Flower Lore and Legend Katharine M Beals, 2019-01-12 This fine work is a compilation of flower related lore that spans from antiquity to then modern times and dozens of cultures and species The symbolism of some flowers in spiritual and religious paths is well noted but here it is illustrated further by both poetry and prose Fairly deep in its content *Flower Lore and Legend* is helpful in that it additionally provides a fairly detailed series of references to each species especially the rose lily sunflower and clover in their use in legend and recorded accepted history alike Highly useful to the occultist the botany buff and the historian alike [Flower Lore and Legend](#) Katharine McMillan Beals, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1917 edition Excerpt to his sister that he turned his burning gaze full upon the intruder Rodanthe endeavored to leave the pedestal to escape his scorching rays but her feet were held fast and her body and limbs turned into branches covered with leaves In place of the Queen of Corinth there stood a rose tree full of beautiful yellow flowers Tho changed into a flower her pomp remains And lovely still and still a queen she reigns The throng who were about the temple were turned into thorns to guard her beauty and the too ardent lovers were transformed into a worm a drone and a butterfly There is a Roumanian tradition of a fair princess who went to the sea to bathe The sun was so dazzled by her beauty that he stood still for three days Of course that interrupted the progress of night and so upset things generally that Jupiter changed the princess into a rose tree Whether this was before after or in the time of Joshua does not appear In the garden was a lily and each aspired to be queen there The rose supported her title by the poets The height and dignity of

the lily gave her an imperial appearance Their respective rights were so warmly debated that Flora the goddess finally interfered as arbitrator Cowper gives her decision in these words Yours she said the noblest hue And yours the statelier mien And till a third surpasses you Let each be deem d a queen Sir John Maundeville in his wonderful travels tells of a maiden of Bethlehem who was accused of a crime and condemned to be burned As the flames were kindled she prayed to the Lord that as she was not guilty He would cause her innocence to be known to all men When the fires reached her they were immediately quenched and the fagots that were burning became red

One Hundred and One Legends of Flowers Elizabeth Todd Nash,1927 **Plant Lore, Legends, and Lyrics** Richard Folkard,1884 **The Illustrated Flora Symbolica**

Austin P. Torney,2013 6x9 edition Fully color illustrated poetic stanzas of the myths legends and facts of the flowers An epic **Plant Lore, Legends, and Lyrics Embracing the Myths, Traditions, Superstitions, and Folk-Lore of the Plant Kingdom** Richard Folkard,2020-09-28 THE analogy existing between the vegetable and animal worlds and the resemblances between human and tree life have been observed by man from the most remote periods of which we have any records Primitive man watching the marvellous changes in trees and plants which accurately marked not only the seasons of the year but even the periods of time in a day could not fail to be struck with a feeling of awe at the mysterious invisible power which silently guided such wondrous and incomprehensible operations Hence it is not astonishing that the early

inhabitants of the earth should have invested with supernatural attributes the tree which in the gloom and chill of Winter stood gaunt bare and sterile but in the early Spring hastened to greet the welcome warmth giving Sun by investing itself with a brilliant canopy of verdure and in the scorching heat of Summer afforded a refreshing shade beneath its leafy boughs So we find these men of old who had learnt to reverence the mysteries of vegetation forming conceptions of vast cosmogonic world or cloud trees overshadowing the universe mystically typifying creation and regeneration and yielding the divine ambrosia or food of immortality the refreshing and life inspiring rain and the mystic fruit which imparted knowledge and wisdom to those who partook of it So again we find these nebulous overspreading world trees connected with the mysteries of death and giving shelter to the souls of the departed in the solemn shade of their dense foliage Looking upon vegetation as symbolical of life and generation man in course of time connected the origin of his species with these shadowy cloud trees and hence arose the belief that humankind first sprang from Ash and Oak trees or derived their being from Holda the cloud goddess who combined in her person the form of a lovely woman and the trunk of a mighty tree In after years trees were almost universally regarded either as sentient beings or as constituting the abiding places of spirits whose existence was bound up in the lives of the trees they inhabited Hence arose the conceptions of Hamadryads Dryads Sylvens Tree nymphs Elves Fairies and other beneficent spirits who peopled forests and dwelt in individual trees not only in the Old World but in the dense woods of North America where the Mik amwes like Puck has from time immemorial frolicked by moonlight in the forest openings Hence also sprang up the morbid notion of trees being haunted by demons mischievous imps ghosts nats and evil spirits whom it was deemed by the ignorant and superstitious necessary to propitiate by sacrifices offerings and mysterious rites and dances Remnants of this superstitious tree worship are still extant in some European countries The Irminsul of the Germans and the Central Oak of the Druids were of the same family as the Asherah of the Semitic nations In England this primeval superstition has its descendants in the village maypole bedizened with ribbons and flowers and the Jack in the Green with its attendant devotees and whirling dancers The modern Christmas tree too although but slightly known in Germany at the beginning of the present century is evidently a remnant of the pagan tree worship and it is somewhat remarkable that a similar tree is common among the Burmese who call it the Padaytha bin This Turanian Christmas tree is made by the inhabitants of towns who deck its Bamboo twigs with all sorts of presents and pile its roots with blankets cloth earthenware and other useful articles
