Root Causes Of Terrorism Myths Reality And Ways Forward:

Root Causes of Terrorism Tore Bjørge, 2005 , Understanding Terrorism: Analysis of Sociological and Psychological Aspects S. Ozeren, I.D. Gunes, D.M. Al-Badayneh, 2007-07-13 Terrorism is a multi dimensional phenomenon and this publication aims at comprehending it This book has unique characteristics in terms of its focus on different issues it has a comprehensive focus on the conceptualization of terrorism and understanding of it It does not only explain the concept it also addresses the important issues which help us to really understand why and how individuals commit such an act Issues range from social and psychological analysis of a terrorist behavior to extremist subcultures and globalization This publication also successfully reviews and analyzes underlying causes of terrorism and what really makes it valuable is that the chapters present the topics with relevant data which is current and up to date Issues such as inequality globalization immigration gender and democracy are analyzed with research involving comprehensive data analysis Furthermore the book has both theoretical discussion and practical experience which makes this study a source book for the academicians and practitioners It reflects the experience and knowledge of the authors most of whom have both academic and practical experience in the field The chapters have the analysis based on professional experience and successful academic research

Theories of Terrorism Daniela Pisoiu, Sandra Hain, 2017-09-28 This new textbook provides students with a multidisciplinary theoretical and methodological introduction to terrorism studies The book identifies the main theories proposed in the field of terrorism studies as they relate to several issues why and how individuals and organizations get involved in terrorism the definition and concept of terrorism state terrorism leaving terrorism behind counter terrorism manifestations of terrorism in time and space Terrorism studies is a highly heterogeneous field with a broad range of theories and disciplines marked by ample debates Beyond individual contributions and unique perspectives however it is difficult for students and interested readers to have a broader and structured grasp of the theoretical landscape within and behind the study of terrorism This textbook offers a valuable new teaching tool which aims to provide students with the conceptual theoretical and methodological toolbox necessary to understand and research terrorism This book will be essential reading for students of terrorism studies political violence and counter terrorism and is highly recommended for students of security studies criminology politics and international relations

Terrorism: The Basics James Lutz, Brenda Lutz, 2011-02-28 Terrorism The Basics is an ideal starting point for anyone interested in one of the most discussed written about and analysed aspects of modern life Common misconceptions are dispelled as the authors provide clear and jargon free answers to the big questions What does terrorism involve Who can be classified as a terrorist What are terrorists trying to achieve Who are the supporters of terrorism Can there ever be an end to terrorist activity These questions and more are answered with reference to contemporary groups and situations allowing readers to relate theory to what they have seen on the news Written with clarity and insight this book is the perfect first book on terrorism for students of all levels

Terrorist Minds: From Social-psychological Profiling To

Assessing The Risk Sagit Yehoshua, 2020-10-19 This book's excellent discussion of the theories and concepts involved in profiling terrorists including those who are incarcerated is a major contribution to the academic discipline on these issues. Perspectives on Terrorism Terrorist Minds From Social Psychological Profiling to Assessing the Risk explores the process of terrorist behavioural analysis from the social psychological profiling of terrorists to the development of risk assessment tools. Most of the research for this book was conducted in cooperation with the Intelligence Department of the Israeli Prison Service via qualitative in depth interviews with leaders of terrorist organisations in Israeli prisons. Once social psychological profiles were established terrorist risk assessment tools were developed to allow for better observation and practical management of associated problems. This book fills the gaps in existing literature on the psychology of imprisoned terrorist group leaders through the analysis of individuals' social, professional and personal lives as well as their attitudes and perceptions. The book also covers the practical aspects of risk assessment based on social psychological profiling and discusses relevant tools that have been developed in recent years. It aims to better inform counter terrorism initiatives and policymaking as well as improve methods of communication counter terrorism and conflict resolution.

Militancy and Violence in West Africa James Gow, Funmi Olonisakin, Ernst Dijxhoorn, 2013-07-18 This volume provides a systematic and cross regional analysis of radicalisation, militancy and violence in West Africa. Concern about terrorism in or from West Africa has been recognised in academic research and the adoption of militarised approaches to addressing it questioned. However, the basis for that questioning, the need to investigate factors such as the historical and socio economic roots of militancy, is not developed nor is it substantiated in existing studies. The significant impact of religiously motivated radicalisation and violence in West Africa upon international security makes it essential to understand the issues of militancy and violence in the region. In this volume the authors draw upon empirical research in West Africa to develop understanding in these areas. Over the course of several chapters written by leading experts in the field, the book successfully blends historical and conceptual analysis with new empirical research gathered from focus group discussions and research interviews. Each of these core studies is structured around five interrelated issues: tracing the antecedents of radicalisation, monitoring trends, identifying actors, anticipating possibilities and analysing the strength of existing preventive mechanisms. This book will be of much interest to students of African security, African politics, radicalisation, political Islam, war and conflict studies and security studies in general.

Terrorism and Political Violence Caroline Kennedy-Pipe, Gordon Clubb, Simon Mabon, 2015-02-10 This book introduces you to the key issues in contemporary studies on Terrorism. Its interdisciplinary approach provides a unique intellectual rigour which introduces readers to cutting edge research. Bringing together chapters contributed by members of the Terrorism and Political Violence Association network, it offers an insight into a variety of traditional and critical perspectives. It also equips Undergraduate and Postgraduate students with the study skills needed to succeed in coursework and assignments, especially dissertation work. Drawing on the expertise of TAPVA members, this book

Explores contemporary issues such as drone warfare state violence children and political violence cyber terrorism and de radicalisation Features case studies drawn from a range of international examples lists of further reading key concepts and questions for use in seminars and private study Provides you with study skills content designed to help you complete your dissertation This is the perfect textbook to guide you through your studies in terrorism political violence international security and strategic studies

Extreme Right Wing Political Violence and Terrorism Max Taylor,P.M. Currie,Donald Holbrook,2013-02-14 In this collection senior experts explore all aspects of extreme right wing political violence from the nature of the threat processes of engagement and ideology to the lessons that can be drawn from exiting such engagement Further right wing activism and political violence are compared with Jihadi violence and engagement Also the European experience is placed within a greater framework including that of the United States and the Arab Spring The book opens with an essay on U S far right groups investigating their origins and processes of recruitment It then delves into violence against UK Mosques and Islamic centers the relationship between Ulster loyalism and far right extremism the Dutch extremist landscape and the July 2011 Norway attacks Also discussed are how narratives of violence are built and justified at what point do individuals join into violence and how differently states respond to left wing vs right wing extremism This comparative work offers a unique look into the very nature of right wing extremism and will be a must read for anyone studying political violence and terrorism

Terrorism and the State Kieran McConaghy,2017-08-22 This book investigates the ways in which the particular nature and character of the state can impact upon the effectiveness of counter terrorism efforts and on the trajectory of violent conflicts Here McConaghy not only analyses historical campaigns of terrorism and the response of states to them but also highlights how factors such as emotion intra state cooperation communication and competition have all served to shape conflicts in the past This volume explains what the ramifications of these factors are for academics studying political violence for state elites with counter terrorism responsibility and for individuals or organizations who use violence to achieve their political goals

[Understanding Terrorism in the Age of Global Media](#) C. Archetti,2015-12-11 We cannot truly understand let alone counter terrorism in the 21st century unless we also understand the processes of communication that underpin it This book challenges what we know about terrorism showing that current approaches are inadequate and outdated and develops a new communication model to understand terrorism in the media age

Theories of Terrorism Murat Haner,Melissa M. Sloan,2021-09-29 Theories of Terrorism explains and advances the major theories of terrorism that address issues of becoming a terrorist being a terrorist and leaving terrorism in a clear and accessible format Readers will gain an understanding of the most promising explanations of terrorism that have been developed to date and how they can be used to explore core substantive issues related to the topic The content is delivered with a scholarly depth though still accessible by students at different levels The book offers explanations from prominent scholars for the three phases of radicalization covering emerging topics such as women s

involvement in terrorism fear of terrorism the code of the terrorist and suicide terrorism This is the first book in the Advances in Criminological Theory series to address the issue of terrorism and emphasizes the use of theory to direct research development in the future The style and content coverage of the book make it appropriate as a supplemental text in undergraduate courses on terrorism and political violence The inclusion of current empirical literature and guidance for future research efforts gives the text appeal for graduate students and academics in the disciplines of criminology criminal justice political science sociology and interdisciplinary terrorism studies The emphasis on theory and the radicalization process throughout the text will also make the book useful as a reference for general graduate level theory courses within these areas

Avoiding The Terrorist Trap: Why Respect For Human Rights Is The Key To Defeating Terrorism

Thomas David Parker, 2019-06-17 This book makes uncomfortable reading both in its detailed analysis of terrorism and its causes and in the critique of state responses particularly in modern times It is unusual to have such a defence of a human rights framework from a counter terrorism practitioner rather than from within the legal fraternity It is this that makes the case even more persuasive All who are involved in counter terrorism strategy should consider carefully the arguments put forward Global Policy Journal For more than 150 years nationalist populist Marxist and religious terrorists have all been remarkably consistent and explicit about their aims provoke states into over reacting to the threat they pose then take advantage of the divisions in society that result Yet state after state falls into the trap that terrorists have set for them Faced with a major terrorist threat governments seem to reach instinctively for the most coercive tools at their disposal and in doing so risk exacerbating the situation This policy response seems to be driven in equal parts by a lack of understanding in the true nature of the threat an exaggerated faith in the use of force and a lack of faith that democratic values are sufficiently flexible to allow for an effective counter terrorism response Drawing on a wealth of data from both historical and contemporary sources Avoiding the Terrorist Trap addresses common misconceptions underpinning flawed counter terrorist policies identifies the core strategies that guide terrorist operations consolidates the latest research on the underlying drivers of terrorist violence and then demonstrates why a counter terrorism strategy grounded in respect for human rights and the rule of law is the most effective approach to defeating terrorism

Global Terrorism James Lutz, Brenda

Lutz, 2013-06-26 Global Terrorism 3rd edition continues to provide students with the most comprehensive introduction to terrorism as a global phenomenon It introduces students to history politics ideologies and strategies of both contemporary and older terrorist groups Written in a clear and accessible style each chapter explains a different aspect of terrorism and illustrates this with a wide variety of detailed case studies from across the world Although the focus is on the contemporary the book also includes discussion of older terrorist groups Building on the strengths of the previous editions this edition has been revised and updated throughout and includes new material on Strategies of terrorism The future of Al Qaeda after the death of Bin Laden Changes in the Middle East New case studies on Hizbollah Afghanistan Pakistan Aum Shinrikyo Japan

Militia movement in the US The unique combination of a genuinely historical focus and truly global coverage makes this an ideal introductory textbook for anyone studying terrorism **Social Roots of Violent Extremism** Liana Maria

Daher,Francesco Antonelli,Valeria Rosato,2025-08-02 This volume examines the environments that enable radicalization and extremism today drawing from extensive European research based on the Horizon 2020 project PARTICIPATION Examining theoretical and practical studies the book analyzes how the erosion of institutional integration social participation and political stability among marginalized groups can lead to feelings of deprivation alienation and self victimization In these environments individuals often from disadvantaged or immigrant backgrounds rebuild their identities through extremism finding a sense of belonging in radical and sometimes violent ideas that are easily accessible online The book further sheds light on this paradox of modern extremism while extremists embrace technological tools like digital platforms they reject core modern values such as personal freedom and cultural diversity This volume argues for innovative approaches to radicalization emphasizing prevention through the creation of inclusive social environments and critical dialogue on the role of digital technology in radical movements **The Impact of Global Terrorism on Economic and Political**

Development Ramesh Chandra Das,2019-05-13 This edited collection seeks to address and analyse the ramifications of terrorism and terrorist activities at a world level with a specific focus on the economies and political systems in the Afro Asian regions **Understanding Violence Against Women in Africa** Francis Onditi,Josephine Odera,2021-08-22 This textbook provides students across Social Sciences Humanities Politics and International Studies with an in depth understanding of the issues policies and strategies for addressing the symptoms and root causes of violence against women VAW in sub Saharan Africa This text uses the United Nations Security Council s Resolution 1325 UNSCR 1325 on Women Peace and Security in Eastern and Southern Africa as a framework to present the causes and impacts of VAW and to trace the journey of sub Saharan African countries toward gender equality It also provides an overview of the policy and legislative frameworks that underpin the progress challenges and achievements of addressing VAW based on four key pillars prevention protection participation and relief and recovery Chapters provide a wealth of knowledge as the book draws on academic literature national regional and international legislations and data collected from field research and makes use of end of chapter discussion questions and quick study guides Students will come away equipped with the tools resources and knowledge necessary to address and fix VAW in sub Saharan Africa and beyond **EU Counter-Terrorism and**

Intelligence Javier Argomaniz,Oldrich Bures,Christian Kaunert,2017-10-02 The Treaty on the European Union stipulates that one of the key objectives of the Union is to provide citizens with a high level of safety within an Area of Freedom Security and Justice Given that the fight against terrorism is a prominent aspect of this general objective it is remarkable that in spite of its political relevance and decade long history it has only relatively recently received due attention in the academic community Yet an analysis of the successes and failures of the EU s involvement in this field is imperative and this is a

particularly pertinent moment to take stock of progress The goal of this book is therefore to look back at the post 9 11 period and answer the question of whether when it comes to the measures taken to combat terrorism following these attacks the EU has lived up to the promise made in its founding treaties In pursuing this goal this volume presents the views of leading experts casting a critical eye over the EU s performance recognising achievements but also being suitably critical when the realities did not match the European rhetoric In doing this the book makes a significant contribution not only to the scholarly investigation of European Union policies but also to the study of counter terrorism in general This book was published as a special issue of Intelligence and National Security

Global Terrorism Brenda Lutz, 2019-04-03 *Global Terrorism* 4th edition continues to provide students with the most comprehensive introduction to terrorism as a global phenomenon It introduces students to history politics ideologies and strategies of both contemporary and earlier terrorist groups Written in a clear and accessible style each chapter explains a distinctive aspect of terrorism and discusses a wide variety of detailed case studies from around the world Although the focus is on the contemporary the book also includes discussion of preceding terrorist groups Building on the strengths of the first three editions this edition includes new material on Attacks by ISIS in Europe Unrest in Afghanistan and Pakistan Russia and Chechnya Violence in Iraq Decades of terrorism in Northern Ireland Sri Lanka Colombia and the Basque region of Spain Right wing terrorism in the United States The unique combination of a genuinely historical focus and truly global coverage makes this an ideal introductory textbook for anyone interested in the study of terrorism

US Counter-terrorism Strategy and Al-Qaeda Joshua A. Geltzer, 2009-09-10 This book examines the communicative aspects and implications of US counter terrorist policies towards al Qaeda Recent US counter terrorist strategy has been largely based upon projecting certain perceptions of America as an actor to those drawn to al Qaeda and this book investigates in what ways and to what extent US officials believed that the signals sent by what America did and said could influence the behaviour of the terrorist and would be terrorist The study then draws on a growing understanding of that audience to analyse how those drawn to al Qaeda were and indeed still are likely to be influenced by the perceptions of America that Washington s policies generated The study s central argument is that given al Qaeda s unconventional strategy and the particularities of the world view characterising those drawn to the group America s counter terrorist signalling proved largely counter productive to America s objective of undermining al Qaeda s strategic narrative instead serving in many ways to validate it Firstly this book seeks to reveal the significant and largely unexplored role that signalling has played in US counter terrorist policy towards al Qaeda Second it tries to capture the objectives strategy tactics ideology and other defining features of the world view characterising those drawn to al Qaeda Third it strives to combine those two lines of inquiry by applying the al Qaeda world view to a critical analysis of the signals sent by US policies Finally the book aims to offer broad policy implications that demonstrate how an informed understanding of the world view of those drawn to al Qaeda can be employed to revise and refine American counter terrorist signalling This book will be of much interest to

students of US foreign policy and public diplomacy counter terrorism strategy and international security Joshua Alexander Geltzer has a PhD in War Studies from Kings College London and is currently a juris doctoral student at Yale Law School

The Enigmatic Realm of **Root Causes Of Terrorism Myths Reality And Ways Forward**: Unleashing the Language is Inner Magic
