Gratchev, 2020-10-05 The Poetics of the Avant garde in Literature Arts and Philosophy presents a range of chapters written by a highly international group of scholars from disciplines such as literary studies arts theatre and philosophy to analyze the ambitions of avant garde artists Together these essays highlight the interdisciplinary scope of the historic avant garde and the interconnectedness of its artists Contributors analyze topics such as abstraction and estrangement across the arts the imaginary dialogue between Lev Yakubinsky and Mikhail Bakhtin the problem of the masculine ethos in the Russian avant garde the transformation of barefoot dancing Kazimir Malevich s avant garde poetic experimentations the ecological imagination of the Polish avant garde science fiction in the Russian avant garde cinema and the almost forgotten history of the avant garde children s literature in Germany The chapters in this collection open a new critical discourse about the avant garde movement in Europe and reshape contemporary understandings of it *Acrobatic*

Modernism from the Avant-Garde to Prehistory Jed Rasula, 2020-02-27 This is a book about artistic modernism contending with the historical transfigurations of modernity As a conscientious engagement with modernity s restructuring of the lifeworld the modernist avant garde raised the stakes of this engagement to programmatic explicitness But even beyond the vanguard the global phenomenon of jazz combined somatic assault with sensory tutelage Jazz like the new technologies of modernity re calibrated sensory ratios The criterion of the new as self making also extended to names pseudonyms and heteronyms The protocols of modernism solicited a pragmatic arousal of bodily sensation as artistic resource validating an

acrobatic sensibility ranging from slapstick and laughter to the pathos of bereavement Expressivity trumped representation The artwork was a diagram of perception not a mimetic rendering For artists the historical pressures of altered perception provoked new models and Ezra Pound's slogan Make It New became the generic rallying cry of renovation The paradigmatic stance of the avant garde was established by Futurism but the discovery of prehistoric art added another provocation to artists Paleolithic caves validated the spirit of all over composition unframed and dynamic Geometric abstraction Constructivism and Purism and Surrealism were all in quest of a new mythology Making it new yielded a new pathos in the sensation of radical discrepancy between futurist striving and remotest antiquity The Paleolithic cave and the USSR emitted comparable siren calls on behalf of the remote past and the desired future As such the present was suffused with the pathos of being neither but subject to both

Imagining America Alan M. Ball, 2004-09-09 In Imagining America historian Alan M Ball explores American influence in two newborn Russian states the young Soviet Union and the modern Russian Republic Ball deftly illustrates how in each era Russians have approached the United States with a conflicting mix of ideas as a land to admire from afar to shun at all costs to emulate as quickly as possible or to surpass on the way to a superior society Drawing on a wide variety of sources including contemporary journals newspapers films and popular songs Ball traces the shifting Russian perceptions of American cultural social and political life As he clearly demonstrates throughout their history Russian imaginations featured a United States that political figures and intellectuals might embrace exploit or attack but could not ignore

2015 Günter Berghaus, 2015-07-01 The special issue of International Yearbook of Futurism Studies for 2015 will investigate the role of Futurism in the oeuvre of a number of Women artists and writers These include a number of women actively supporting Futurism e.g. R ena Z tkov Edyth von Haynau Olga Rozanova Eva K hn others periodically involved with the movement e.g. Valentine de Saint Point Aleksandra Ekster Mary

Swanzy others again inspired only by certain aspects of the movement e g Natalia Goncharova Alice Bailly Giovanna Klien Several artists operated on the margins of a Futurist inspired aesthetics but they felt attracted to Futurism because of its support for women artists or because of its innovatory roles in the social and intellectual spheres Most of the artists covered in Volume 5 2015 are far from straightforward cases but exactly because of this they can offer genuinely new insights into a still largely under researched domain of twentieth century art and literature Guiding questions for these investigations are How did these women come into contact with Futurist ideas Was it first hand knowledge poems paintings manifestos etc or second hand knowledge usually newspaper reports or personal conversions with artists who had been in contact with Futurism How did the women respond to the positive or negative reports How did this show up in their uvre How did it influence their subsequent often non Futurist career

The Futurist Files Iva Glisic, 2018-10-26 Futurism was Russia s first avant garde movement Gatecrashing the Russian public sphere in the early twentieth century the movement called for the destruction of everything old so that the past could not hinder the creation of a new modern society Over the next two decades the protagonists of Russian Futurism pursued their goal of modernizing human experience through radical art The success of this mission has long been the subject of scholarly debate Critics have often characterized Russian Futurism as an expression of utopian daydreaming by young artists who were unrealistic in their visions of Soviet society and na ve in their comprehension of the Bolshevik political agenda By tracing the political and ideological evolution of Russian Futurism between 1905 and 1930 Iva Glisic challenges this view demonstrating that Futurism took a calculated and systematic approach to its contemporary socio political reality This approach ultimately allowed Russia s Futurists to devise a unique artistic practice that would later become an integral element of the distinctly Soviet cultural paradigm Drawing upon a unique combination of archival materials and employing a theoretical framework inspired by the works of philosophers such as Lewis Mumford Karl Mannheim Ernst Bloch Fred Polak and Slavoj i ek The Futurist Files presents Futurists not as blinded idealists but rather as active and judicious participants in the larger project of building a modern Soviet consciousness This fascinating study ultimately stands as a reminder that while radical ideas are often dismissed as utopian and impossible they did and can have a critical role in driving social change It will be of interest to art historians cultural historians and scholars and students of Russian history

The Sound of Poetry / The Poetry of Sound Marjorie Perloff, Craig Dworkin, 2009-10-15 Sound one of the central elements of poetry finds itself all but ignored in the current discourse on lyric forms The essays collected here by Marjorie Perloff and Craig Dworkin break that critical silence to readdress some of the fundamental connections between poetry and sound connections that go far beyond traditional metrical studies Ranging from medieval Latin lyrics to a cyborg opera sixteenth century France

to twentieth century Brazil romantic ballads to the contemporary avant garde the contributors to *The Sound of Poetry The Poetry of Sound* explore such subjects as the translatability of lyric sound the historical and cultural roles of rhyme the role of sound repetition in novelistic prose the connections between sound poetry and music between the visual and the auditory the role of the body in performance and the impact of recording technologies on the lyric voice Along the way the essays take on the ensemble discords of Maurice Scève's *Dile* Ezra Pound's use of Chinese whispers the alchemical theology of Hugo Ball's Dada performances Jean Cocteau's modernist radiophonics and an intercultural account of the poetry reading as a kind of dubbing A genuinely comparatist study *The Sound of Poetry The Poetry of Sound* is designed to challenge current preconceptions about what Susan Howe has called articulations of sound forms in time as they have transformed the expanded poetic field of the twenty first century

Malevich and Interwar Modernism Éva Forgács, 2022-01-13 This book examines the legacy of international interwar modernism as a case of cultural transfer through the travels of a central motif the square The square was the most emblematic and widely known form motif of the international avant garde in the interwar years It originated from the Russian artist Kazimir Malevich who painted *The Black Square on White Ground* in 1915 and was then picked up by another Russian artist El Lissitzky and the Dutch artist Theo van Doesburg It came to be understood as a symbol of a new internationalism and modernity and while Forgács uses it as part of her overall narrative she focuses on it and its journey across borders to follow its significance how it was used by the above key artists and how its meaning became modified in Western Europe It is unusual to discuss interwar modernism and its postwar survival but this book's chapters work together to argue that the interwar developments signified a turning point in twentieth century art that led to much creativity and innovation Forgács supports her theory with newly found and newly interpreted documents that prove how this exciting legacy was shaped by three major agents Malevich Lissitzsky and van Doesburg She offers a wider interpretation of modernism that examines its postwar significance reception and history up until the emergence of the New Left in 1956 and the seismic events of 1968

The Community in Avant-Garde Literature and Politics Zrinka Božić, 2022-09-30 This book rethinks the concept of community taking Jean Luc Nancy's influential essay *La communauté* as its starting point tracing subsequent scholarship on community and adding new insights on avant garde aesthetics and politics Extensively exploring the communitarian dimension of avant garde aesthetics and politics focusing on artistic groups intellectual circles and theoretical collectives the author aims to bring literature and art into a philosophical examination of the paradoxical and complex idea of community

Russian Archaism Irina Shevelenko, 2024-08-15 Russian Archaism considers the aesthetic quest of Russian modernism in relation to the nation building ideas that spread in the late imperial period Irina Shevelenko argues that the cultural milieu in Russia where the modernist movement began as an extension of Western trends at the end of the nineteenth century soon became captivated by nationalist indoctrination Members of artistic groups critics and theorists advanced new interpretations of the goals of aesthetic experimentation that

would allow them to embed the nation building agenda within the aesthetic one Shevelenko's book focuses on the period from the formation of the World of Art group 1898 through the Great War and encompasses visual arts literature music and performance As Shevelenko shows it was the rejection of the Russian westernized tradition informed by the revival of populist sensibilities across the educated class that played a formative role in the development of Russian modernist agendas particularly after the 1905 revolution Russian Archaism reveals the modernist artistic enterprise as a crucial source of insight into Russia's political and cultural transformation in the early twentieth century and beyond **The Total Art of Stalinism** Boris Groys, 2014-05-27 From the ruins of communism Boris Groys emerges to provoke our interest in the aesthetic goals pursued with such catastrophic consequences by its founders Interpreting totalitarian art and literature in the context of cultural history this brilliant essay likens totalitarian aims to the modernists goal of producing world transformative art In this new edition Groys revisits the debate that the book has stimulated since its first publication
