s a book for everyone who is captivated by Western traditions and contemporary life *Jack the Young Cowboy* George Bird Grinnell, 2015-01-05 Jack's cowboy life began just as a great change was sweeping over the cattle range. Cattle had first been brought into the country only a few years before old-fashioned long horns driven up over the trail from Texas. In those days the people in the West were not many. Towns were small farms almost unknown. Wagon roads few. Except about the pastures of the larger ranches there were no fences. Over most of the land the cowboy roamed alone. His seemed a life of romance. Free as the birds he wandered over the wide range going when and where he pleased. But this romance was only apparent. No man worked harder than he or for less reward. His toilsome days and short broken nights, his small pay and his poor food were recorded in the songs that he sang as he rode about the cattle. This was in the early days of the cattle industry. A little later on the plains came a change from pioneer conditions to those approaching luxury. The earlier cattlemen in the North, those who ranged their stock on the Platte and the various forks of the Loup River, made great profits. Yet as time went on they saw competition constantly growing sharper and ranges being overstocked. As the news of their profits drifted eastward many young men allured by the romance of the cowboy's life and ignorant of its actual conditions came into the cattle country. These believed that success with cattle was to be attained by riding about and watching the cattle increase and grow and shipping them to market when they had grown. They were glad to be interested in a business at once so agreeable and so profitable and many a one exchanged his money for a herd, a brand and some log buildings and rode over the range awaiting the advent of his riches. Many of the early cattlemen sold their herds to the newcomers who somewhat later discovered that with the cattle they had bought also much experience. These changes were in operation when Jack entered on his cowboy life.

The Mantle Ranch Queeda Mantle, 2005-06-30 Queeda Mantle was born on a March day in 1933. In anticipation of her birth her parents started by horseback out of the remote Yampa Canyon in Northwest Colorado. They were headed for Vernal, Utah, where the Mantles had friends with whom they could stay until the baby arrived. When they were 10 miles into the trip Mrs. Mantle realized that her baby was on the way. Having no choice they stopped at the ranch house of neighbors and the baby soon arrived. After a few days' rest the parents, now with a baby girl, returned to the ranch. Queeda's parents were devoted to education. They built a school house and hired a teacher so that Queeda and her brothers got their first years of school. All of the children continued their education at schools in Colorado and Utah, with Queeda graduating from the University of Colorado Boulder in 1954. In recent years Queeda reviewed her mother's extensive notes and photo collection. Using these she has given the reader a view of life in the Yampa Canyon, a life that was harsh yet pleasant, isolated yet with visits from friends and relatives and educational in the broadest sense.
