The Los Angeles Times California Cookbook Betsy Balsley, 1981 Modern California Cooking Los Angeles Times (Firm), 2000 *The Food Section* Kimberly Wilmot Voss, 2014-04-24 Food blogs are everywhere today but for generations information and opinions about food were found in the food sections of newspapers in communities large and small Until the early 1970s these sections were housed in the women's pages of newspapers where women could hold an authoritative voice The food editors often a mix of trained journalist and home economist reported on everything from nutrition news to features on the new chef in town They wrote recipes and solicited ideas from readers The sections reflected the trends of the time and the cooks of the community The editors were local celebrities judging cooking contests and getting calls at home about how to prepare a Thanksgiving turkey They were consumer advocates and reporters for food safety and nutrition They helped make James Beard and Julia Child household names as the editors wrote about their television appearances and reviewed their cookbooks These food editors laid the foundation for the food community that Nora Ephron described in her classic 1968 essay *The Food Establishment* and eventually led to the food communities of today Included in the chapters are profiles of such food editors as Jane Nickerson Jeanne Voltz and Ruth Ellen Church who were unheralded pioneers in the field as well as Cecily Brownstone Poppy Cannon and Clementine Paddleford who are well known today an analysis of their work demonstrates changes in the country's culinary history The book concludes with a look at how the women's pages folded at the same time that home economics saw its field transformed and with thoughts about the foundation that these women laid for the food journalism of today New California Cuisine Rose Dosti, 1986 Encarnación's Kitchen Encarnación Pinedo, 2005-10-24 It's a rare cookbook that is as pleasurable to think about as it is to cook from But that's what Dan Strehl has accomplished with his elegant translation of Encarnación's Kitchen a book that provides a fascinating look at the life and cooking of the wealthy Californios in the final days of the rich Rancho culture of California Russ Parsons author of *How to Read a French Fry* At long last It is with enormous pleasure that I greet Dan Strehl's authoritative English translation Encarnación's Kitchen I should like to have had the original Spanish edition as well but I dream Karen Hess author of *The Carolina Rice Kitchen* Encarnación's Kitchen is far more than a historical curiosity or a mere kitchen fragment that sketches silhouettes of ingredients and techniques The recipes of Encarnación Pinedo's kitchen brought alive and set in context by Dan Strehl and Victor Valle's lucid introduction offer rich examples of how California's Mexican culinary culture developed as it bumped into and cross pollinated with young multifarious America These dishes lay bare the often overlooked reality that food can be more than a reflection of culture Food as Encarnación understood can be a seductively delicious catalyst for social understanding change even rebellious protest Rick Bayless author of *Mexico One Plate at a Time* The Los Angeles Times Guide to Dining Out in L.A.
