Sacred Pain Hurting The Body For The Sake Of The Soul

Laura Wittman

Sacred Pain Hurting The Body For The Sake Of The Soul:

Sacred Pain Ariel Glucklich, 2001 Why would anyone seek out the very experience the rest of us most wish to avoid Why would religious worshipers flog or crucify themselves sleep on spikes hang suspended by their flesh or walk for miles through scorching deserts with bare and bloodied feet In this insightful new book Ariel Glucklich argues that the experience of ritual pain far from being a form of a madness or superstition contains a hidden rationality and can bring about a profound transformation of the consciousness and identity of the spiritual seeker Steering a course between purely cultural and purely biological explanations Glucklich approaches sacred pain from the perspective of the practitioner to fully examine the psychological and spiritual effects of self hurting He discusses the scientific understanding of pain drawing on research in fields such as neuropsychology and neurology He also ranges over a broad spectrum of historical and cultural contexts showing the many ways mystics saints pilgrims mourners shamans Taoists Muslims Hindus Native Americans and indeed members of virtually every religion have used pain to achieve a greater identification with God He examines how pain has served as a punishment for sin a cure for disease a weapon against the body and its desires or a means by which the ego may be transcended and spiritual sickness healed When pain transgresses the limits the Muslim mystic Mizra Asadullah Ghalib is quoted as saying it becomes medicine Based on extensive research and written with both empathy and critical insight Sacred Pain explores the uncharted inner terrain of self hurting and reveals how meaningful suffering has been used to heal the human spirit

The Sense of Suffering: Constructions of Physical Pain in Early Modern Culture Jan Frans van Dijkhuizen, Karl A. E. Enenkel, 2009 The early modern period is a particularly fascinating chapter in the history of pain This volume investigates early modern constructions of physical pain from a variety of disciplines including religious legal and medical history literary criticism philosophy and art history

Beyond the Centaur Margaret R. Miles, 2014-07-17 Beyond the Centaur questions the accuracy and usefulness of the virtually unquestioned ancient consensus that persons are composed of unequally valued hierarchically stacked antagonistic components usually soul or mind and body Part I explores the gradual historical development of this notion of person Part II consists of a thought experiment examining an understanding of persons not as stacked components but as intelligent bodies one entity It explores how a new understanding of persons can affect in important and fruitful ways how we live how we move feel think believe and die

The Soul in Anguish Lionel Corbett, 2015-09-30 The Soul in Anguish Psychotherapeutic Approaches to Suffering presents a variety of approaches to psychotherapeutic work with suffering people from the perspectives of both Jungian and psychoanalytic psychology An important theme of the book is that suffering may be harmful or helpful to the development of the personality Our culture tends to assume that suffering is invariably negative or pointless but this is not necessarily so suffering may be destructive but it may lead to positive developments such as enhanced empathy for others wisdom or spiritual development The book offers professionals in any helping profession various frameworks within which to view

suffering so that the individual's suffering does not seem to be random or meaningless. Cognitive behavioral approaches, the approach of the Diagnostic and Statistical Manual of the American Psychiatric Association, and the promise of evidence-based strategies may or may not be applicable to the unique circumstances of the suffering individual. These approaches also ignore the unconscious sources of much suffering, its implications for the ongoing development of the personality, and the nuances of the therapeutic relationship. We cannot objectify or measure suffering; suffering is best viewed from within the individual's perspective because people with the same diagnosis suffer in unique ways.

The Soul in Anguish is a groundbreaking, meticulously researched study from an outstanding Jungian analyst and scholar. It provides illuminating ways into the transformative potential of suffering and how it can be dealt with in the consulting room. Charting the soul's agonies with great compassion and profound sensitivity, Dr. Corbett skillfully delineates clinical, philosophical, and spiritual concepts of suffering that testify to the endurance of the human spirit. This book is an enlightening read for anybody with a passionate concern for the human soul.

Ursula Wirtz, PhD, Jungian Analyst, Author of *Trauma and Beyond: The Mystery of Transformation*. With extraordinary candor, *The Soul in Anguish* brings its readers face to face with one of the most difficult topics in life: suffering. This remarkable exploration of the range of suffering, especially as encountered in psychotherapy, mines for meaning and finds both its positive and negative expressions. Transcending the categorical, pathological descriptions of the DSM, *The Soul in Anguish* reveals the archetypal nature of the experience of suffering. Dr. Lionel Corbett offers healing to mind, soul, and body in this uplifting engagement with what is usually either avoided in most treatments or only touched upon, i.e., anguish. This book reimagines our pain and anguish to bring about the possibility of a true psychological and soulful grasp of suffering. No therapist should miss the opportunities of Dr. Corbett's rich study.

Joe Cambray, PhD, Past President, IAAP. Author, *DR LIONEL CORBETT* trained in medicine and psychiatry in England and as a Jungian Analyst at the C. G. Jung Institute of Chicago. His primary interests are the religious function of the psyche, the development of psychotherapy as a spiritual practice, and the interface of Jungian psychology and contemporary psychoanalytic thought. Dr. Corbett is a professor of depth psychology at Pacifica Graduate Institute. He is the author of numerous papers and three books: *The Sacred Cauldron*, *Psychotherapy as a Spiritual Practice*, *Psyche and the Sacred*, and *The Religious Function of the Psyche*. He is the co-editor of *Jung and Aging*, *Depth Psychology*, *Meditations in the Field*, and *Psychology at the Threshold*.

Dimensions of Pain Lisa Folkmarson Käll, 2012-11-27. Pain research is still dominated by biomedical perspectives, and the need to articulate pain in ways other than those offered by evidence-based medical models is pressing. Examining closely subjective experiences of pain, this book explores the way in which pain is situated, communicated, and formed in a larger cultural and social context. *Dimensions of Pain* explores the lived experience of pain and questions of identity and pain from a range of different disciplinary perspectives within the humanities and social sciences. Discussing the acuity and temporality of pain, its isolating impact, the embodied expression of pain, pain and sexuality, gender, and ethnicity, it also includes a cluster of three chapters

discusses the phenomenon and experience of labour pains This volume revitalizes the study of pain offering productive ways of carefully thinking through its different aspects and exploring the positive and enriching side of world forming pain as well as its limiting aspects It will be of interest to academics and students interested in pain from a range of backgrounds including philosophy sociology nursing midwifery medicine and gender studies *Interpreting the Body* Anne Marie Champagne, Asia Friedman, 2023-07-28 Written by leading social scientists working in and across a variety of analytic traditions this ambitious insightful volume explores interpretation as a focal metaphor for understanding the body's influence meaning and matter in society Interpreting body and embodiment in social movements health and medicine race sex and gender globalization colonialism education and other contexts the book's chapters call into question taken for granted ideas of where the self the social world and the body begin and end Encouraging reflection and opening new perspectives on theories of the body that cut through the classic mind/body divide this is an important contribution to the literature on the body *Knowing Pain* Rob Boddice, 2023-05-09 Pain while known to almost everyone is not universal The evidence of our own pain and our own experience does not provide us with automatic insight into the pains of others past or present No matter how self-evident and ubiquitous the sting of a paper cut or the desolation of heartbreak might seem pain is situated and historically specific In a work that is sometimes personal always political Rob Boddice reveals a history of pain that juggles many disciplinary approaches and disparate languages to tackle the thorniest challenges in pain research He explores the shifting meaning-making processes that produce painful experiences expanding the world of pain to take seriously the relationship between pain's physicality and social and emotional suffering Ranging from antiquity to the present and taking in pain knowledge and pain experiences from around the world his tale encompasses not only injury but also grief exclusion chronic pain and trauma and reveals how knowledge claims about pain occupy what pain is like Innovative and compassionate in equal measure *Knowing Pain* puts forward an original pain agenda that is essential reading for those interested in the history of emotions senses and experience for medical researchers and practitioners and for anyone who has known pain **Pain and Injury in Sport** Sigmund Loland, Berit Skirstad, Ivan Waddington, 2006-04-07 For elite athletes pain and injury are normal In a challenge to the orthodox medical model this book makes it clear that pain and injury cannot be understood in terms of physiology alone and examines the influence of social and cultural processes on how athletes experience pain and injury It raises a series of key social and ethical questions about the culture of playing hurt the role of coaches and medical staff the deliberate infliction of pain in sport and the use of drugs This book begins by providing three different perspectives on the topic of pain and injury in sport and goes on to discuss pain injury and performance the deliberate infliction of pain and injury the management of pain and injury the meaning of pain and injury *Unsettling Jewish Knowledge* Anne C. Dailey, Martin Kavka, Lital Levy, 2023-09-08 Spanning the fields of literature history philosophy and theology *Unsettling Jewish Knowledge* adopts a fresh approach to the study of Jewish thought and culture By creatively

foregrounding the role of emotions senses and the imagination in Jewish experience the book invites readers to consider what it means for Jewish identity and experience to be constituted outside the frameworks of reasoned thought and inquiry The collection s eight essays offer innovative and provocative approaches to a diverse array of topics including modern Jewish Christian relations the book of Isaiah contemporary Jewish fiction and philosophical meditations on Jewish law Their bold interpretations of Jewish texts and histories are centered on questions of faith loss prejudice and enchantment and the darker implications of these questions The book s essays also illuminate the importance of desire as a key motivating force in the pursuit of knowledge Weaving together insights from several disciplines Unsettling Jewish Knowledge challenges us to grapple with the unexpected the unconventional and the uncomfortable aspects of Jewish experience and its representations Contributors Anne C Dailey John Efron Yael S Feldman Galit Hasan Rokem Martin Kavka Lital Levy Shaul Magid Eva Mroczek Paul E Nahme Eli Schonfeld Shira Stav

Lived Religion in the Ancient Mediterranean World Valentino Gasparini, Maik Patzelt, Rubina Raja, Anna-Katharina Rieger, Jörg Rüpke, Emiliano Urciuoli, 2020-04-06 The Lived Ancient Religion project has radically changed perspectives on ancient religions and their supposedly personal or public character This volume applies and further develops these methodological tools new perspectives and new questions The religious transformations of the Roman Imperial period appear in new light and more nuances by comparative confrontation and the integration of many disciplines The contributions are written by specialists from a variety of disciplinary contexts Jewish Studies Theology Classics Early Christian Studies dealing with the history of religion of the Mediterranean West Asian and European area from the late Hellenistic period to the early Middle Ages and shaped by their intensive exchange From the point of view of their respective fields of research the contributors engage with discourses on agency embodiment appropriation and experience They present innovative research in four fields also of theoretical debate which are Experiencing the Religious Switching the Code A Thing Called Body and Commemorating the Moment

The Routledge Handbook of Philosophy of Pain Jennifer Corns, 2017-07-14 The phenomenon of pain presents problems and puzzles for philosophers who want to understand its nature Though pain might seem simple there has been disagreement since Aristotle about whether pain is an emotion sensation perception or disturbed state of the body Despite advances in psychology neuroscience and medicine pain is still poorly understood and multiple theories of pain abound The Routledge Handbook of Philosophy of Pain is an outstanding reference source to the key topics problems and debates in this exciting and interdisciplinary subject and is the first collection of its kind Comprising over thirty chapters by a team of international contributors the Handbook is divided into nine clear parts Modeling pain in philosophy Modeling pain in neuroscience Modeling pain in psychology Pain in philosophy of mind Pain in epistemology Pain in philosophy of religion Pain in ethics Pain in medicine Pain in law As well as fundamental topics in the philosophy of pain such as the nature role and value of pain many other important topics are covered including the neurological pathways involved in pain processing biopsychosocial

and cognitive behavioural models of pain chronic pain pain and non human animals pain and knowledge controlled substances for pain pain and placebo effects and pain and physician assisted suicide The Routledge Handbook of Philosophy of Pain is essential reading for students and researchers in philosophy of mind philosophy of psychology and ethics It will also be very useful to researchers of pain from any field especially those in psychology medicine and health studies *Pain Narratives in Greco-Roman Writings* ,2023-07-03 Why is it so difficult to talk about pain As we do today the Greeks and Romans struggled to communicate their pain this required a rich and subtle vocabulary which had to be developed over time Pain Narratives traces the development of this language in literary philosophical and medical texts from across antiquity poets physicians and philosophers contributed to an ever growing lexicon to articulate their own and others feelings The essays within this volume uncover the expanding Greco Roman vocabulary of pain analyse the medical discussions on pain symptoms and explore the religious reinterpretations of pain concepts in late antiquity *Knowledge and Pain* ,2012-01-01 Pain studies both in exact sciences and in the humanities are a fast shifting field This volume condenses a spectrum of recent views of pain through the lens of humanistic studies Methodologically the volume is an interdisciplinary study of the questions pertaining to the accessibility of pain physical or emotional to understanding and of the possible influence of suffering on the enhancement of knowledge in private experience or public sphere Undeterred by the widespread belief that pain cannot be expressed in language and that it is intransmissible to others the authors of the essays in the collection show that the replicability of records and narratives of human experience provides a basis for the kind of empathetic attention dialogue and contact that can help us to register the pain of another and understand its conditions and contexts Needless to say the improvement of this understanding may also help map the ways for the ethics of response to and help for pain Whereas the authors of the volume tend to share the view of pain as a totally negative phenomenon the position taken in Elaine Scarry's *The Body in Pain* they hold this view applicable mainly to the attitudes to the pain of others and the imperative of minimise the causes of another's suffering They also consider this view to be culturally and temporally circumscribed The volume suggests that one's own personal experience of suffering along with the awareness of the seriality of such experience among fellow sufferers can be conducive to emotional and intellectual growth The reading of literature dealing with pain can lead to similar results through vicariously experienced suffering whose emotional corollaries and intellectual consequences may be conveyed through artistic rather than discursive means The distinctive features of the volume are that it processes these issues in a historicising way deploying the history of the ideas of pain from the Middle Ages to the present day and that it makes use of the methodology of different disciplines to do so arriving to similar conclusions through as it were different paths The disciplines include analytic philosophy historiography history of science oral history literary studies and political science **Suffering and the Christian Life** Rachel Davies,2019-12-26 This volume approaches questions concerning the status and meaning of suffering in Christian life and Christian theology through

the lens of a variety of theological disciplines biblical historical practical political and systematic theology Scholars from this range of fields concentrate on a number of questions Is love intrinsically linked with suffering Are suffering and loss on some level fundamentally good How is and how should suffering and diminishment be viewed in the Christian tradition Featuring leading voices that include Linn Tonstad Bernard McGinn Anna Rowlands John Swinton and Paul Murray this volume brings together essays touching on concrete issues such as cancer mental health and the experience of refugees and discusses broad themes including vulnerability kenosis and tragedy In correlating these themes with the examination of texts ranging from Paul s letters to works of the Cappadocians Thomas Aquinas John of the Cross and Mother Teresa Suffering and the Christian Life offers fresh and accessible academic approaches to a question of vital personal existential significance

Routledge Handbook of Body Studies Bryan Turner, 2012-07-24 In the last three decades the human body has gained increasing prominence in contemporary political debates and it has become a central topic of modern social sciences and humanities Modern technologies such as organ transplants stem cell research nanotechnology cosmetic surgery and cryonics have changed how we think about the body In this collection of thirty original essays by leading figures in the field these issues are explored across a number of theoretical and disciplinary perspectives including pragmatism feminism queer theory post modernism post humanism cultural sociology philosophy and anthropology A wide range of case studies which include cosmetics diet organ transplants racial bodies masculinity and sexuality eating disorders religion and the sacred body and disability are used to appraise these different perspectives In addition this Handbook explores various epistemological approaches to the basic question what is a body It also offers a strongly themed range of chapters on empirical topics that are organized around religion medicine gender technology and consumption It also contributes to the debate over the globalization of the body how have military technology modern medicine sport and consumption led to this contemporary obsession with matters corporeal The Handbook s clear direct style will appeal to a wide undergraduate audience in the social sciences particularly for those studying medical sociology gender studies sports studies disability studies social gerontology or the sociology of religion It will serve to consolidate the new field of body studies

Dharma of the Dead

Christopher M. Moreman, 2018-07-10 With the increased popularity of zombies in recent years scholars have considered why the undead have so captured the public imagination This book argues that the zombie can be viewed as an object of meditation on death a memento mori that makes the fact of mortality more approachable from what has been described as America s death denying culture The existential crisis in zombie apocalyptic fiction brings to the fore the problem of humanity s search for meaning in an increasingly global and secular world Zombies are analyzed in the context of Buddhist thought in contrast with social and religious critiques from other works

Incarnation, Pain, Theology Espen Dahl, 2024-06-15 How the phenomenology of pain allows us to rethink human
 incarnation While the phenomenological tradition has carefully treated both the objective and the lived body Espen Dahl
 explores a dimension of the body that does not fall neatly into either category suggesting that philosophers should take
 account of the inner density of our organic material body By integrating the dimension of flesh and blood into the
 phenomenological notion of the body Dahl argues that it is possible to reach a more adequate notion of human incarnation
 The author explores the body in its subjectivity and its resistance in activity founded on passivity and in the ambiguous limits
 of its skin The phenomenon of pain is given particular attention in this investigation since pain is as Dahl argues what makes
 the body inescapably manifest in its otherwise hidden dimensions including its ambiguity and vulnerability Related to this
 focus Dahl also engages with the Christian theological concerns of incarnation pain and hope Phenomenologists have long
 drawn on this religious inheritance particularly in what has been dubbed the French theological turn In a similar manner
 Incarnation Pain Theology A Phenomenology of the Body draws on these theological sources while firmly holding to its
 philosophical commitments in methodological approach and analytic aims **Rethinking Pain in Person-Centred Health**
Care Stephen Buetow, 2020-12-30 This book explores how person centred health care could be refined to help persons
 alleviate pain related distress and construct pain as a potentially positive experience Rethinking Pain in Person Centred
 Health Care is a fascinating contribution to the multidisciplinary literature on person centred health care pain and ethics
 Traditionally Western intellectual culture has downplayed the intuitive and emotional promoting instead rational natural
 scientific perspectives Applied to pain an instrumental approach promotes the immediate and effective relief of pain due to
 the widespread suffering and expense it can cause However different persons experience pain in different ways and Buetow
 moves beyond a commitment to eliminate pain to exploring how benefits of pain could include creating and managing
 meaning from pain Rather than always looking to put pain behind them persons may flourish by moving around pain through
 pain into pain and above pain Buetow argues that this model depends on adopting a person centred approach to health care
 focusing less on the condition of pain and more on mobilizing the persons who present with and manage pain This book will
 be of interest to professionals and academics researchers in the fields of psychology and psychiatry who have a special

interest in people with persistent pain conditions It will also be an invaluable resource for physiotherapists chronic pain consultants in secondary care and GPs

The Top Books of the Year Sacred Pain Hurting The Body For The Sake Of The Soul The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.

Sacred Pain Hurting The Body For The Sake Of The Soul Introduction

In the digital age, access to information has become easier than ever before. The ability to download Sacred Pain Hurting The Body For The Sake Of The Soul has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Sacred Pain Hurting The Body For The Sake Of The Soul has opened up a world of possibilities. Downloading Sacred Pain Hurting The Body For The Sake Of The Soul provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky

folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Sacred Pain Hurting The Body For The Sake Of The Soul has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Sacred Pain Hurting The Body For The Sake Of The Soul. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Sacred Pain Hurting The Body For The Sake Of The Soul. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Sacred Pain Hurting The Body For The Sake Of The Soul, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Sacred Pain Hurting The Body For The Sake Of The Soul has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Sacred Pain Hurting The Body For The Sake Of The Soul Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read

eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Sacred Pain Hurting The Body For The Sake Of The Soul is one of the best book in our library for free trial. We provide copy of Sacred Pain Hurting The Body For The Sake Of The Soul in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Sacred Pain Hurting The Body For The Sake Of The Soul. Where to download Sacred Pain Hurting The Body For The Sake Of The Soul online for free? Are you looking for Sacred Pain Hurting The Body For The Sake Of The Soul PDF? This is definitely going to save you time and cash in something you should think about.
