Many people never bother to find out what God's plan for their lives is. Rather they blindly and hastily pursue their personal ambition. But the truth is that God will not support you in a mission He has not sent you. As a result many are building on a faulty foundation while others are busy erecting faulty foundations for their generations yet unborn. All these have consequences. Foreskin Dowry takes an incisive look at the effects of these actions on our foundation and teaches what we must do and the kind of prayers we must pray in order to overcome the ugly consequences.

Root and Ritual Becca Piastrelli, 2021-11-16 A beautifully illustrated guide for connecting with the earth, your ancestors and your communities as you come home to your whole self. Despite our best efforts, our modern world leaves so many of us feeling isolated, unworthy and alone. We're unrooted from the land, untethered from our lineages, disconnected from our communities and separated from our deepest sense of self. In *Root and Ritual*, Becca Piastrelli offers a pathway back to connection and wholeness through rituals, recipes and ancestral wisdom. Though we live in a radically different looking world, the needs of our bodies and spirits are the same as the ancestors we came from. Divided into four parts: Land, Lineage, Community and Self, this book takes you on a journey for engaging more deeply with your life. Part 1 introduces practices for reconnecting with the land, including seasonal recipes, crafting with plants and tending your home. In Part 2, you'll learn to reclaim the gifts of your lineage as you understand past harms and explore the traditional folklore, foods and arts of those who came before. Part 3 centers around community, helping you cultivate sisterhood and celebrate meaningful rites of passage. In Part 4, you'll return to yourself as you open your intuition, tune in to your body and awaken the wild woman within. A rich and dynamic treasure chest of timeless teachings, *Root and Ritual* is a beautiful guide for knowing who you are and that you belong here.

are present and active in our daily lives like the supreme being Olodumare and the divine orishas Authenticity sincerity discipline and respect are of utmost importance and spirits speak directly to us in their own metaphorical language While Yoruba spirituality goes back for thousands of years this ancestral religion is gaining new attention in the modern age The Yoruba creed has adapted and evolved for practitioners in the twenty first century and people across the world still follow this spiritual way of life Yoruba Spirituality for Beginners is a guide for the novice practitioner You ll find a new understanding of the meaning of life reality and where we all came from You ll be introduced to the ancient gods and learn about how they can affect your life and happiness Step by detailed step this book will show you how to worship these deities and call down their blessings In Yoruba Spirituality for Beginners you ll discover Why this ancient religion is still relevant in modern society The duality that is a prominent facet of reality The most powerful orishas and how to venerate them Energetic signatures within the spiritual path Tips to set up a daily practice involving rituals and offerings Birth death and the cyclical nature of life under the baobab tree The great sculptor who forged mankind from the clay of the earth Reflections on trust divination and forgiveness of yourself and others Ways to forge your personal path and maintain your practice and much more No matter what your background or where you live today you can practice the Yoruba religion and create a deep spiritual connection with Olodumare When you choose to take this path you allow yourself to be protected and guided by spirits and orishas After reading Yoruba Spirituality for Beginners you ll achieve new confidence in your understanding and practice and in your spiritual connection with Olodumare Take the leap into a powerful ancient doctrine Scroll up and choose Yoruba Spirituality for Beginners today [Naturocracy](#) Shaupaun Koumar,2023-01-16 The themes of Naturocracy could be interesting for a wider audience around the globe reading it requires no specialised academic background Not getting attached to anything or anyone is tremendously important in order to grasp the essence of the book Those who think rationally and who do not want their daily lives to be dictated by others may find it a valuable read This book is about religious brokers who deceive and control people in the name of God It raises many basic questions about the role of religious politicians who divide humankind in the name of religion to create disharmony among peaceful people in a society Religion is a completely personal affair Nobody needs any religious traders to know what is right and what is wrong Each human being can understand the language of nature independently without explanation from any spoken human languages I have striven to unearth what makes people religious Those who do not even understand what a tiny creature like the humble bee is how can they define its creator I have always wondered about this If the creator of this mysterious universe had given any holy book for mankind to follow then he would have clarified the existing fragmentary or contradictory statements in it But how can preachers clarify and even correct the words of the Almighty How did they know the mind of God when they did not know about themselves Can there be any greater sinners than those who lie and commit crimes under the religious umbrella Against the evils of society there should be a nature inspired political platform for my motherland where people of all colours

and creeds can live together in harmony without imposing their religious convictions on others Who is ruling a country is not so important for the ordinary people but how it is being ruled is of paramount importance The economic scale which measures the rich and poor countries of the world is inappropriate to measure the joy and sorrow of their people Common people all over the earth believe in living in true peace and happiness rather than with material comforts The more we interfere with nature the more we will suffer for it The root of this is the relentless desire for more pleasure and power We must respect and accept natural laws as we are not above the laws of nature In nature there is no such thing as rich or poor People in the financial economy are arbitrarily putting a monetary value on the natural economy which makes the natural economy unsustainable Once you have the picture in your mind s eye you will lucidly understand that the greatest damage being done to our planet today is being done by humans On no account must we work anymore against nature but together with it
