Lorenzo Ghiberti 2 Volumes:

Lorenzo Ghiberti Richard Krautheimer, 2019-08-06 Volume 2 of 2 Lorenzo Ghiberti sculptor and towering figure of the Renaissance was the creator of the celebrated Bronze Doors of the Baptistery at Florence a work that occupied him for twenty years and became known at Michelangelo's suggestion according to tradition as the Doors of Paradise Here Richard Krautheimer takes what Charles S Seymour Jr describes as a fascinating journey into the mind career and inventiveness of one of the indisputably outstanding sculptors of all the Western tradition This one volume edition includes an extensive new preface and bibliography by the author Richard Krautheimer Professor Emeritus of the Institute of Fine Arts at New York University currently lives in Rome He is the author of numerous works including the Pelican Early Christian and Byzantine Architecture and Rome Profile of a City 312 1308 Princeton Princeton Monographs in Art and Archaeology 31 Originally published in 1983 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Giotto the Painter. Volume 2: Works** Michael Viktor

Schwarz, 2023-04-17 The paintings examined and contextualised in this volume are those secured for Giotto through early written sources These sources also help to reconstruct the sequence of his works and artistic inventions as is plausible in the context of media culture in the decades around and after 1300 while Giotto was spiritually and intellectually formed in the sphere of the Florentine Dominicans his artistic path began in Rome in the shadow of the Curia The breakthrough to his own artistic concept came immediately before and during his work in Padua In addition to prominent churchmen ecclesiastical institutions and the King of Naples his clients were predominantly members of Italy's urban and financial elites The adoption and further development of his inventions by other especially Sienese painters pressured him in his later years to try new approaches again *Lorenzo Ghiberti's Gates of Paradise* Amy R. Bloch, 2016-02-09 This book examines the heretofore unsuspected complexity of Lorenzo Ghiberti's sculpted representations of Old Testament narratives in his Gates of Paradise

1425 52 the second set of doors he made for the Florence Baptistery and a masterpiece of Italian Renaissance sculpture One of the most intellectually engaged and well read artists of his age Ghiberti found inspiration in ancient and medieval texts many of which he and his contacts in Florence's humanist community shared read and discussed He was fascinated by the science of vision by the functioning of nature and above all by the origins and history of art These unusually well defined intellectual interests reflected in his famous Commentaries shaped his approach in the Gates Through the selection imaginative interpretation and arrangement of biblical episodes Ghiberti fashioned multi textured narratives that explore the human condition and express his ideas on a range of social political artistic and philosophical issues *Giotto the Painter.*

Volume 1-3 Michael Viktor Schwarz, 2023-04-17 Vol 1 *Life* Giotto 1334 is the first European artist about whom it is possible to write following the schema of life and work The situation of the sources however is complicated On Giotto s life there are on the one hand biographical accounts from the mid fourteenth century onwards that responded to various ideological requirements patriotism humanism Renaissance ideology cult of the artist on the other there is extensive documentary material from Giotto s lifetime which seems to reflect less the biography of an artist than that of a bourgeois businessman resolutely climbing the social ladder The present volume focuses on this second aspect of the Giotto figure s double life relating it to the form of existence of the pre modern artist Vol 2 *Works* The paintings examined and contextualised in this volume are those secured for Giotto through early written sources These sources also help to reconstruct the sequence of his works and artistic inventions as is plausible in the context of media culture in the decades around and after 1300 while Giotto was spiritually and intellectually formed in the sphere of the Florentine Dominicans his artistic path began in Rome in the shadow of the Curia The breakthrough to his own artistic concept came immediately before and during his work in Padua In addition to prominent churchmen ecclesiastical institutions and the King of Naples his clients were predominantly members of Italy s urban and financial elites The adoption and further development of his inventions by other especially Sienese painters pressured him in his later years to try new approaches again Vol 3 *Survival* Giotto is considered by many to be the founder of modern painting This thesis is discussed and modified in the present volume on an empirical basis What emerges is that Giotto s impact cannot be reduced simply to the introduction of the study of nature Rather his art was involved in the development of pictorial idioms that were attuned to the skills and interests of their audiences The new approaches in his painting contributed in particular to the possibility of examining and communicating psychological narrative and allegorical content of great complexity outside the media of language and text which not only changed the face of European art but certainly contributed to the intellectual opening of Western societies

Giotto the Painter. Volume 1: Life Michael Viktor Schwarz, Pia Theis, 2023-04-17 Giotto 1334 is the first European artist about whom it is possible to write following the schema of life and work The situation of the sources however is complicated On Giotto s life there are on the one hand biographical accounts from the mid fourteenth century onwards that responded to various ideological requirements patriotism humanism Renaissance ideology cult of the artist on the other there is extensive documentary material from Giotto s lifetime which seems to reflect less the biography of an artist than that of a bourgeois businessman resolutely climbing the social ladder The present volume focuses on this second aspect of the Giotto figure s double life relating it to the form of existence of the pre modern artist

Lorenzo Ghiberti Richard Krautheimer, 2019-08-06 Volume 1 of 2 Lorenzo Ghiberti sculptor and towering figure of the Renaissance was the creator of the celebrated Bronze Doors of the Baptistery at Florence a work that occupied him for twenty years and became known at Michelangelo s suggestion according to tradition as the Doors of Paradise Here Richard Krautheimer takes what Charles S Seymour Jr describes as a fascinating journey into the mind career and

inventiveness of one of the indisputably outstanding sculptors of all the Western tradition This one volume edition includes an extensive new preface and bibliography by the author Richard Krautheimer Professor Emeritus of the Institute of Fine Arts at New York University currently lives in Rome He is the author of numerous works including the Pelican Early Christian and Byzantine Architecture and Rome Profile of a City 312 1308 Princeton Princeton Monographs in Art and Archaeology 31 Originally published in 1983 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

From Village Boy to Global Citizen (Volume 2): The Travels of a Journalist Shelton A. Gunaratne, 2012 The author describes and dramatizes the most memorable places visited often with accompanied family members since leaving the country of his birth in 1966 Author notes After my retirement in 2007 I found the time to compile this travelogue using the notes in my diaries and updating the

material through online research with particular help from the constantly revised Wikipedia entries In this process I learned to make each travel essay an evergreen that would not perish soon after its publication as in the case of newspaper travel pieces Travel has shaped my personality Global travel to get to know culturally diverse people was one of my childhood ambitions Moreover travel is an essential aspect of a journalists life Therefore my travels constitute a very important part of my autobiography I included detail in the hope that the reader would keep this volume for long term reference My explorations of U S national parks and my camping expeditions should be of particular interest to family oriented travelers

Problems of Empiricism: Volume 2 Paul Feyerabend, 1985-06-30 Volume 1 presents papers on the interpretation of scientific theories together with papers applying the views developed to particular problems in philosophy and physics The essays in volume 2 examine the origin and history of an abstract rationalism as well as its consequences for the philosophy of science and methods of scientific research
