Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world An Atomic Love Story Shirley Streshinsky, Patricia Klaus, 2013-10-23 A gripping narrative of the love and betrayal of J Robert Oppenheimer told through the lives of three unique women Set against a dramatic backdrop of war spies and nuclear bombs An Atomic Love Story unveils a vivid new view of a tumultuous era and one of its most important figures In the early decades of the 20th century three highly ambitious women found their way to the West Coast where each was destined to collide with

the young Oppenheimer the enigmatic physicist whose work in creating the atomic bomb would forever impact modern history His first and most intense love was for Jean Tatlock though he married the tempestuous Kitty Harrison both were members of the Communist Party and was rumored to have had a scandalous affair with the brilliant Ruth Sherman Tolman ten years his senior and the wife of another celebrated physicist Although each were connected through their relationship to Oppenheimer their experiences reflect important changes in the lives of American women in the 20th century the conflict between career and marriage the need for a woman to define herself independently experimentation with sexuality and the growth of career opportunities Beautifully written and superbly researched through a rich collection of firsthand accounts this intimate portrait shares the tragedies betrayals and romances of an alluring man and three bold women revealing how they pushed to the very forefront of social and cultural changes in a fascinating volatile era

New Mexico Historical Review Lansing Bartlett Bloom, Paul A. F. Walter, 1988

A Land Apart Flannery Burke, 2017-05-02 Winner Spur Award for Best Contemporary Nonfiction Western Writers of America A Land Apart is not just a cultural history of the modern Southwest it is a complete rethinking and recentering of the key players and primary events marking the Southwest in the twentieth century Historian Flannery Burke emphasizes how indigenous Hispanic and other non white people negotiated their rightful place in the Southwest Readers visit the region's top tourist attractions and find out how they got there listen to the debates of Native people as they sought to establish independence for themselves in the modern United States and ponder the significance of the U S Mexico border in a place that used to be Mexico Burke emphasizes policy over politicians communities over individuals and stories over simple narratives Burke argues that the Southwest's reputation as a region on the margins of the nation has caused many of its problems in the twentieth century She proposes that as they consider the future Americans should view New Mexico and Arizona as close neighbors rather than distant siblings pay attention to the region's history as Mexican and indigenous space bear witness to the area's inequalities and listen to the Southwest's stories Burke explains that two core parts of southwestern history are the development of the nuclear bomb and subsequent uranium mining and she maintains that these are not merely a critical facet in the history of World War II and the militarization of the American West but central to an understanding of the region's energy future its environmental health and southwesterners conception of home Burke masterfully crafts an engaging and accessible history that will interest historians and lay readers alike It is for anyone interested in using the past to understand the present and the future of not only the region but the nation as a whole
