Marshall B. Tynm,1981 Mazes of the Serpent Roger B. Salomon,2018-07-05 In a compact readable and accessible book Roger B Salomon explores the nature of horror in literature and in life Rather than minimizing horror by narrowly associating it with psychological drives persecution or extremism he approaches horror through the medium of narrative as a significant and enduring physical and metaphysical reality Salomon focuses on fictions of horror including eighteenth century Gothic and nineteenth century ghost stories He does not however isolate literary examples from more general human issues including religious belief Mazes of the Serpent takes up examples of horror from historical and personal narratives including

battle memoirs and Holocaust testimonies as Salomon identifies certain common themes and qualities that cross the boundary between fiction and actual human experience **Finding Lost Souls** Gina Pagan,2011-02-01 Finding Lost Souls will hold your interest from cover to cover These ghost stories have a charming simplicity to them while exploring occult facets of the human soul It will surely make you think that ghosts might truly exist You will want to read more from Gina Pagan in the future Easy to read yet thought provoking You will want to read these stories over and over again

Discovering Modern Horror Fiction II Darrell Schweitzer,1988-12-01 *Fantasy Review* ,1984 Journeys into Darkness James Goho,2014-03-06 The tradition of supernatural horror fiction runs deep in Anglo American literature From the Gothic novels of the eighteenth century to such contemporary authors as Stephen King and Anne Rice writers have employed horror fiction to unearth many disquieting truths about the human condition ranging from mistreatment of women and minorities to the ever present dangers of modern city life In Journeys into Darkness Critical Essays on Gothic Horror James Goho analyzes many significant writers and trends in American and British horror fiction Beginning with Charles Brockden Brown s disturbing novels of terror and madness Goho proceeds to discuss the influence of Edgar Allan Poe s The Fall of the House of Usher on H P Lovecraft who is treated in several penetrating essays Lovecraft was a uniquely philosophical writer and Goho approaches his work through the lens of existentialist philosopher S ren Kierkegaard while also probing Lovecraft s racism as exhibited in several tales about Native Americans Goho also discusses the Welsh writer Arthur Machen s tortured tales of suffering and evil and Algernon Blackwood s numerous stories set in the wilds of the Canadian backwoods The book concludes with a centuries spanning essay on the witchcraft theme in the American Gothic tradition and a comprehensive essay on Fritz Leiber s invention of the urban Gothic In this wide ranging study James Goho examines the varied ways in which supernatural fiction can address the deepest moral social and political concerns of the human experience Journeys into Darkness will be of interest to readers and scholars of horror fiction and to students of literary history and culture in general The Encyclopedia of Fantasy John Clute,John Grant,1999-03-15 Like its companion

volume The Encyclopedia of Science Fiction this massive reference of 4 000 entries covers all aspects of fantasy from literature to art **The Shape of Fear** Susan Jennifer Navarette,2021-05-11 During the last decades of the nineteenth century Charles Darwin Thomas Henry Huxley Walter Pater and others changed the nature of thought concerning the human body and the physical environment that had shaped it In response the 1890s saw the publication of a series of remarkable literary works that had their genesis in the intense scientific and aesthetic activity of those preceding decades texts that emphasized themes of degeneration and were themselves stylistically decompositive with language both a surrogate for physical deformity and a source of anxiety Susan J Navarette examines the ways in which scientific and cultural concerns of late nineteenth century England are coded in the horror literature of the period By contextualizing the structural stylistic and thematic systems developed by writers seeking to reenact textually the entropic forces they perceived in the natural world

Navarette reconstructs the late Victorian mentalit She analyzes aesthetic responses to trends in contemporary science and explores horror writers use of scientific methodologies to support their perception that a long awaited period of cultural decline had begun In her analysis of the classics Turn of the Screw and Heart of Darkness Navarette shows how James and Conrad made artistic use of earlier scientific readings of the body She also considers works by lesser known authors Walter de la Mare Vernon Lee and Arthur Machen who produced fin de si cle stories that took the form of hybrid literary monstrosities To underscore the fascination with bodily decay and deformation that these writers explored The Shape of Fear is enhanced with prints and line drawings by Victor Hugo James Ensor and other artists of the day This elegantly written book formulates a new canon of late Victorian fiction that will intrigue scholars of literature and cultural history
