Reagan the Man, the President Hedrick Smith, 1981 Biografie van de Amerikaanse president en ex filmster geb 1911

Ronald Reagan, Mr. President Steven F. Walker, Joseph Ollivier, 1980* **Public Papers of the Presidents of the United States: Ronald Reagan, 1988-1989** Reagan, Ronald, 1990-01-01 Public Papers of the Presidents of the United States The President Is at Camp David W. Dale Nelson, 2000-04-01 In this text W Dale Nelson chronicles the genesis and development of the position of the White House press secretary during the 20th century He also covers each administration in detail using newspaper archival and interview sources **Public Papers of the Presidents of the United States: Ronald Reagan, 1985** Reagan, Ronald, 1988-01-01 Public Papers of the Presidents of the United States Public Papers of the Presidents of the United States: Ronald Reagan, 1981 Reagan, Ronald, 1982-01-01 Public Papers of the Presidents of the United States **Ronald Reagan** United States. President (1981-1989 : Reagan), 1982 **The President, the State and the Cold War** James Bilsland, 2015-02-11 US foreign policy during the Cold War has been analysed from a number of perspectives generating large bodies of literature attempting to explain its origins its development and its conclusion However there are still many questions left only partially explained In large part this is because these accounts restrict themselves to a single level of analysis either the international system or the structure of the state and society The first level of analysis focusing on the role of individuals has largely been excluded This book argues that structural theories and any approach that limits itself to one level of analysis are inadequate to explain the development of US foreign policy Instead it is necessary to incorporate the first level of analysis in order to bring human agency back and provide a more detailed explanation of US foreign policy Bilsland proposes an analytical framework which incorporates presidential agency into a multi level analysis of US foreign policy during the Cold War constructing a multi level case study comparison of the foreign policies of Presidents Truman and Reagan He argues that the worldview of the president is central to agenda setting in US foreign policy making and that the management style of the president influences both decision making and the implementation of US foreign policy Evidence to support this is drawn from detailed empirical analysis of Truman s foreign policy of containment in Korea and Reagan s foreign policy of rollback in Nicaragua This work will be of interest to students and scholars of US Foreign Policy US History and International Relations Memorial Services in the Congress of the United States and Tributes in Eulogy of Ronald Reagan, Late a President of the United States ,2005 Congressional Record United States. firsthand account of Reagan's presidency Peter J Wallison former White House Counsel to President Reagan asserts that Reagan took office with a fully developed public philosophy and strategy for governing that was unique among modern presidents I am not a great man Reagan once said just committed to great ideas Wallison shows how Reagan's unyielding attachment to certain key ideas communicated through his speeches created a cohesive administration and revived the spirit of the nation Reagan limited his personal efforts to those issues he considered central to his presidency choosing to delegate to his cabinet and staff those matters he viewed as secondary to his agenda This leadership style was responsible for Reagan's accomplishments but also for his missteps and the criticism he received from his detractors During his presidency Reagan experienced both enormous success in the unprecedented growth of the economy the first arms reduction agreement with the former Soviet Union and the revival of confidence in America and near disaster in the Iran Contra affair In Ronald Reagan Wallison describes what it was like to be on Reagan's White House staff and how Reagan's attachment to principle produced both the best and worst days of his presidency

president has harnessed the media whether intentional or not to imprint his own character on the office In this remarkable new history acclaimed scholar Harold Holzer examines the dual rise of the American presidency and the media that shaped it From Washington to Trump he chronicles the disputes and distrust between these core institutions that define the United States of America revealing that the essence of their confrontation is built into the fabric of the nation [The President Is Dead!](#) Louis L.
