Rome Or Reason

Henry Phibbs Fry

Rome Or Reason:

Old England against Modern Rome. Reasons why the ancient Laws and Constitution of England should not be changed by or for a foreign potentate. By E. Eleutherius, 1850 *Rome Or Reason?* R. G. Ingersoll, 1931 *Reasons for abjuring allegiance to the see of Rome, a letter* Pierce Connelly, 1852 *Forty Reasons for Leaving the Church of Rome* Henry Phibbs Fry, 1854 **Reasons why the priests of Rome deny the laity under their charge the divine right of private judgment, by an Irish layman [F. Bell].** Francis Bell (of Portadown.), 1883 Rome Or Reason Cardinal Manning, Col Robert G Ingersoll, Robert Ingersoll, 2013-12

This also contains a piece entitled *Is Divorce Wrong* Let me suppose that I am an unbeliever in Christianity and that some friend should make me promise to examine the evidence to show that Christianity is a Divine revelation I should then sift and test the evidence as strictly as if it were in a court of law and in a cause of life and death my will would be in suspense it would in no way control the process of my intellect If it had any inclination from the equilibrium it would be towards mercy and hope but this would not add a feather's weight to the evidence nor sway the intellect a hair's breadth After the examination has been completed and my intellect convinced the evidence being sufficient to prove that Christianity is a divine revelation nevertheless I am not yet a Christian All this sifting brings me to the conclusion of a chain of reasoning but I am not yet a believer The last act of reason has brought me to the brink of the first act of faith They are generically distinct and separable The acts of reason are intellectual and jealous of the interference of the will The act of faith is an imperative act of the will founded on and justified by the process and conviction of the intellect Hitherto I have been a critic henceforward if I will I become a disciple It may here be objected that no man can so far suspend the inclination of the will when the question is has God indeed spoken to man or no is the revealed law of purity generosity perfection divine or only the poetry of imagination Can a man be indifferent between two such sides of the problem Will he not desire the higher and better side to be true And if he desire will he not incline to the side that he desires to find true Can a moral being be absolutely indifferent between two such issues and can two such issues be equally attractive to a moral agent Can it be indifferent and all the same to us whether God has made Himself and His will known to us or not Is there no attraction in light no repulsion in darkness Does not the intrinsic and eternal distinction of good and evil make itself felt in spite of the will Are we not responsible to receive the truth in the love of it Nevertheless evidence has its own limits and quantities and cannot be made more or less by any act of the will And yet what is good or bad high or mean lovely or hateful ennobling or degrading must attract or repel men as they are better or worse in their moral sense for an equilibrium between good and evil to God or to man is impossible *Judaism at Rome. B.C. 76 to A.D. 140* Frederic HUIDEKOPER, 1876 *Rome's Eastern Trade* Gary K. Young, 2003-10-04 Utilising new archaeological research the author questions the traditionally held view that the imperial government had a strong political interest in eastern trade Instead he argues that their primary motivation was the tax income **Classical Apologetics** Robert Charles Sproul, John Henry

Gerstner, Arthur Lindsley, 1984 This work on apologetics examines the classical arguments for the existence of God ontological and Thomistic arguments discusses the philosophical issues that confront contemporary apologetics and provides an incisive critique of presuppositional apologetics Newman's Early Roman Catholic Legacy 1845-1854 C. Michael Shea, 2017 This volume considers the impact of Newman's Essay on Development 1845 on Roman Catholicism of the time immediately after his conversion **The History of Rome** Theodor Mommsen, William Purdie Dickson, 1908 **The Roman Catholic Church Challenged in the Discussion of Thirty-two Questions with the Catholic Laymen's Association of Georgia** Caesar Augustus Yarbrough, 1920 **Illyricum in Roman Politics, 229 BC-AD 68** Danijel Dzino, 2010-01-21 This book examines Roman military and political conquest of the Western Balkans Illyricum between 229 BC and c AD 68 using written and archaeological sources It shows the various political strategies that the Romans were using in dealing with the indigenous population of the region **The Fra**, 1912 **Federal Register**, 1996-03 *The Semiotics of Caesar Augustus* Elina Pyy, 2018-02-22 Gaius Julius Caesar Octavianus better known as Augustus was the first Roman emperor and is one of the most iconic figures in world history Two thousand years after his death Augustus remains a strong presence in modern culture *The Semiotics of Caesar Augustus* examines the meanings and significances of Augustus in Western literary and popular culture from the 1960s until the turn of the millennium Drawing on the theoretical background of semiotics and classical reception studies Elina Pyy investigates the representation of Augustus in the postmodern novels of Kurt Vonnegut and Christoph Ransmayr as well as in the genre of historical fiction and in screen representations from both sides of the Atlantic Scrutinizing what Caesar Augustus stood for in the postmodern world and the main factors that influenced and still influence the modern reader's interpretation of him this book is grounded on the premise that the past being a system of signs based on our culturally shared understanding of them is continuously created and reconstructed by the modern audience Arguing that the many faces of the emperor can be considered to be reactions to contemporary cultural socio political or emotional needs *The Semiotics of Caesar Augustus* shows how his character was recurrently utilized to explain and understand the ways in which the discourses of power liberty oppression and humanity operated in the postmodern world The Birth of Critical Thinking in Republican Rome Claudia Moatti, 2015-09-09 In this classic work now appearing in English for the first time Claudia Moatti analyses the intellectual transformation that occurred at the end of the Roman Republic in response both to the political crisis and to the city's expansion across the Mediterranean This was a period of great cultural dynamism and creativity when Roman intellectuals most notably Cicero and Varro began to explore all areas of life and knowledge and to apply critical thinking to the reassessment of tradition and the development of a systematic new understanding of the Roman past and present This movement linked to the development of writing challenged old forms of authority and adherence belief and behaviour without destroying tradition and for this reason this rational trend can be described not as a cultural but as an epistemological revolution whose greatest achievement Professor

Moatti argues was the development of the system of Roman law **Reasons for Becoming a Roman Catholic** Frederick Lucas,1839 *Augustine and Roman Virtue* Brian Harding,2008-09-01 Augustine and Roman Virtue seeks to correct what the author sees as a fundamental misapprehension in medieval thought a misapprehension that fuels further problems and misunderstandings in the historiography of philosophy This misapprehension is the assumption that the development of certain themes associated with medieval philosophy is due primarily if not exclusively to extra philosophical religious commitments rather than philosophical argumentation referred to here as the sacralization thesis Brian Harding explores this problem through a detailed reading of Augustine s City of God as understood in a Latin context that is in dialogue with Latin writers such as Cicero Livy Sallust and Seneca The book seeks to revise a common reading of Augustine s critique of ancient virtue by focusing on that dialogue while showing that his attitude towards those authors is more sympathetic and more critical than one might expect Harding argues that the criticisms rest on sympathy and that Augustine s critique of ancient virtue thinks through and develops certain trends noticeable in the major figures of Latin philosophy The Works of Orestes A. Brownson: Explanations and index Orestes Augustus Brownson,1887
