Italian Neorealist Photography Antonella Russo,2021-12-30 This book offers an analysis of the socio historical conditions of the rise of postwar Italian photography considers its practices and outlines its destiny Antonella Russo provides an incisive examination of Neorealist photography delineates its periodization traces its instances and its progressive popularization and subsequent co optation that occurred with the advent of the industrialization of photographic magazines This volume examines the ethno photo graphic missions of Ernesto De Martino in the deep South of Italy the key role played by the Neorealist writer and painter Carlo Levi as ambassador of international photography and the journeys of David Seymour Henry Cartier Bresson and Paul Strand in Neorealist Italy The text includes an account the formation and proliferation of Italian photographic associations and their role in institutionalizing and promoting Italian photography their link to British and other European photographic societies and the subsequent decline of Neorealism It also considers the inception of non objective photography that thrived soon after the war in concurrence with the circulation of Neorealism thus debunking the myth identifying all Italian postwar photography with the Neorealist image This book will be particularly useful for scholars and students in the history and theory of photography and Italian history      *General Catalogue of Printed Books* British Museum. *Catalogue of the Public Archives Library* Public Archives of Canada. Library,1979     *Photography and Italy* Maria Antonella Pelizzari,2010-11-15 In this beautifully illustrated book Maria Antonella Pelizzari traces the history of photography in Italy from its beginnings to the present as she guides us through the history of Italy and its ancient sites and Renaissance landmarks Pelizzari specifically considers the role of photography in the formation of Italian national identity during times of political struggle such as the lead up to Unification in 1860 and later in the nationalist wars of Mussolini s regime While many Italians and foreigners such as Fratelli Alinari or Carlo Ponti John Ruskin or Kit Talbot focused their lenses on architectural masterpieces others documented the changing times and political heroes creating icons of figures such as Garibaldi and the brigands Pelizzari s exploration of Italian visual traditions also includes the photographic collages of Bruno Munari the neorealist work of photographers such as Franco Pinna the bold stylized compositions of Mario Giacomelli and the controversial images created by Oliviero Toscani for Benetton advertising in the 1980s Featuring unpublished works and a rare selection of over one hundred images this book will appeal to art collectors and students of art history and Italian culture     Looking at Lovemaking John R. Clarke,2023-09-01 What did sex mean to the ancient Romans In this lavishly illustrated study John R Clarke investigates a rich assortment of Roman erotic art to answer this question and along the way he reveals a society quite different from our own Clarke reevaluates our understanding of Roman art and society in a study informed by recent gender and cultural studies and focusing for the first time on attitudes toward the erotic among both the Roman non elite and women This splendid volume is the first study of erotic art and sexuality to set these works many newly discovered and previously unpublished in their ancient context and the first to define the differences between modern and ancient concepts of sexuality using clear visual evidence Roman artists pictured a great range of human sexual activities far beyond those mentioned in classical literature including sex between men and women men and men women and women men and boys threesomes foursomes and more Roman citizens paid artists to decorate expensive objects such as silver and cameo glass with scenes of lovemaking Erotic works were created for and sold to a broad range of consumers from the elite to the very poor during a period spanning the first century B C through the mid third century of our era This erotic art was not hidden away but was displayed proudly in homes as signs of wealth and luxury In public spaces artists often depicted outrageous sexual acrobatics to make people laugh Looking at Lovemaking depicts a sophisticated pre Christian society that placed a high value on sexual pleasure and the art that represented it Clarke shows how this culture evolved within religious social and legal frameworks that were vastly different from our own and contributes an original and controversial chapter to the history of human sexuality     **Italian Humanist Photography from Fascism to the Cold War** Martina

Caruso, 2020-08-19 Spanning four decades of radical political and social change in Italy this interdisciplinary study explores photography's relationship with Italian painting film literature anthropological research and international photography. Evocative and powerful Italian social documentary photography from the 1930s to the 1960s is a rich source of cultural history reflecting a time of dramatic change. This book shows through a wide range of images some published for the first time that to fully understand the photography of this period we must take a more expansive view than scholars have applied to date considering issues of propaganda aesthetics religion national identity and international influences. By setting Italian photography against a backdrop of social documentary and giving it a distinctive place in the global history of photography this exciting volume of original research is of interest to art historians and scholars of Italian and visual culture studies.

**The British Library General Catalogue of Printed Books to 1975** British Library, 1986     *Art Books*, 1979 Including an international directory of museum permanent collection catalogs     The National union catalog, 1968-1972, 1973
