Rooted in Faith Bernard Bangley, 2003 Rooted in Faith Daily Readings from the Early Protestant Church contains 365 daily devotional readings taken from the writings of early Protestant authors carefully selected and modernized by Bernard **The Night Offices** Phyllis Tickle, 2006-11-13 Phyllis Tickle's inspirational trilogy. The Divine Hours was the first major literary and liturgical reworking of the sixth century Benedictine Rule of fixed hour prayer an age old discipline of saying prayers at certain times of the day This highly regarded trilogy has become one of America's best loved and most frequently consulted manuals for observing this ancient form of Christian worship Now in The Night Offices Tickle offers the perfect complement to The Divine Hours bringing together prayers psalms hymn texts religious poetry and other readings not included in the original trilogy covering the offices for the hours from late evening Compline to early morning Prime Fans of the Divine Hours will recognize Tickle's simple elegant format her use of a modern calendar rather than a liturgical one and the single ribbon in the binding to track one s progress through the year As in the trilogy Tickle makes primary use of the Book of Common Prayer and the writings of the Church Fathers and she draws all the scriptural readings from the Revised Standard Version The book includes a set of Matins Lauds and Prime specific to each day of the week and varied only by month Thus the Monday reading for January would be used every Monday in January but Monday in February would have new offices for it The cumulative total being 84 Matins 84 Lauds and 84 Prime 252 offices fits neatly into a single nightstand edition a small compact book that can be comfortably held in the hand Easy to use poetically rich with a superb sampling of devotional works The Night Offices will be welcomed by a broad readership Christian and non Christian alike **Reformation Roots:** Barbara Brown Zikmund, John B. Payne, 1997-02-21 Reformation Roots Synagogue Libraries ,2003 studies the fifteenth and sixteenth centuries in European Christianity including theological and political undercurrents of the Reformation Edited by John B Payne Series editor Barbara Brown Zikmund **Sought through Prayer and Meditation** John Farrell, 2013-08-27 A thoughtful exploration of various spiritual disciplines offering guidance to those in recovery who wish to enrich their lives The Christian reformer; or, Unitarian magazine and review [ed. by R. Aspland]. Robert Lay Theology in the Reformation Paul A. Russell, 2002-06-20 This book examines the coming of the Aspland, 1857 Protestant Reformation from the viewpoint of eight common people who were sufficiently disturbed by the events of 1521 5 to write treatises letters dialogues and sermons which they published Their works are lively testimony to the interest of laypeople in the affairs of the church and their willingness to discuss often complex theological training These works are among the first documents of lay theology and piety but they are also propaganda disappointed with the Catholic clergy and with secular authorities the authors of these pamphlets were called to prophesy preach and convert their readers listeners lest Christ return soon to find his church unprepared They demanded a new apostolate for laypeople something the clergy had feared for centuries and something which civic authorities feared as a potential source of radical ideas The History

emerging as it moves toward more secular settings ways that profoundly affect millions of lives all over the world To understand these changes and their effects the essays in this volume explore the unaddressed complexities in the interrelations between Buddhist history and thought and the scientific study of meditation The contributors bring philosophical cultural historical and ethnographic perspectives to bear considering such issues as the philosophical presuppositions behind practice the secularization of meditation the values and goods assumed in clinical approaches and the sorts of subjects that take shape under the influence of these transformed and transformative practices all the more powerful for being so often formulated with the authority of scientific discourse The Roots of the Reformation G. R. Evans, 2012-08-02 G R Evans revisits the question of what happened at the Reformation She argues that the controversies that roiled the era are part of a much longer history of discussion and disputation By showing us just how old these debates really were Evans brings into high relief their unprecedented outcomes at the moment of the Reformation Reformation of Faith in the Context of Late Medieval Theology and Piety Berndt Hamm, 2004 This book is the first major collection of articles by Berndt Hamm in English translation The articles employ previously neglected sermons devotional and pastoral treatises to reassess the question of continuity and change between late medieval and Reformation theology and The Living Theological Heritage of the United Church of Christ: Reformation Roots ,1995 European Reformation Peter G. Wallace, 2019-09-28 In this established textbook Wallace provides a succinct overview of the European Reformation interweaving the influential events of the religious reformation with the transformations of political institutions socio economic structures gender relations and cultural values throughout Europe Examining the European Reformation as a long term process he reconnects the classic 16th century religious struggles with the political and religious pressures confronting late medieval Christianity and argues that the resolutions proposed by reformers such as Luther were not fully realised for most Christians until the early 18th century This new edition features a brand new chapter on the Reformation from a global perspective updated historiography a new chronology and updated material throughout including on the interrelationship between religion and politics after 1648 The Long European Reformation provides an even handed and detailed account of this complex topic providing a clear overview that is perfect for undergraduate and postgraduate students of history and religious studies New to this Edition New chapter on the Reformation in global perspective Incorporates new perspectives and current debates on Luther and the place of the Reformation within Western history including consideration of how people lived with their religious differences Expanded conclusion with references to the 500th The Catholic Reformation James E.
