Paul Miliukov in Russian Politics

THOMAS RIHA

This study of Paul Miliukov, Dr. Riha has elected to focus only the major part of his political life, hoping to select the bulk of everything Miliukov's contribution as a historian. Paul Miliukov was born on January 24, 1874 and died suddenly in 1912. A member of the Russian Duma and leader of Russia's Social Constitutional Democratic party, he became Foreign Minister in the last government of Prince Lvov after the revolution of February 1917. His insistence on carrying out Russia's commitment to that allied cause in World War I made him extremely unpopular and in May of 1917 he resigned his post.

A Russian European; Paul Miliukov in Russian Politics Thomas Riha, 1969 *Russia and Eastern Europe, 1789-1985* Raymond Pearson, 1989 *Russia and the Idea of Europe* Iver B. Neumann, 2016-10-14 The end of the Soviet system and the transition to the market in Russia coupled with the inexorable rise of nationalism brought to the fore the centuries old debate about Russia's relationship with Europe In this revised and updated second edition of *Russia and the Idea of Europe* Iver Neumann discusses whether the tensions between self referencing nationalist views and Europe orientated liberal views can ever be resolved Drawing on a wide range of Russian sources this book retains the broad historical focus of the previous edition and picks up from where it left off in the early 1990s bringing the discussion fully up to date Discussing theoretical and political developments it relates the existing story of Russian identity formation to new foreign policy analysis and the developments in the study of nationalism The book also offers an additional focus on post Cold War developments In particular it examines the year 2000 when Putin succeeded Yeltsin as president and 2014 when Russian foreign policy turned from cooperation to confrontation Bringing to life the various debates surrounding this complicated relationship in an accessible and clear manner this book continues to be a unique and vital resource for both students and scholars of international relations *Russia in the Age of Modernisation and Revolution 1881 - 1917* H. Rogger, 2014-07-30 Hans Rogger's study of Russia under the last two Tsars takes as its starting point what the Russians themselves saw as the central issue confronting their nation the relationship between state and society and its effects on politics economics and class in these critical years **Longman Companion to Imperial Russia, 1689-1917** David Longley, 2014-07-30 This is the first book of its kind to draw together information on the major events in Russian history from 1695 to 1917 covering the eventful period from the accession of Peter the Great to the fall of Nicholas II Not only is a vast amount of material on key events and topics brought together but the book also contains fascinating background material to convey the reality of life in the period *Russian Revolution of 1917* Sean N. Kalic, Gates M. Brown, 2017-09-21 Combining reference entries and examination of primary documents from the Russian Revolution this book gives students a better understanding of how and why political forces fought to reshape the Russian empire 100 years ago and provides keen insights into the Soviet Union that resulted This invaluable reference guide provides an understanding of the social political and economic forces and events in Russia that led to the 1905 Russian Revolution in which leftists radicals disposed of the Czar and his regime It addresses key developments such as the formation of the provisional government the Bolshevik Revolution in October 1917 and the Russian Civil War connected evolutionary historical events that fundamentally reshaped Russia into the Soviet Union This book serves students and general readers seeking a single source that provides in depth coverage of the Russian Revolution and the Russian Civil War Beyond the reference entries the book contains primary documents that cover the key events people and issues that emerged during Russia's revolutions and Civil War These documents give readers a more detailed understanding

of how the Bolsheviks used calls for greater democracy to gain support for their revolution how the Bolsheviks used terror and control as means to maintain their power once the Bolshevik Revolution took place and why the Bolsheviks believed such extreme measures were needed Also included is a chronology of major events from 1890 through 1923 and a bibliography that serves as a starting point for more directed research

Germans as Minorities during the First World War Panikos Panayi, 2016-04-15 Offering a global comparative perspective on the relationship between German minorities and the majority populations amongst which they found themselves during the First World War this collection addresses how public opinion the press parliament and ordinary citizens reacted towards Germans in their midst The volume uses the experience of Germans to explore whether the War can be regarded as a turning point in the mistreatment of minorities one that would lead to worse manifestations of racism nationalism and xenophobia later in the twentieth century

The February Revolution, Petrograd, 1917 Tsuyoshi Hasegawa, 2017-10-02 The February Revolution Petrograd 1917 is the most comprehensive book on the epic uprising that toppled the tsarist monarchy and ushered in the next stage of the Russian Revolution Hasegawa presents in detail the intense drama of the nine days of the revolution including the workers strike soldiers revolt the scrambling of revolutionary party activists to control the revolution and the liberals conspiracy to force Tsar Nicholas II to abdicate Based on his previous work published in 1981 the author has revised enlarged and reinterpreted the complexity of the February Revolution resulting in a major and timely reassessment on the occasion of its centennial See inside the book

The Revolution of 1905 Abraham Ascher, 1988 The second of two volumes this is a comprehensive account of the Revolution of 1905 a decisive turning point in modern Russian history and its aftermath The book focuses on the years 1906 and 1907 and in particular on the struggle over the Duma the elected legislature that was the principal fruit of the events of 1905

Scripting Revolution Keith Michael Baker, Dan Edelstein, 2015-10-07 The Arab Spring was heralded and publicly embraced by foreign leaders of many countries that define themselves by their own historic revolutions The contributors to this volume examine the legitimacy of these comparisons by exploring whether or not all modern revolutions follow a pattern or script Traditionally historians have studied revolutions as distinct and separate events Drawing on close familiarity with many different cultures languages and historical transitions this anthology presents the first cohesive historical approach to the comparative study of revolutions This volume argues that the American and French Revolutions provided the genesis of the revolutionary script that was rewritten by Marx which was revised by Lenin and the Bolshevik Revolution which was revised again by Mao and the Chinese Communist Revolution Later revolutions in Cuba and Iran improvised further This script is once again on display in the capitals of the Middle East and North Africa and it will serve as the model for future revolutionary movements
