Lore Of The Witch World:

Lore of the Witch World Andre Norton, 2014-07-01 Few authors have achieved such renown as World Fantasy Life Achievement honoree and Science Fiction Writers of America Grand Master Andre Norton. With the love of readers and the praise of critics, Norton's books have sold millions of copies worldwide. The Witch World, far away in space and time, the Witch World has become the legendary home of all who dream and wonder of unknown worlds. Lore of the Witch World brings together in one volume all the novelettes and tales of the Witch World, including the never previously published novelette *Changeling*.

Lore of the Witch World Andre Norton, 1980 Stories explore the shadowy realm of Witch World, a magical land where alien powers, ancient warfare, and bizarre incidents promote continuous adventures.

The World of Lore: Wicked Mortals Aaron Mahnke, 2018-05-29 A chilling, lavishly illustrated who's who of the most despicable people ever to walk the earth, featuring stories from the Lore podcast, now a streaming television series, including *Black Stockings*, *Half Hanged*, and *The Castle*, as well as rare material. Some monsters are figments of our imagination; others are as real as flesh and blood humans who may look like us, who may walk among us, often unnoticed, occasionally even admired, but whose evil deeds and secret lives, once revealed, mark them as something utterly wicked. In this illustrated volume from the host of the hit podcast Lore, you'll find tales of infamous characters whose veins ran with ice water and whose crimes remind us that truth can be more terrifying than fiction. Aaron Mahnke introduces us to William Brodie, a renowned Scottish cabinetmaker who used his professional expertise to prey on the citizens of Edinburgh and whose rampant criminality, behind a veneer of social respectability, inspired Robert Louis Stevenson's classic novella *Strange Case of Dr Jekyll and Mr Hyde*. Then there's H. H. Holmes, a relentless and elusive con artist who became best known as the terror of Chicago's 1893 World's Fair when unwitting guests were welcomed into his hotel of horrors, never to be seen again. And no rogues gallery could leave out Bela Kiss, the Hungarian tinsmith with a taste for the occult and a collection of gasoline drums with women's bodies inside. Brimming with accounts of history's most heinous real-life fiends, this riveting best-of-the-worst roundup will haunt your thoughts, chill your bones, and leave you wondering if there are mortal monsters lurking even closer than you think. The World of Lore series includes *MONSTROUS CREATURES*, *WICKED MORTALS*, *DREADFUL PLACES*.

The Sword Is Drawn Andre Norton, 2014-07-01 Young Lorens van Norreys must save his family legacy from Nazi invasion in this thrilling series opener from the New York Times bestselling author. The House of Norreys, those merchants of gems for over three hundred years, faces its greatest crisis ever: the Nazi occupation of the Netherlands. The old Jonkheer lay dying in his bed when he called his grandson to be with him in the last hours of his life, and at this time young Lorens van Norreys is entrusted with the future of Norreys. That future lies in the legendary Flower of Orange, a priceless baroque necklace that the Nazi scavengers burn to possess. It is up to Lorens to save the necklace and the House of Norreys. With the first encounter with the Nazi invaders, Lorens faces his challenge as *The Sword Is Drawn*.

The A to Z of Fantasy Literature Brian

Stableford, 2009-08-13 Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites
