Russias Other Poets:

Russia's Other Poets ,1958 **Russia's Underground Poets** Keith Bosley,Dimitry Pospelovsky,Janis Sapiets,1969

Poets of Modern Russia Peter France,1982 A serious and detailed study of modern Russian poetry aimed at readers with little or no Russian *Russian Culture in the Age of Globalization* Vlad Strukov,Sarah Hudspith,2018-12-07 This book brings together scholars from across a variety of disciplines who use different methodologies to interrogate the changing nature of Russian culture in the twenty first century The book considers a wide range of cultural forms that have been instrumental in globalizing Russia These include literature art music film media the internet sport urban spaces and the Russian language The book pays special attention to the processes by which cultural producers negotiate between Russian government and global cultural capital It focuses on the issues of canon identity soft power and cultural exchange The book provides a conceptual framework for analyzing Russia as a transnational entity and its contemporary culture in the globalized world *Russian Poets and Poems* Nadine Jarintzov,1917 *Twentieth-Century Russian Poetry* Katharine Hodgson,Joanne Shelton,Alexandra Smith,2017-04-21 The canon of Russian poetry has been reshaped since the fall of the Soviet Union A multi authored study of changing cultural memory and identity this revisionary work charts Russia s shifting relationship to its own literature in the face of social upheaval Literary canon and national identity are inextricably tied together the composition of a canon being the attempt to single out those literary works that best express a nation s culture This process is of course fluid and subject to significant shifts particularly at times of epochal change This volume explores changes in the canon of twentieth century Russian poetry from the 1991 collapse of the Soviet Union to the end of Putin s second term as Russian President in 2008 In the wake of major institutional changes such as the abolition of state censorship and the introduction of a market economy the way was open for wholesale reinterpretation of twentieth century poets such as Iosif Brodskii Anna Akhmatova and Osip Mandel shtam their works and their lives In the last twenty years many critics have discussed the possibility of various coexisting canons rooted in official and non official literature and suggested replacing the term Soviet literature with a new definition Russian literature of the Soviet period Contributions to this volume explore the multiple factors involved in reshaping the canon understood as a body of literary texts given exemplary or representative status as classics Among factors which may influence the composition of the canon are educational institutions competing views of scholars and critics including figures outside Russia and the self canonising activity of poets themselves Canon revision further reflects contemporary concerns with the destabilising effects of emigration and the internet and the desire to reconnect with pre revolutionary cultural traditions through a narrative of the past which foregrounds continuity Despite persistent nostalgic yearnings in some quarters for a single canon the current situation is defiantly diverse balancing both the Soviet literary tradition and the parallel contemporaneous literary worlds of the emigration and the underground Required reading for students teachers and lovers of Russian literature *Twentieth Century Russian Poetry* brings our

creative experiments of post Soviet literary life The volume proceeds chronologically in five parts extending from Kievan Rus in the 11th century to the present day The coverage strikes a balance between extensive overview and in depth thematic focus Parts are organized thematically in chapters which a number of keywords that are important literary concepts that can serve as connecting motifs and case studies in depth discussions of writers institutions and texts that take the reader up close and personal Visual material also underscores the interrelation of the word and image at a number of points particularly significant in the medieval period and twentieth century The History addresses major continuities and discontinuities in the history of Russian literature across all periods and in particular brings out trans historical features that contribute to the notion of a national literature The volume s time range has the merit of identifying from the early modern period a vital set of national stereotypes and popular folklore about boundaries space Holy Russia and the charismatic king that offers culturally relevant material to later writers This volume delivers a fresh view on a series of key questions about Russia s literary history by providing new mappings of literary history and a narrative that pursues key concepts rather more than individual authorial careers This holistic narrative underscores the ways in which context and text are densely woven in Russian literature and demonstrates that the most exciting way to understand the canon and the development of tradition is through a discussion of the interrelation of major and minor figures historical events and literary politics literary theory and literary innovation

An Indwelling Voice Stuart Goldberg, 2023-10-02 How have poets in recent centuries been able to inscribe recognizable and relatively sincere voices despite the wearing of poetic language and reader awareness of sincerity s pitfalls How are readers able to recognize sincerity at all given the mutability of sincere voices and the unavailability of inner worlds What do disagreements about the sincerity of texts and authors tell us about competing conceptualizations of sincerity And how has sincere expression in one particular illustrative context Russian poetry both changed and remained constant An Indwelling Voice grapples uniquely with such questions In case studies ranging from the late neoclassical period to post postmodernism it explores how Russian poets have generated the pragmatic framings and poetic devices that allow them to inscribe sincere voices in their poetry Engaging Anglo American and European literature as well as providing close readings of Russian poetry An Indwelling Voice helps us understand how poets have at times generated a powerful sense of presence intimating that they speak through the poem

The Cambridge Companion to Modern Russian Culture

rich and complex portrait of a national literature in exile Glad's introduction situates the three distinct waves of westward emigration in their historical and political framework Organized by genre the book begins with discussions with the older generation of writers and then moves on to more recent arrivals the makers of fantasy and humor the aesthetes the moralists and the realists Each voice is compelling for its invaluable testimony some reveal startling insights into the persecution of dissidents under Soviet rule while others address the relationship between creativity writing and conditions of exile Taken together these interviews reveal the range of modern Russian writing and document the personalities and positions that have made Russian writers in emigration so diverse experimental and controversial The Writers Vasily Aksyonov Joseph Brodsky Igor Chinnov Natalya Goranevskaya Frifrikh Gorensetin Roman Goul Yury Ivask Boris Khazanov Edward Liminov Vladimir Makisimov Andrei Siniavsky and Maria Rozanova Sasha Sokolov Vladimir Voinovich Aleksandr Zinoviev Excerpt John Glad You're a Russian poet but an American essayist Does that bring on any measure of split personality Do you think you are becoming less and less Russian Joseph Brodsky recipient of 1987 Nobel Prize for Literature That's not for me to say As far as I'm concerned in my inner self inside it feels quite natural I think being a Russian poet and an American essayist is an ideal situation It's all a matter of whether you have a the heart and b the brains to be able to do both Sometimes I think I do Sometimes I think I don't Sometimes I think that one interferes with the other
