## **Russian Dance Death:**

*Russian Dance of Death* Dirk Gora, 2022-03-28 A novel in the form of a diary by an eye witness concerning the tribulations of Dutch immigrants to Russia and the Ukraine during the Russian Revolution and the Civil War in Ukraine *Russian Dance of Death* Dietrich Neufeld, 1930 Diary of a teacher in Ukraine during the Russian revolution relating mainly the tribulations of the Dutch settlers **Death Representations in Literature** Adriana Teodorescu, 2015-01-12 If the academic field of death studies is a prosperous one there still seems to be a level of mistrust concerning the capacity of literature to provide socially relevant information about death and to help improve the anthropological understanding of how culture is shaped by the human condition of mortality Furthermore the relationship between literature and death tends to be trivialized in the sense that death representations are interpreted in an over aestheticized manner As such this approach has a propensity to consider death in literature to be significant only for literary studies and gives rise to certain persistent clichés such as the power of literature to annihilate death This volume overcomes such stereotypes and reveals the great potential of literary studies to provide fresh and accurate ways of interrogating death as a steady and unavoidable human reality and as an ever continuing socio cultural construction The volume brings together researchers from various countries the USA the UK France Poland New Zealand Canada India Germany Greece and Romania with different academic backgrounds in fields as diverse as literature art history social studies criminology musicology and cultural studies and provides answers to questions such as What are the features of death representations in certain literary genres Is it possible to speak of an homogeneous vision of death in the case of some literary movements How do writers perceive imagine and describe their death through their personal diaries or how do they metabolize the death of the significant others through their writings To what extent does the literary representation of death refer to the extra fictional socio historically constructed Death Is it moral to represent death in children's literature What are the differences and similarities between representing death in literature and death representations in other connected fields Are metaphors and literary representations of death forms of death denial or on the contrary a more insightful way of capturing the meaning of death The Dancer and the Devil John E. O'Neill, Sarah C. Wynne, 2022-04-26 Communism must kill what it cannot control So for a century it has killed artists writers musicians and even dancers It kills them secretly using bioweapons and poison to escape accountability Among its victims was Anna Pavlova history's greatest dancer who was said to have God given wings and feet that never touched the ground But she defied Stalin and for that she had to die Her sudden death in Paris in 1931 was a mystery until now The Dancer and the Devil traces Marxism's century long fascination with bioweapons from the Soviets leak of pneumonic plague in 1939 that nearly killed Stalin to leaks of anthrax at Kiev in 1972 and Yekaterinburg in 1979 from the leak of a flu in northeast China in 1977 that killed millions to the catastrophic COVID 19 leak from biolabs in Wuhan China Marxism's dark past must not be a parent to the world's dark future COMMUNIST CHINA PLAYED WITH FIRE AND THE WORLD IS BURNING Nearly ten

million people have died so far from the mysterious Covid 19 virus These dead follow a long line of thousands of other brave souls stretching back nearly a century who also suffered mysterious natural deaths including dancers writers saints and heroes These honored dead should not be forgotten by amnesiac government trying to avoid inconvenient truth The dead and those who remember and loved them deserve answers to two great questions How Why The Dancer and the Devil answers these questions It tracks a century of Soviet and then Chinese Communist poisons and bioweapons through their development and intentional use on talented artists and heroes like Anna Pavlova Maxim Gorky Raoul Wallenberg and Alexis Navalny It then tracks leaks of bioweapons beginning in Saratov Russia in 1939 and Soviet Yekaterinburg in 1979 through Chinese leaks concluding in the recent concealed leak of the manufactured bioweapon Covid 19 from the military lab in Wuhan China Stalin Putin and Xi perpetrators of these vast crimes against humanity itself should not be allowed to escape responsibility This book assembles the facts on these cowardly murderers calling them to account for their heartless crimes against man concluding in Covid 19      **Russian Dance of Death** Dederich Navall,1930      *The Life of Musorgsky* Caryl Emerson,1999-09-30 Modest Musorgsky is Russia s greatest musical dramatist When he died in 1881 in St Petersburg at the age of forty two in poverty and relative obscurity he was known for a single opera Boris Godunov and a handful of eccentric realistic songs set to prosaic Russian texts He had no institutional connections no degree no family of his own not even a permanent address Except for Franz Liszt no composer of stature knew of him outside Russia Through the loyal if controversial intervention of his friends his works survived in various editings into the early twentieth century when revivals and evolving musical tastes restored him to new life This account of his life first published in 1999 emphasizes the psychological and economic factors that contributed to the composer s remarkable rise and tragic premature end and is the first brief biography in English to make use of materials published in the new de Sovietized Russian academic climate

Reading Mennonite Writing Robert Zacharias,2022-05-12 Mennonite literature has long been viewed as an expression of community identity However scholars in Mennonite literary studies have urged a reconsideration of the field s past and a reconceptualization of its future This is exactly what Reading Mennonite Writing does Drawing on the transnational turn in literary studies Robert Zacharias positions Mennonite literature in North America as a mode of circulation and reading rather than an expression of a distinct community He tests this reframing with a series of methodological experiments that open new avenues of critical engagement with the field s unique configuration of faith based intercultural difference These include cross sectional readings in nonnarrative literary history archival readings of transatlantic life writing Canadian rewritings of Mexican film s deployment of Mennonite theology as fantasy an examination of the fetishistic structure of ethnicity as a thing that has enabled Mennonite identity to function in a post identity age and finally a tentative reinvestment in ideals of Mennonite community via the surprising routes of queerness and speculative fiction In so doing Zacharias reads Mennonite writing in North America as a useful case study in the shifting position of minor literatures in the wake of the transnational

turn Theoretically sophisticated this study of minor transnationalism will appeal to specialists in Mennonite literature and to scholars working in the broader field of transnational literary studies      **Makhno and Memory** Sean Patterson, 2020-04-09 Nestor Makhno has been called a revolutionary anarchist a peasant rebel the Ukrainian Robin Hood a mass murderer a pogromist and a devil These epithets had their origins in the Russian Civil War 1917 1921 where the military forces of the peasant anarchist Nestor Makhno and Mennonite colonists in southern Ukraine came into conflict In autumn 1919 Makhnovist troops and local peasant sympathizers murdered more than 800 Mennonites in a series of large scale massacres The history of that conflict has been fraught with folklore ideological battles and radically divergent cultural memories in which fact and fiction often seamlessly blend conjuring a multitude of Makhnos each one shouting its message over the other Drawing on theories of collective memory and narrative analysis Makhno and Memory brings a vast array of Makhnovist and Mennonite sources into dialogue including memoirs histories diaries newspapers and archival material A diversity of perspectives are brought into relief through the personal reminiscences of Makhno and his anarchist sympathizers alongside Mennonite pacifists and advocates for armed self defense Through a meticulous analysis of the Makhnovist Mennonite conflict and a micro study of the Eichenfeld massacre of November 1919 Sean Patterson attempts to make sense of the competing cultural memories and presents new ways of thinking about Makhno and his movement Makhno and Memory offers a convincing reframing of the Mennonite Makhno relationship that will force a scholarly reassessment of this period
