power by revolution Now Robert Service the eminent historian of Russia examines Nicholas s life and thought from the months before his momentous abdication to his death with his family in Ekaterinburg in July 1918 The story has been told many times but Service s deep understanding of the period and his forensic examination of previously untapped sources including the Tsar s diaries and recorded conversations as well as the testimonies of the official inquiry shed remarkable new light on his troubled reign also revealing the kind of Russia that Nicholas wanted to emerge from the Great War The Last of the Tsars is a masterful study of a man who was almost entirely out of his depth perhaps even willfully so It is also a compelling account of the social economic and political ferment in Russia that followed the February Revolution the Bolshevik seizure of power in October 1917 and the beginnings of Lenin s Soviet socialist republic **Russia Under the Last Tsar** Theofanis George Stavrou,1971 **Russia in the Age of Modernisation and Revolution 1881 - 1917** H. Rogger,2014-07-30 Hans Rogger s study of Russia under the last two Tsars takes as its starting point what the Russians themselves saw as the central issue confronting their nation the relationship between state and society and its effects on politics economics and class in these critical years The Mystical as Political Aristotle Papanikolaou,2012-10-30 Theosis or the principle of divine human communion sparks the theological imagination of Orthodox Christians and has been historically important to questions of political theology In The Mystical as Political Democracy and Non Radical Orthodoxy Aristotle Papanikolaou argues that a political theology grounded in the principle of divine human communion must be one that unequivocally endorses a political community that is democratic in a way that structures itself around the modern liberal principles of freedom of religion the protection of human rights and church state separation Papanikolaou hopes to forge a non radical Orthodox political theology that extends beyond a reflexive opposition to the West and a nostalgic return to a Byzantine like unified political religious culture His exploration is prompted by two trends the fall of communism in traditionally Orthodox countries has revealed an unpreparedness on the part of Orthodox Christianity to address the question of political theology in a way that is consistent with its core axiom of theosis and recent Christian political theology some of it evoking the notion of deification has been critical of liberal democracy implying a mutual incompatibility between a Christian worldview and that of modern liberal democracy The first comprehensive treatment from an Orthodox theological perspective of the issue of the compatibility between Orthodoxy and liberal democracy Papanikolaou s is an affirmation that Orthodox support for liberal forms of democracy is justified within the framework of Orthodox understandings of God and the human person His overtly theological approach shows that the basic principles of liberal democracy are not tied exclusively to the language and categories of Enlightenment philosophy and so are not inherently secular Reinterpreting Revolutionary Russia I. The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state
