F. Price,2011-12-08 To many education students Russian and or Chinese education is at the same time their introduction to Marxism and many students go no further This book sets the record straight by giving a thorough introduction to the writings of Marx himself as they relate to education It shows what Marxism implies for education as aim method and content It then proceeds to compare educational developments in the former USSR and China in the light of this analysis attempting to answer the question as to how Marxist this has been in the schools and outside them

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. The Secret History is a masterful and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
