Rommel The Great Commanders:

Great Military Commanders - Erwin Rommel ,2018-09-17 Erwin Rommel was a German general and military theorist Popularly known as the Desert Fox he served as field marshal in the Wehrmacht of Nazi Germany during World War II A biography that every student of military history should read This book gives out the life military career and and military leadership of this great Military Commander This book is a compilation of high quality articles from the Internet *Great Commanders [Illustrated Edition]* Dr. Christopher Gabel,2014-08-15 Includes 3 maps and 7 illustrations The command of military forces in combat is unlike any other field of human endeavor If war is the ultimate form of human competition then the commander is the ultimate competitor The commander operates in an environment of chance uncertainty and chaos in which the stakes are quite literally life and death He or she contends against an adversary who is using every means fair or foul to foil his plans and bring about his defeat The commander is ultimately responsible for every variable that factors into military success or failure training logistics morale equipment planning and execution The commander reaps the lion s share of plaudits in victory but also must accept the blame in defeat warranted or not Very often the line that separates fame and ignominy is slender indeed It is not difficult to identify great commanders though the overwhelming majority of generals who win battles are never considered great Something more than a favorable ratio of wins to losses is needed to establish greatness The truly great commander is generally considered to be one who attains the unexpected or the unprecedented one who stands above his contemporaries through his skill on the battlefield or through the sheer magnitude of his accomplishments The commanders selected were masters of warfare in their particular time and environment Each capitalized upon the social political economic and technological conditions of his day to forge successful military forces and win significant and noteworthy victories that profoundly altered the world in which he lived Dr Christopher R Gabel The Great Commanders covered by this volume are Alexander the Great Genghis Khan Napoleon John J Pershing Erwin Rommel and Curtis E LeMay **Rommel's Desert Commanders** Samuel W. Mitcham,2008-07-07 New perspective on the most famous campaign of the legendary Desert Fox Details on the contributions and animosities of Rommel s subordinates Includes accounts of Tobruk Gazala El Alamein and other battles In Libya and Egypt in 1941 and 1942 German Field Marshal Erwin Rommel achieved immortality as the Desert Fox battling and usually defeating numerically superior enemies Until now historians have generally overlooked the talented cast of characters who supported Rommel during this campaign Distinguished military historian Samuel Mitcham recounts the battles of the Afrika Korps through the men who served Rommel as staff officers and commanders of divisions regiments and battalions soldiers like Ludwig Cr well and Walter Nehring two of World War II s best panzer commanders and Ernst G nther Baade who wore a kilt and carried a broadsword into battle **Rommel's Desert Commanders** Samuel W. Mitcham Jr.,2007-02-28 Perhaps the most famous and admired soldier to fight in World War II was Field Marshal Erwin Rommel who achieved immortality as the Desert Fox Rommel s first

field command during the war was the 7th Panzer Division also known as the Ghost Division which he led in France in 1940 During this campaign the 7th Panzer suffered more casualties than any other division in the German Army at the same time inflicting a disproportionate number of casualties upon the enemy It took 97 486 prisoners captured 458 tanks and armored vehicles 277 field guns 64 anti tank guns and 4 000 to 5 000 trucks It captured or destroyed hundreds of tons of other military equipment shot down 52 aircraft destroyed 15 more aircraft on the ground and captured 12 additional planes It destroyed the French 1st Armored Division and the 4th North African Division punched through the Maginot Line extension near Sivry and checked the largest Allied counteroffensive of the campaign at Arras When France surrendered the Ghost Division was within 200 miles of the Spanish border No doubt about it Rommel had proven himself a great military leader who was capable of greater things His next command in fact would be the Afrika Korps where the legend of the Desert Fox was born Rommel had a great deal of help in France much more than his published papers suggest His staff officers and company battalion and regimental commanders were an extremely capable collection of military leaders that included 12 future generals two of them SS and two colonels who briefly commanded panzer divisions but never reached general rank They also included Colonel Erich von Unger who would no doubt have become a general had he not been killed in action while commanding a motorized rifle brigade on the Eastern Front in 1941 as well as Karl Hanke a Nazi gauleiter who later succeeded Heinrich Himmler as the last Reichsfuehrer SS No historian has ever recognized the talented cast of characters who supported the Desert Fox in 1940 No one has ever attempted to tell their stories This book remedies that deficiency

Great Commanders Christopher Richard Gabel,James H. Willbanks,2012-01-01 This volume is not a study of the greatest commanders rather it is an examination of commanders who should be considered great The seven leaders examined in various domains of ground sea and air each in their own way successfully addressed the challenges of military endeavor in their time and changed the world in which they lived Foreword **Great Warrior Leaders/thinkers** ,1989

Battles of the Great Commanders Anthony Livesey,1990 Twenty famous victories won by some of the most outstanding field commanders in history are portrayed in this book Selected because of their vital contribution to the development of battlefield tactics the commanders in this book span more than two thousand years of warfare The battles chosen reveal the vital links between the manner in which victory was achieved and the military skill and leadership of each great commander Jacket *Rommel's Desert War* Samuel W. Mitcham,2007-08-16 The most famous battles of one of World War II s most

legendary commanders Told largely from Rommel s perspective using his papers and letters **Beyond Normandy: Rommel's Legacy** Pasquale De Marco,2025-03-17 Erwin Rommel the Desert Fox is one of the most iconic military commanders of World War II His daring exploits in North Africa and his defense of Normandy against the Allied invasion have made him a legend But who was the real Rommel Was he a brilliant general or a ruthless war criminal This book explores Rommel s life and career in detail examining his military campaigns his leadership style and his personal life It also

discusses the controversies surrounding his legacy and tries to understand why he remains such a fascinating figure to this day. Rommel was born in 1891 in Heidenheim, Germany. He joined the German army in 1910 and served with distinction in World War I. After the war, he remained in the military and rose through the ranks. In 1940, he was given command of the Afrika Korps, a German expeditionary force sent to North Africa to aid the Italian army. Rommel quickly proved to be a brilliant military commander. He led the Afrika Korps to a series of victories against the British, culminating in the capture of Tobruk in June 1942. Rommel's successes in North Africa made him a national hero in Germany and earned him the nickname "Desert Fox." However, Rommel's luck eventually ran out. In October 1942, the British launched a massive offensive against the Afrika Korps at El Alamein. Rommel was forced to retreat and eventually evacuate his troops from North Africa. In 1944, Rommel was given command of the German forces defending Normandy against the Allied invasion. He was tasked with holding the Allies at bay long enough for the Germans to build up their defenses in France. Rommel knew that the odds were stacked against him, but he was determined to do his duty. The Allies landed in Normandy on June 6, 1944. Rommel's forces fought bravely but were outnumbered and outgunned. After a month of fighting, Rommel was forced to retreat. The Allies liberated Paris in August 1944, and Rommel was dismissed from his command. Rommel was implicated in the July 20 plot to assassinate Hitler, and he was forced to commit suicide in October 1944. He was 53 years old.

This book is the definitive biography of Erwin Rommel. It is a must-read for anyone interested in military history, World War II, or the life of one of the most fascinating figures of the 20th century. If you like this book, write a review.

Knight's Cross
David Fraser, 2008-07. Erwin Rommel was the outstanding Axis field commander of the Second World War, respected even admired by his opponents. Here, it seemed to the Allies, was a supremely professional soldier, chivalrous, decent, largely untainted by the crimes of the Nazi regime, carrying out his duty with often dazzling success. David Fraser's definitive study brings to Rommel's career not only the insights of an acclaimed biographer but also those of a distinguished soldier. He shows how inspiringly spontaneous and superficially haphazard Rommel's style of leadership could be, how his hallmarks of boldness, of manoeuvre, ferocity in attack, and tenacity in pursuit, which characterised his great campaign in North Africa, were evident from his earliest battles in the First World War. Knight's Cross is first and foremost the biography of a soldier, but Rommel reached a position in which he almost inevitably became embroiled in politics, including his alleged involvement in the plot to kill Hitler, which condemned him in the eyes of the

Fuhrer he had served so loyally Rommel is not to David Fraser a flawless hero his failing as well as his genius are recorded here But he had that instinct for battle and leadership which set him apart from contemporaries and places him among the truly great commanders of history

The Lion and the Lamb Charles Causey, 2016-11-18 A true Holocaust story The Lion and the Lamb begins with a mysterious plane crash which catapults architect Albert Speer into Adolf Hitler's inner circle When the two Nazi leaders become close confidantes Speer is forced into constant competition with Heinrich Himmler Joseph Goebbels and the unstable Hermann Goring When a botched assassination attempt reveals Albert Speer's name in an SS investigation Speer is ostracized by the staff and falls under Hitler's suspicion for disloyalty As the Russian army advances on Berlin Speer is poisoned, lied about and forced to fight for his standing with the most evil and calculating men in Europe Will Speer survive his last minute trip to the Fuhrer's bunker just hours before the end The Lion and the Lamb also tells the story of a Dutch Resistance worker named Corrie ten Boom who leads her entire family into a desperate struggle against the Nazis' anti-Jewish policies in Holland Like Speer Corrie is thrust into a psychological torture chamber suffering daily anguish from abusive guards She is forced to travel from prison to prison in Nazi death trains after her underground operation is raided by the secret police A novel of innocence, betrayal and tragedy The Lion and the Lamb is an absorbing tale of how war-torn people cling to the power of faith, hope and love

Rommel's Lieutenants Samuel W. Mitcham, 2008-12-17 Covers Erwin Rommel's World War II battles before he led the legendary Afrika Korps First work to recognize the talented staff officers and company, battalion and regimental commanders who supported Rommel One of the most famous soldiers to fight in World War II Erwin Rommel achieved immortality as the Desert Fox in the sands of Africa but his first field command was the 7th Panzer Division the so-called Ghost Division During the 1940 campaign in France the unit suffered more casualties than any other German division and at the same time inflicted heavy losses on the Allies taking almost 100,000 prisoners The Ghost Division's success owed much to Rommel's subordinates who aided Rommel more than he admitted in his papers and whom historians have generally overlooked This book remedies that oversight

Gazala 1942 Ken Ford, 2011-03-15 Illustrated by contemporary photos and specially commissioned maps this book is a fascinating account of Rommel's greatest victory Following a lull in the desert war which saw the Germans and British reinforce their armies Rommel suddenly attacked British fortifications with an assault on the northern sector of the British line near Gazala Pinning down the British in the north and outflanking the 1st Free French Brigade Rommel succeeded in encircling the main British positions trapping them in what became known as The Cauldron With thousands of British soldiers killed or taken prisoner this was a devastating defeat for the Allies Accompanied by contemporary photographs and maps depicting the movement of both armies Ken Ford provides a masterful study of Rommel the Desert Fox at the height of his powers as he swept the British army back to the site of their final stand at El Alamein
