Christ or of the fifth century of the city The second section opens with the Punic wars it embraces the rapid extension of the dominion of Rome up to and beyond

Rome Neil Faulkner,2013-09-13 The Roman Empire is widely admired as a model of civilisation In this compelling new study Neil Faulkner argues that in fact it was nothing more than a ruthless system of robbery and violence War was used to enrich the state the imperial ruling classes and favoured client groups In the process millions of people were killed or enslaved Within the empire the landowning elite creamed off the wealth of the countryside to pay taxes to the state and fund the towns and villas where they lived The masses of people slaves serfs and poor peasants were victims of a grand exploitation that made the empire possible This system riddled with tension and latent conflict contained the seeds of its own eventual collapse FAO publications catalogue 2023 Food and Agriculture Organization of the United Nations,2023-10-10 This catalogue aims to improve the dissemination and outreach of FAO s knowledge products and overall publishing programme By providing information on its key publications in every area of FAO s work and catering to a range of audiences it thereby contributes to all organizational outcomes From statistical analysis to specialized manuals to children s books FAO publications cater to a diverse range of audiences This catalogue presents a selection of FAO s main publications produced in 2023 or earlier ranging from its global reports and general interest publications to numerous specialized titles In addition to the major themes of agriculture forestry and fisheries it also includes thematic sections on climate change economic and social development and food safety and nutrition **Catholic Spectacle and Rome's Jews** Emily Michelson,2024-02-27 A

new investigation that shows how conversionary preaching to Jews was essential to the early modern Catholic Church and the Roman religious landscape Starting in the sixteenth century Jews in Rome were forced every Saturday to attend a hostile sermon aimed at their conversion Harshly policed they were made to march en masse toward the sermon and sit through it all the while scrutinized by local Christians foreign visitors and potential converts In *Catholic Spectacle and Rome's Jews* Emily Michelson demonstrates how this display was vital to the development of early modern Catholicism Drawing from a trove of overlooked manuscripts Michelson reconstructs the dynamics of weekly forced preaching in Rome As the Catholic Church began to embark on worldwide missions sermons to Jews offered a unique opportunity to define and defend its new triumphalist global outlook They became a point of prestige in Rome The city's most important organizations invested in maintaining these spectacles and foreign tourists eagerly attended them The title of Preacher to the Jews could make a man's career The presence of Christian spectators Roman and foreign was integral to these sermons and preachers played to the gallery Conversionary sermons also provided an intellectual veneer to mask ongoing anti Jewish aggressions In response Jews mounted a campaign of resistance using any means available Examining the history and content of sermons to Jews over two and a half centuries *Catholic Spectacle and Rome's Jews* argues that conversionary preaching to Jews played a fundamental role in forming early modern Catholic identity *Martial's Rome* Victoria Rimell, 2008 Explores Martial's radical vision of the relationship between art and reality and his role in formulating modern perceptions of Rome
